[1] This compendium has been prepared by the Staff Regulations Unit of the Commission. Any comments on this publication may be sent by e-mail to ADMIN-QUICK-WAY@cec.eu.int.

[2] These Staff Regulations and conditions of employment replaced the Staff Regulations of officials and the conditions of employment of other servants of the European Economic Community and the European Atomic Energy Community laid down by Council Regulations No 31 (EEC) and No 11 (EAEC) of 18.12.1961 (OJ 45, 14.6.1962 - Special Edition 1959-62, November 1972) and the Staff Regulations of officials and the conditions of employment of other servants of the European Coal and Steel Community.

[3] A compendium of legal instruments does not have legislative status unless it has been produced by the enacting institution. As the consolidated texts of the Council Regulations in this compendium have been produced by the Commission services, in the case of litigation reference must be made to the relevant Council Regulation(s) as originally published in the Official Journal and not to this compendium.

That said, the compendium has been prepared with the utmost care and it is hoped that it will be a valuable source of information and a useful work tool.

For the purposes of these Staff Regulations, "official of the Communities" means any person who has been appointed, as provided for in these Staff Regulations, to an established post on the staff of one of the institutions of the Communities by an instrument issued by the Appointing Authority of that institution.

2. This definition in paragraph 1 shall also apply to persons appointed by Community bodies to whom these Staff Regulations apply under the Community acts establishing them (hereinafter "agencies"). Any references to institutions in these Staff Regulations shall apply to agencies, save as otherwise provided in these Staff Regulations.

Article 1b (96)

Save as otherwise provided in these Staff Regulations,

- (a) the European Economic and Social Committee,
- (b) the Committee of the Regions,
- (c) the European Ombudsman and
- (d) the European Data Protection Supervisor

shall, for the purposes of these Staff Regulations, be treated as institutions of the Communities.

Article 1c (96)

Any reference in these Staff Regulations to a person of the male sex shall be deemed also to constitute a reference to a person of the female sex, and vice-versa, unless the context clearly indicates otherwise.

Article 1d (77) (96)

1. In the application of these Staff Regulations, any discrimination based on any ground such as sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age, or sexual orientation shall be prohibited.

For the purposes of these Staff Regulations, non-marital partnerships shall be treated as marriage provided that all the conditions listed in Article 1(2)(c) of Annex VII are fulfilled.

2. With a view to ensuring full equality in practice between men and women in working life, which shall be an essential element to be considered in the implementation of all aspects of these Staff Regulations, the principle of equal treatment shall not prevent the institutions of the European Communities from maintaining or adopting measures providing for specific advantages in order to make it easier for the underrepresented sex to pursue a vocational activity or to prevent or compensate for disadvantages in professional careers.

3. The institutions shall determine, by agreement, after consulting the Staff Regulations Committee, measures and actions to promote equal opportunities for men and women in the areas covered by these Staff Regulations, and shall adopt the appropriate provisions notably to redress such de facto inequalities as hamper opportunities for women in these areas.

4. For the purposes of paragraph 1, a person has a disability if he has a physical or mental impairment that is, or is likely to be, permanent. The impairment shall be determined according to the procedure set out in Article 33.

A person with a disability meets the conditions laid down in Article 28(e) if he can perform the essential functions of the job when reasonable accommodation is made.

"Reasonable accommodation", in relation to the essential functions of the job, shall mean appropriate measures, where needed, to enable a person with a disability to have access to, participate in, or advance in employment, or to undergo training, unless such measures would impose a disproportionate burden on the employer.

STAFF REGULATIONS

5. Where persons covered by these Staff Regulations, who consider themselves wronged because the principle of equal treatment as set out above has not been applied to them, establish facts from which it may be presumed that there has been direct or indirect discrimination, the onus shall be on the institution to prove that there has been no breach of the principle of equal treatment. This provision shall not apply in disciplinary proceedings.

6. While respecting the principle of non-discrimination and the principle of proportionality, any limitation of their application must be justified on objective and reasonable grounds and must be aimed at legitimate objectives in the general interest in the framework of staff policy. Such objectives may in particular justify stipulating a mandatory retirement age and a minimum age for drawing a retirement pension.

Article 1e (96)

1. Officials in active employment shall have access to measures of a social nature adopted by the institutions and to services provided by the social welfare bodies referred to in Article 9. Former officials may have access to limited specific measures of a social nature.

2. Officials in active employment shall be accorded working conditions complying with appropriate health and safety standards at least equivalent to the minimum requirements applicable under measures adopted in these areas pursuant to the Treaties.

3. Measures of a social nature adopted in accordance with this Article shall be implemented by each institution in close co-operation with the Staff Committee, on the basis of multi-annual proposed actions. These proposed actions shall be transmitted each year to the budgetary authority in the framework of the budget procedure.

Article 2 (69) (73) (96)

1. Each institution shall determine who within it shall exercise the powers conferred by these Staff Regulations on the appointing authority.

2. However, one or more institutions may entrust to any one of them or to an inter-institutional body the exercise of some or all of the powers conferred on the Appointing Authority, other than decisions relating to appointments, promotions or transfers of officials.

Article 3

The instrument appointing an official shall state the date on which the appointment takes effect; this date shall not be prior to the date on which the official takes up his duties.

Article 4 (96)

No appointment or promotion shall be made for any purpose other than that of filling a vacant post as provided for in these Staff Regulations.

Vacant posts in an institution shall be notified to the staff of that institution once the appointing authority decides that the vacancy is to be filled.

If the vacancy cannot be filled by transfer, appointment to a post in accordance with Article 45a or promotion, it shall be notified to the staff of the other institutions, and/or an internal competition shall be organised.

Article 5 (8) (96)

1. The posts covered by the Staff Regulations shall be classified, according to the nature and importance of the duties to which they relate, in an administrators' function group (hereinafter "AD") and an assistants' function group (hereinafter "AST").

2. Function group AD shall comprise twelve grades, corresponding to administrative, advisory, linguistic and scientific duties. Function group AST shall comprise eleven grades, corresponding to executive, technical and clerical duties.

3. Appointment shall require at least

(a) in function group AST:

(i) a level of post-secondary education attested by a diploma, or

STAFF REGULATIONS

-
- (ii) a level of secondary education attested by a diploma giving access to post-secondary education, and appropriate professional experience of at least three years, or
 - (iii) where justified in the interests of the service, professional training or professional experience of an equivalent level.
- (b) in function group AD for grades 5 and 6:
- (i) a level of education which corresponds to completed university studies of at least three years attested by a diploma, or
 - (ii) where justified in the interest of the service, professional training of an equivalent level.
- (c) in function group AD for grades 7 to 16:
- (i) a level of education which corresponds to completed university studies attested by a diploma when the normal period of university education is four years or more, or
 - (ii) a level of education which corresponds to completed university studies attested by a diploma and appropriate professional experience of at least one year when the normal period of university education is at least three years, or
 - (iii) where justified in the interests of the service, professional training of an equivalent level.
4. A table showing types of posts is given in Annex I, point A. By reference to this table, each institution shall define the duties and powers attaching to each type of post after consulting the Staff Regulations Committee.
5. Identical conditions of recruitment and service career shall apply to all officials belonging to the same function group.

Article 6 (96)

1. The establishment plan appended to the section of the budget related to each institution shall indicate the number of posts in each grade and function group.
2. To ensure equivalence of the average career in the career structure before 1 May 2004 (hereinafter “old career structure”) and as from 1 May 2004 (hereinafter “new career structure”) and without prejudice to the principle of promotion based on merit as laid down in Article 45 of the Staff Regulations, this plan shall ensure that for each institution, the number of vacant positions at every grade of the establishment plan on 1 January of each year corresponds to the number of officials in the lower grade in active employment on 1 January of the preceding year, multiplied by the rates laid down in Annex I, point B, for that grade. These rates shall be applied on a five-year average basis as from 1 May 2004.
3. The Commission shall, on the basis of the methodology defined in paragraph 5, submit a report to the budgetary authority each year on the evolution of average careers in the two function groups in all institutions, which shall state whether the principle of equivalence has been respected and, if not, to what extent it has been breached. If it has not been respected, the budgetary authority may take such corrective safeguard measures as are appropriate to re-establish equivalence.
4. To ensure that this system remains consistent with the establishment plan, consistent with the equivalence between the old and the new career structure and consistent with budgetary discipline, the rates laid down in Annex I, point B, shall be reviewed at the end of a five-year period starting on 1 May 2004 on the basis of a report submitted by the Commission to the Council, and a proposal by the Commission.

The Council shall decide in accordance with Article 283 of the EC Treaty.

5. Equivalence shall be assessed as a result of promotion and seniority over a given reference period on the assumption that staff numbers remain unchanged between the average career before 1 May 2004 and the average career of officials recruited thereafter.

Article 7 (8) (96)

1. The Appointing Authority shall, acting solely in the interest of the service and without regard to nationality, assign each official by appointment or transfer to a post in his function group which corresponds to his grade.

An official may apply for a transfer within his institution.

2. An official may be called upon to occupy temporarily a post in a grade in his function group which is higher than his substantive grade. From the beginning of the fourth month of such temporary posting, he shall receive a differential allowance equal to the difference between the remuneration carried by his substantive grade and step, and the remuneration he would receive in respect of the step at which he would be classified if he were appointed to the grade of his temporary posting.

The duration of a temporary posting shall not exceed one year, except where, directly or indirectly, the posting is to replace an official who is seconded to another post in the interests of the service, called up for military service or absent on protracted sick leave.

Article 8

An official seconded to another institution of the European Communities may, after a period of six months, apply to be transferred to that institution.

If the parent institution of the official and the institution to which he has been seconded both consent to the transfer, the official shall be deemed to have served his entire service career in the Community in the latter institution. He shall not receive by virtue of such transfer any of the financial benefits which an official is entitled to receive under these Staff Regulations on termination of service with one of the institutions of the Communities.

If the decision granting the application involves establishment in a grade higher than that occupied in the parent institution, this shall count as promotion; such decision may be taken only in accordance with the terms of Article 45.

Article 9 (69) (96)

1. There shall be set up:

(a) within each institution:

- a Staff Committee, which may be organised in sections for the different places of employment;
- one or more Joint Committees, as appropriate for the number of officials at the places of employment;
- one or more Disciplinary Boards, as appropriate for the number of officials at the places of employment;
- one or more Joint Advisory Committees on professional incompetence, as appropriate for the number of officials at the places of employment;
- a Reports Committee, if required

(b) for the Communities:

- an Invalidity Committee,

which shall perform the functions assigned to them by these Staff Regulations.

1a. For the application of certain provisions of these Staff Regulations, a common Joint Committee may be established for two or more institutions.

2. The composition and procedure of the bodies shall be determined by each institution in accordance with the provisions of Annex II.

The staff of the institution shall be notified of the list of members of these bodies.

3. The Staff Committee shall represent the interests of the staff vis-à-vis their institution and maintain continuous contact between the institution and the staff. It shall contribute to the smooth running of the service by providing a channel for the expression of opinion by the staff.

It shall bring to the notice of the competent bodies of the institution any difficulty having general implications concerning the interpretation and application of these Staff Regulations. It may be consulted on any difficulty of this kind.

The Committee shall submit to the competent bodies of the institution suggestions concerning the organisation and operation of the service and proposals for the improvement of staff working conditions or general living conditions.

STAFF REGULATIONS

The Committee shall participate in the management and supervision of social welfare bodies set up by the institution in the interests of its staff. It may, with the consent of the institution, set up such welfare services.

4. In addition to the functions assigned to them by these Staff Regulations, the Joint Committee or Committees may be consulted by the appointing authority or by the Staff Committee on questions of a general nature which either of the latter thinks fit to submit.

5. The opinion of the Reports Committee shall be sought:

- (a) on action following completion of probationary service; and
- (b) on the selection of staff to be affected by any reduction in the establishment.

It may be instructed by the Appointing Authority to ensure that the periodic reports on staff members are made in a uniform manner within the institution.

6. The opinion of the Joint Advisory Committee on professional incompetence shall be sought for the application of Article 51.

Article 10 (96)

A Staff Regulations Committee shall be set up consisting of representatives of the institutions of the Communities and an equal number of representatives of their Staff Committees. The procedure for appointing members of the Staff Regulations Committee shall be decided by common accord of the institutions. The agencies shall be jointly represented in accordance with rules to be fixed by agreement between them and the Commission.

The Committee shall be consulted by the Commission on all proposals to revise the Staff Regulations; it shall deliver its opinion within the time set by the Commission. In addition to the functions conferred upon the Committee by these Staff Regulations, it may put forward suggestions for revising the Staff Regulations. The Committee shall meet at the request of its Chairman, of an institution or of the staff committee of an institution.

Minutes of the meetings of the Committee shall be communicated to the appropriate bodies.

Article 10a (8)

The institution shall prescribe the periods within which the Staff Committee, the Joint Committee or the Staff Regulations Committee must deliver opinions requested of them; these periods shall not be less than 15 working days. If no opinion has been delivered within the period prescribed the institution shall take its decision.

Article 10b (96)

The trade unions and staff associations referred to in Article 24b shall act in the general interest of the staff, without prejudice to the statutory powers of the Staff Committees.

The Commission proposals referred to in Article 10 may be the subject of consultations by representative trade unions and staff associations.

Article 10c (96)

Each institution may conclude agreements concerning its staff with its representative trade unions and staff associations. Such agreements may not entail amendment of the Staff Regulations or any budgetary commitments, nor may they affect the working of the institution concerned. The representative trade unions and staff associations which are signatories shall operate in each institution subject to the statutory powers of the staff committee.

Title II: Rights and obligations of officials

Article 11 (96)

An official shall carry out his duties and conduct himself solely with the interests of the Communities in mind; he shall neither seek nor take instructions from any government, authority, organisation or person outside his institution. He shall carry out the duties assigned to him objectively, impartially and in keeping with his duty of loyalty to the Communities.

STAFF REGULATIONS

An official shall not without the permission of the appointing authority accept from any government or from any other source outside the institution to which he belongs any honour, decoration, favour, gift or payment of any kind whatever, except for services rendered either before his appointment or during special leave for military or other national service and in respect of such service.

Article 11a (96)

1. Subject to Article 15, an official wishing to engage in an outside activity, whether paid or unpaid, or to carry out any assignment outside the Communities, shall first obtain the permission of the Appointing Authority. 2. An official shall notify the Appointing Authority of any changes in a permitted outside activity or assignment, which occur after the official has sought the permission of the Appointing Authority under paragraph 1. Permission may be withdrawn if the activity or assignment no longer meets the conditions referred to in the last sentence of paragraph 1.

Should the nature of the employment prove to be incompatible with that of the official and if the official is unable to give an undertaking that it will cease within a specified period, the appointing authority shall, after consulting the Joint Committee, decide whether the official shall continue in his post or be transferred to another post.

Article 16 (96)

An official shall, after leaving the service, continue to be bound by the duty to behave with integrity and discretion as regards the acceptance of certain appointments or benefits.

Officials intending to engage in an occupational activity, whether gainful or not, within two years of leaving the service shall inform their institution thereof. If that activity is related to the work carried out by the official during the last three years of service and could lead to a conflict with the legitimate interests of the institution, the Appointing Authority may, having regard to the interests of the service, either forbid him from undertaking it or give its approval subject to any conditions it thinks fit. The institution shall, after consulting the Joint Committee, notify its decision within 30 working days of being so informed. If no such notification has been made by the end of that period, this shall be deemed to constitute implicit acceptance.

Article 17 (96)

If the latter confirms the orders in writing, the official shall carry them out unless they are manifestly illegal or constitute a breach of the relevant safety standards.

2. If the immediate superior considers that the orders must be executed promptly, the official shall carry them out unless they are manifestly illegal or constitute a breach of the relevant safety standards. When privileges and immunities are in dispute, the official concerned shall immediately inform the appointing authority.

The laissez-passer provided for in the Protocol on Privileges and Immunities shall be issued to officials in grades AD 12 to AD 16 and equivalent grades. Where the interests of the service so require, this laissez-passer may be issued, by special decision of the appointing authority, to officials in other grades whose place of employment lies outside the territory of the Member States.

Article 24 (8) (96)

The Communities shall assist any official, in particular in proceedings against any person perpetrating threats, insulting or defamatory acts or utterances, or any attack to person or property to which he or a member of his family is subjected by reason of his position or duties.

The communication of any document to an official shall be evidenced by his signing it or, failing that, shall be effected by registered letter to the last address communicated by the official.

An official's personal file shall contain no reference to his political, trade union, philosophical or religious activities and views, or to his racial or ethnic origin or sexual orientation.

The precedent paragraph shall not however prohibit the insertion in the file of administrative acts and documents known to the official which are necessary for the application of these Staff Regulations.

There shall be only one personal file for each official.

An official shall have the right, even after leaving the service, to acquaint himself with all the documents in his file and to take copies of them.

The procedure may likewise be followed for the purpose of constituting a reserve for future recruitment.

2. A procedure other than the competition procedure may be adopted by the Appointing Authority for the recruitment of senior officials (Directors-General or their equivalent in grade AD 16 or AD 15 and Directors or their equivalent in grade AD 15 or AD 14) and, in exceptional cases, also for recruitment to posts which require special qualifications.

3. The institutions may organise internal competitions for each function group on the basis of qualifications and tests for the institution concerned which shall be at grade AST 6-level or higher and at grade AD 9-level or higher.

These competitions will be open only to members of the temporary staff of that institution engaged in accordance with Article 2(c) of the Conditions of Employment of other Servants of the European Communities. The institutions shall require as minimum qualifications for these competitions at least ten years of service as a temporary servant and having been recruited as a temporary servant on the basis of a selection procedure which

STAFF REGULATIONS

ensured the application of the same standards as for the selection of officials in conformity with Article 12(4) of the Conditions of Employment of other servants. By derogation from paragraph (1)(a) of this Article, the Appointing Authority of the institution that engaged the temporary servant shall, before filling a vacant post in that institution, consider transfers of officials within the institution in parallel with successful candidates from these internal competitions.

4. Once every five years the European Parliament shall organise an internal competition on the basis of qualifications and tests for each function group which shall be at grade AST 6-level or higher and at grade AD 9-level or higher, in accordance with the conditions set out in the second subparagraph of paragraph 3.

Article 30

For each competition, a selection board shall be appointed by the appointing authority. This board shall draw up a list of suitable candidates.

The appointing authority shall decide which of these candidates to appoint to the vacant posts.

Article 31 (96)

1. Candidates selected shall be appointed to the grade of the function group set out in the notice of the competition they have passed.

2. Without prejudice to Article 29(2), officials shall be recruited only at grades AST 1 to AST 4 or AD 5 to AD 8. The grade of the competition notice shall be determined by the institution in accordance with the following criteria:

- (a) the objective of recruiting officials of the highest standard as defined in Article 27;
- (b) the quality of the professional experience required.

To address specific needs of the institutions, labour market conditions prevailing in the Community may also be taken into account when recruiting officials.

3. Notwithstanding paragraph (2), the institution may, where appropriate, authorise the organisation of a competition at grade AD 9, AD 10, AD 11 or, on an exceptional basis, at grade AD 12. The total number of candidates appointed to vacant posts at these grades shall not exceed 20% of the total number of appointments to the function group AD made per year in accordance with the second paragraph of Article 30.

Article 32 (8) (69) (96)

An official shall be recruited at the first step in his grade.

The Appointing Authority may allow additional seniority up to a maximum of 24 months to take account of his professional experience. General implementing provisions shall be adopted to give effect to this Article.

Members of the temporary staff graded in accordance with the grading criteria adopted by the institution shall retain the seniority in the step acquired in that capacity if they are appointed officials in the same grade immediately following the period of temporary service.

Article 33 (24)

Before appointment, a successful candidate shall be medically examined by one of the institution's medical officers in order that the institution may be satisfied that he fulfils the requirements of Article 28(e).

Where a negative medical opinion is given as a result of the medical examination provided for in the first paragraph, the candidate may, within 20 days of being notified of this opinion by the institution, request that his case be submitted for the opinion of a medical committee composed of three doctors chosen by the appointing authority from among the institution's medical officers. The medical officer responsible for the initial negative opinion shall be heard by the medical committee. The candidate may refer the opinion of a doctor of his choice to the medical committee. Where the opinion of the medical committee confirms the conclusions of the medical examination provided for in the first paragraph, the candidate shall pay 50% of the fees and of the incidental costs.

STAFF REGULATIONS

Article 34 (8) (24) (69) (96)

1. Officials shall serve a nine-month probationary period before they can be established.

Where, during his probationary period, an official is prevented, by sickness, maternity leave under Article 58, or accident, from performing his duties for a continuous period of at least one month, the appointing authority may extend his probationary period by the corresponding length of time.

2. A report on the probationer may be made at any time during the probationary period if his work is proving obviously inadequate.

This report shall be communicated to the person concerned, who shall have the right to submit his comments in writing within a period of eight days. The report and the comments shall be transmitted immediately by the probationer's immediate superior to the appointing authority, which shall, within a period of three weeks, obtain the opinion of the Joint Reports Committee on the action to be taken. The appointing authority may decide to dismiss the probationer before the end of the probationary period, giving him one month's notice; the period of service may not, however, exceed the normal probationary period.

However, the appointing authority may, in exceptional circumstances, authorise continuation of the probationary period and assign the official to another department. In this case the new assignment must be for at least six months; it shall be subject to the limits set out in paragraph 4.

3. One month at the latest before the expiry of the probationary period, a report shall be made on the ability of the probationer to perform the duties pertaining to his post and also on his efficiency and conduct in the service. This report shall be communicated to the probationer, who shall have the right to submit his comments in writing within a period of eight days.

Should it recommend dismissal or, in exceptional circumstances, extension of the probationary period, the report and the comments shall be transmitted immediately by the probationer's immediate superior to the appointing authority, which shall, within a period of three weeks, consult the Joint Reports Committee on the action to be taken.

A probationer whose work has not proved adequate for establishment in his post shall be dismissed. However, the appointing authority may, in exceptional circumstances, extend the probationary period for a maximum of six months, and possibly assign the probationer to another department.

4. The total length of the probationary period shall in no circumstances exceed 15 months.

5. Except where he is in a position forthwith to resume employment elsewhere, a dismissed probationer shall receive compensation equal to three months' basic salary if he has completed more than one year's service, two months' basic salary if he has completed at least six months' service and one month's basic salary if he has completed less than six months' service.

6. Paragraphs 2, 3, 4, and 5 shall not apply to officials who resign before the end of their probationary period.

Chapter 2: Administrative status

Article 35 (96)

Officials shall be assigned one of the following administrative statuses:

- (a) active employment;
- (b) secondment;
- (c) leave on personal grounds;
- (d) non-active status;
- (e) leave for military service;
- (f) parental leave or family leave.

Section 1: Active employment

Article 36

An official in active employment is one who is performing the duties pertaining to the post to which he has been appointed or temporarily assigned under the conditions contained in Title IV.

Section 2: Secondment

Article 37 (8) (40) (69) (96)

An official on secondment is an established official who, by decision of the appointing authority:

- (a) has been directed in the interests of the service:
 - to serve temporarily in a post outside his institution; or
 - to assist temporarily a person holding an office provided for in the Treaties or the elected President of one of the institutions or organs of the Communities, or one of the political groups in the European Parliament or the Committee of the Regions, or a group in the European Economic and Social Committee;
 - to serve temporarily in a post which is included in the list of posts financed from the research and investment appropriations and which the budgetary authorities have classified as temporary.
- (b) has at his own request:
 - been placed at the disposal of another of the institutions of the European Communities; or
 - been placed at the disposal of an organisation devoted to furthering the Community's interests and included on a list to be drawn up by agreement between the institutions of the Communities after consulting the Staff Regulations Committee.

An official on secondment shall continue to enjoy all his rights under the conditions contained in Articles 38 and 39 and shall remain subject to all his obligations as an official of his parent institution. Subject to the provisions of the third paragraph of Article 77 concerning pension, however, the provisions which apply to the official during the secondment referred to in the second indent of (a) in the first paragraph shall be those applicable to an official of the same grade as that assigned to him in the post to which he is seconded.

Any official in active employment or on leave on personal grounds may apply for, or be offered, secondment in the interests of the service. Once the official is seconded, the leave on personal grounds shall be terminated.

Article 38 (8)

Secondment in the interests of the service shall be governed by the following rules:

- (a) the decision on secondment shall be taken by the appointing authority after hearing the official concerned;
- (b) the duration of secondment shall be determined by the appointing authority;
- (c) at the end of every six months, the official concerned may request that this secondment be terminated;
- (d) an official on secondment pursuant to the first indent of Article 37(a) is entitled to receive a differential payment where the total remuneration carried by the post to which he is seconded is less than that carried by his grade and step in his parent institution; he shall likewise be entitled to reimbursement of all additional expenses entailed by his secondment;
- (e) an official on secondment pursuant to the first indent of Article 37(a) shall continue to pay pension contributions based on the salary for active employment carried by his grade and step in his parent institution;
- (f) an official on secondment shall retain his post, his right to advancement to a higher step and his eligibility for promotion;
- (g) when his secondment ends an official shall at once be reinstated in the post formerly occupied by him.

STAFF REGULATIONS

Article 39 (8) (40) (96)

Secondment at an official's own request shall be governed by the following rules:

- (a) the decision on secondment shall be taken by the appointing authority who shall determine its duration;
- (b) within six months of taking up his new duties an official may request that his secondment be terminated; he shall then be reinstated at once in the post formerly occupied by him;
- (c) at the end of this period of six months, another person may be appointed to his post;
- (d) during the period of secondment, pension contributions and any pension rights shall be calculated by reference to the salary for active employment carried by his grade and step in his parent institution. However, an official on secondment under the second indent of Article 37(1)(b) who acquires pension rights in the body to which he is seconded shall cease to be affiliated to the pension scheme in his original institution for the duration of this secondment.

An official who becomes an invalid while on secondment within the meaning of Article 37(1)(b), second indent, and the dependants of an official who dies during the same period, shall be entitled under these Staff Regulations to the invalidity allowance or survivor's pension less any amounts paid to them on the same grounds and for the same period by the body to whom the official was seconded.

This provision shall not result in the official or his dependants being entitled to a total pension higher than the maximum amount he would have received pursuant to these Staff Regulations.

- (e) during the period of secondment, the official shall retain his right to advancement to a higher step.
- (f) when his secondment ends an official must be reinstated in the first post corresponding to his grade which falls vacant in his function group provided that he satisfies the requirements for that post. If he declines the post offered to him he shall retain his right to reinstatement when the next vacancy corresponding to his grade occurs in his function group, subject to the same proviso; if he declines a second time, he may be required to resign after the Joint Committee has been consulted. Until effectively reinstated he shall continue to be on secondment but unpaid.

Section 3: Leave on personal grounds

Article 40 (8) (24) (40) (96)

1. An established official may, in exceptional circumstances and at his own request, be granted unpaid leave on personal grounds.

2. Without prejudice to the provisions of Article 15, the duration of such leave shall not exceed one year. Leave may be extended for further periods.

Extensions may be for periods not exceeding one year. The total length of leave on personal grounds may not exceed 15 years in the course of the official's entire career.

If, however, an official applies for such leave in order to be able:

- (i) to bring up a child considered as a dependant of the official within the meaning of Article 2(2) of Annex VII and who suffers from a serious mental or physical handicap recognised by the medical officer of the institution and who requires constant care or supervision; or
- (ii) to follow his spouse, the latter also being an official or other servant of the Communities required in the course of his duties to establish his habitual residence at such a distance from the place of employment of the applicant official that the establishment of their conjugal home in such a place would inconvenience the applicant official in the performance of his duties,

the leave may be extended without limits, provided that, at the time of each extension, the conditions which warranted the grant of the leave continue to be fulfilled.

3. During leave, an official shall not be entitled to advancement to a higher step or promotion in grade; his membership of the social security scheme provided for in Articles 72 and 73 and cover for risks under the scheme shall be suspended.

However, an official who is not engaged in a gainful activity may, not later than one month following that in which the leave on personal grounds begins, apply to continue to be covered in accordance with those articles,

STAFF REGULATIONS

provided that he bears half the cost of the contributions required to cover the risks referred to in Articles 72(1) and 73(1) for the first year of the leave on personal grounds and the full cost during the remainder of such leave. Cover in accordance with Article 73 shall be available only if cover has been obtained in accordance with Article 72. The contributions shall be calculated by reference to the official's last basic salary. Moreover, the official who proves that he cannot acquire pension rights for another pension scheme may apply to continue to acquire further pension rights for a maximum of one year, provided that he bears the cost of the contribution equal to three times the rate laid down in Article 83(2); the contributions shall be calculated by reference to the basic salary for the official's grade and step.

4. Leave on personal grounds shall be governed by the following rules:

- (a) it shall be granted at the request of the official concerned by the appointing authority;
- (b) application for extension shall be made two months before the leave expires;
- (c) another person may be appointed to the post occupied by the official;
- (d) on the expiry of his leave an official must be reinstated in the first post corresponding to his grade which falls vacant in his function group, provided that he satisfies the requirements for that post. If he declines the post offered to him, he shall retain his right to reinstatement when the next vacancy corresponding to his grade occurs in his function group, subject to the same proviso; if he declines a second time, he may be required to resign after the Joint Committee has been consulted. Until effectively reinstated or placed on secondment he shall remain on unpaid leave on personal grounds.

Section 4: Non-active status

Article 41 (8) (46) (78) (79) (96)

1. An official having non-active status is one who has become supernumerary by reason of reduction in the number of posts in his institution.

2. Reductions in the number of posts in a particular grade shall be decided by the appropriate budgetary authority under the budgetary procedure.

The appointing authority shall, after consulting the Joint Committee, decide what types of post are to be affected by such measures.

The appointing authority shall draw up a list of the officials to be affected by such measures, after consulting the Joint Committee, taking into account the officials' ability, efficiency, conduct in the service, family circumstances and seniority. Any official occupying one of the posts referred to in the preceding subparagraph who expresses the wish to be assigned non-active status shall automatically be entered on this list.

Officials whose names appear on this list shall be assigned non-active status by decision of the appointing authority.

3. While possessing this status an official shall cease to perform his duties and to enjoy his rights to remuneration or advancement to a higher step, but shall continue, for a period not exceeding five years, to accumulate rights to retirement pension based on the salary carried by his grade and step.

For a period of two years from the date of being assigned non-active status, an official shall have priority for reinstatement in any post in his function group corresponding to his grade which may fall vacant or be created, provided that he has the necessary qualifications.

An official assigned on non-active status shall receive an allowance calculated in accordance with Annex IV.

Income received by the official from any new employment during this period shall be deducted from the allowance provided for in the preceding subparagraph if that income and the allowance together exceed the total remuneration last received by the official, calculated by reference to the table of salaries applicable on the first day of the month for which the allowance is to be paid.

The official shall furnish such written proof as may be required and inform the institution of any facts liable to affect his entitlement.

No correction coefficient shall be applicable to the allowance.

However, the allowance and the total remuneration last received, as referred to in the fourth subparagraph of this Article, shall be subject to the weighting referred to in the first subparagraph of Article 3(5) of Annex XI, at

STAFF REGULATIONS

the rate fixed for the Member State where the recipient proves he has his residence, provided that Member State was the recipient's last place of employment. In such cases, if the currency of the Member State is not the euro, this allowance is calculated on the basis of the exchange rates provided for in Article 63 of these Staff Regulations.

4. At the end of the period of entitlement of the allowance the official shall be required to resign. He shall, where appropriate, receive a retirement pension as provided for in the pension scheme.

5. An official who before expiry of the two-year period specified in paragraph 3 has been offered a post corresponding to his grade and has declined it without good reason may, after the Joint Committee has been consulted, be deprived of his rights under the foregoing provisions and be required to resign.

Section 5: Leave for military service

Article 42

An official who is called up for military service or for reserve training or is recalled to serve in the armed forces shall be assigned the special status of 'leave for military service'.

An official who is called up for military service shall cease to receive his remuneration but shall retain his right to advancement to a higher step and promotion under these Staff Regulations. He shall also retain his right to enjoy retirement pension if, after completing his military service, he pays up his pension contributions retroactively.

An official who is called up for reserve training or recalled to serve in the armed forces shall, during the period of training or recall, continue to receive his remuneration subject to deduction of an amount equal to his service pay.

Section 6: Parental or family leave

Article 42a (96)

An official shall be entitled to up to six months of parental leave without basic salary for every child, to be taken during the first twelve years after the birth or adoption of the child. The duration of the leave may be doubled for single parents recognised under general implementing provisions adopted by the institutions. The minimum leave taken at any one time shall not be less than one month.

During parental leave, the official's membership of the social security scheme shall continue; the acquisition of pension rights, dependent child allowance and education allowance shall be maintained. The official shall retain his post, and continue to be entitled to advancement to a higher step or promotion in grade. The leave may be taken as full-time or half-time leave. Where parental leave is taken in the form of half-time leave, the maximum period provided for in the first paragraph shall be doubled. During parental leave, the official shall be entitled to an allowance of EUR 798,77 per month or 50% of such sum if on half-time leave but may not engage in any other gainful employment. The full contribution to the social security scheme provided for in Articles 72 and 73 shall be borne by the institution and calculated on the basis of the basic salary of the official. However, in the case of half-time leave this provision shall apply only to the difference between the full basic salary and the proportionally reduced basic salary. For the part of the basic salary actually received, the official's contribution shall be calculated by using the same percentages as if he were in full-time employment.

The allowance shall be EUR 1 065,02 per month, or 50% of such sum if the official is on half-time leave, for the single parents referred to in the first paragraph and during the first three months of parental leave where such leave is taken by the father during maternity leave or by either parent immediately after maternity leave or during or immediately after adoption leave. The amounts mentioned in this Article shall be adapted in line with remuneration.

Article 42b (96)

In the case of medically certified serious illness or disability of an official's spouse, relative in the ascending line, relative in the descending line, brother or sister, the official shall be entitled to a period of family leave without basic salary. The total period of such leave shall not exceed nine months over the official's entire career.

The second paragraph of Article 42a shall apply.

Chapter 3: Reports, advancement to a higher step and promotion

Article 43 (96)

The ability, efficiency and conduct in the service of each official shall be the subject of a periodical report made at least once every two years as provided for by each institution in accordance with Article 110. Each institution shall lay down provisions conferring the right to lodge an appeal within the reporting procedure, which has to be exercised before lodging a complaint as referred to in Article 90(2).

As of grade 4, for officials in function group AST, the report may also contain an opinion as to whether, on the basis of performance, he has the potential to carry out an administrator's function.

The report shall be communicated to the official. He shall be entitled to make any comments thereon which he considers relevant.

Article 44 (96)

An official who has been at one step in his grade for two years shall automatically advance to the next step in that grade.

If an official is appointed head of unit, director or director-general in the same grade, and provided that he has performed his new duties satisfactorily during the first nine months, he shall retroactively benefit from advancement by one step in that grade at the time the appointment comes into effect. This advancement shall lead to an increase in his basic monthly salary corresponding to the percentage between the first and the second step in each grade. If the increase is less or if the official at that time is already in the last step of his grade, he shall receive an increase in basic salary ensuring the increase between the first and second step until his next promotion comes into effect.

Article 45 (69) (96)

1. Promotion shall be by decision of the Appointing Authority in the light of Article 6(2). It shall be effected by appointment of the official to the next higher grade in the function group to which he belongs. Promotion shall be exclusively by selection from among officials who have completed a minimum of two years in their grade after consideration of the comparative merits of the officials eligible for promotion. When considering comparative merits, the Appointing Authority shall in particular take account of the reports on the officials, the use of languages in the execution of their duties other than the language for which they have produced evidence of thorough knowledge in accordance with Article 28(f) and, where appropriate, the level of responsibilities exercised by them.

2. Officials shall be required to demonstrate before their first promotion after recruitment the ability to work in a third language among those referred to in Article 314 of the EC Treaty. The institutions shall adopt common rules by agreement between them for implementing this paragraph. These rules shall require access to training for officials in a third language and lay down the detailed arrangements for the assessment of officials' ability to work in a third language, in accordance with Article 7(2)(d) of Annex III.

Article 45a (96)

1. By way of derogation from Article 5 (3) (b) and (c), an official in function group AST may, from grade 5, be appointed to a post in function group AD, on condition that:

- (a) he has been selected in accordance with the procedure laid down in paragraph 2 of this Article to take part in a compulsory training programme as set out in point (b) of this paragraph,
- (b) he has completed a training programme defined by the Appointing Authority comprising a set of compulsory training modules, and
- (c) he is on the list drawn up by the Appointing Authority of candidates who have passed an oral and written examination demonstrating that he has successfully taken part in the training programme mentioned under point (b) of this paragraph. The contents of this examination shall be determined in accordance with Article 7(2)(c) of Annex III.

STAFF REGULATIONS

2. The Appointing Authority shall draw up a draft list of AST officials selected to take part in the aforesaid training programme on the basis of their periodical reports referred to in Article 43 and their level of education and training and taking account of the needs of the services. This draft shall be submitted to a joint committee for its opinion.

This committee may hear officials who have applied to take part in the aforesaid training programme, and representatives of the Appointing Authority. It shall, by a majority vote, deliver a reasoned opinion on the draft list proposed by the Appointing Authority. The Appointing Authority shall adopt the list of officials who are entitled to take part in the aforesaid training programme.

3. Appointment to a post in function group AD shall not affect the grade and step occupied by the official at the moment of appointment.

4. The number of appointments to posts in function group AD as laid down in paragraphs (1) to (3) of this Article shall not exceed 20% of the total number of appointments made per year in accordance with the second paragraph of Article 30.

5. The institutions shall adopt general provisions for giving effect to this Article in accordance with Article 110.

Article 46 (8) (96)

An official appointed to a higher grade in accordance with Article 45 shall be placed in the initial step in that grade. However, officials in grades AD 9 to AD 13 carrying out the duties of head of unit who are appointed to a higher grade in accordance with Article 45 shall be placed in the second step of the new grade. The same arrangement shall apply to any official:

- (a) who upon promotion is appointed director or director-general, or
- (b) who is director or director-general and to whom the last sentence of the second paragraph of Article 44 applies.

Chapter 4: Termination of service

Article 47

Service shall be terminated by:

- (a) resignation;
- (b) compulsory resignation;
- (c) retirement in the interests of the service;
- (d) dismissal for incompetence;
- (e) removal from post;
- (f) retirement; or
- (g) death.

Section 1: Resignation

Article 48 (8) (96)

An official who wishes to resign shall state unequivocally in writing his intention to leave the service of the institution definitively.

The appointing authority shall take its decision confirming the resignation within one month of receiving the letter of resignation. The appointing authority may, however, refuse to accept the resignation if disciplinary proceedings against the official are in progress at the date of receipt of the letter of resignation or if such proceedings are started within the following 30 days.

Resignation shall take effect on the date specified by the Appointing Authority; that date shall not be more than three months after the date proposed by the official in his letter of resignation in the case of officials in function group AD, and not more than one month in the case of officials in function group AST.

Section 2: Compulsory resignation

Article 49 (8)(96)

An official may be required to resign only where he ceases to fulfil the conditions laid down in Article 28 (a), or in the cases provided for in Articles 39, 40 and 41(4) and (5) and in the second paragraph of Article 14 of Annex VIII.

Reasoned decisions requiring officials to resign shall be taken by the appointing authority after consulting the Joint Committee and hearing the official concerned.

Section 3: Retirement in the interests of the service

Article 50 (8) (46) (96)

A senior official as defined in Article 29(2) may be retired in the interests of the service by decision of the appointing authority.

Such retirement shall not constitute a disciplinary measure.

An official thus retired who is not assigned to another post corresponding to his grade shall receive an allowance calculated in accordance with Annex IV.

Income received by the official from any new employment during this period shall be deducted from the allowance provided for in the preceding paragraph if that income and the allowance together exceed the total remuneration last received by the official calculated by reference to the table of salaries applicable on the first day of the month for which the allowance is to be paid.

The person concerned shall be required to provide on request written proof and to notify his or her institution of any factor that may affect entitlement to the benefit.

The allowance shall not be subject to a correction coefficient.

Article 45, third, fourth and fifth paragraphs, of Annex VIII shall apply by analogy.

When the official's entitlement to the allowance ceases, he shall, provided he has attained the age of 55 years, be entitled to receive payment of pension, no reduction under Article 9 of Annex VIII being made.

Section 4: Procedures for dealing with incompetence

Article 51 (96)

1. Each institution shall define procedures to identify, deal with and remedy cases of incompetence in a timely and appropriate fashion. Once these procedures have been exhausted, an official who, on the basis of consecutive periodical reports referred to in Article 43, still proves incompetent in the performance of his duties may be dismissed, downgraded or classified in a lower function group at the same grade or a lower grade.

2. Any proposal to dismiss, downgrade or classify an official in a lower function group shall set out the reasons on which it is based and shall be communicated to the official concerned. The proposal from the Appointing Authority shall be referred to the Joint Advisory Committee referred to in Article 9(6).

3. The official shall have the right to obtain his complete personal file and to take copies of all documents relating to the procedure. He shall have at least fifteen days from the date of receipt of the proposal to prepare a defence. He may be assisted by a person of his choice. The official may submit written comments. He shall be heard by the Joint Advisory Committee. The official may also call witnesses.

4. The institution shall be represented before the Joint Advisory Committee by an official designated for that purpose by the Appointing Authority. That official shall have the same rights as the official concerned.

5. In the light of the proposal under paragraph 2 and any written and verbal statements from the official concerned or from witnesses, the Joint Advisory Committee shall deliver by a majority a reasoned opinion stating the measure which it considers appropriate in the light of the facts established at its request. It shall forward that opinion to the Appointing Authority and to the official concerned within two months of the date on which the matter is referred to it. The chairman shall not vote on decisions of the Joint Advisory Committee, except in procedural matters and where votes are tied.

STAFF REGULATIONS

The Appointing Authority shall take a decision within two months of receipt of the Joint Advisory Committee's opinion, after hearing the official. The decision shall be substantiated. It shall indicate the date on which it takes effect.

6. An official dismissed for incompetence shall, for the period defined in paragraph 7, be entitled to a monthly dismissal allowance equal to the basic monthly salary of an official in the first step of grade 1. The official shall also be entitled during the same period to the family allowances provided for in Article 67. The household allowance shall be calculated on the basis of the basic monthly salary of an official in grade 1 in accordance with Article 1 of Annex VII.

The allowance shall not be paid if the official resigns after the start of the procedure referred to in paragraphs 1, 2 and 3 or if he is entitled to the immediate payment of a full pension. If he is entitled to unemployment benefit under a national unemployment scheme, the amount of that benefit shall be deducted from the above allowance.

7. The period during which the payments referred to in paragraph 6 are to be made shall be:

- (a) three months where the official has completed less than five years' service at the date on which the dismissal decision is taken;
- (b) six months where the official has completed at least five years' service but less than ten;
- (c) nine months where the official has completed at least 10 years' service but less than 20;
- (d) 12 months where the official has completed over 20 years' service.

8. Officials who are downgraded or classified in a lower function group on grounds of incompetence may after a period of six years ask for all references to that measure to be deleted from their personal files.

9. Officials shall be entitled to reimbursement of reasonable expenses incurred on their initiative in the course of the proceedings, including fees payable to a defending adviser not belonging to the institution, where the proceedings provided for in this Article end without any decision being taken to dismiss, downgrade or classify the official in a lower function group.

Section 5: Retirement

Article 52 (46) (96)

Without prejudice to the provisions of Article 50, an official shall be retired:

- (a) either automatically on the last day of the month in which he reaches the age of 65, or
- (b) at his own request on the last day of the month in respect of which the request was submitted where he is at least 63 years of age or where he is between 55 and 63 years of age and satisfies the requirements for immediate payment of a pension in accordance with Article 9 of Annex VIII. The second sentence of the second paragraph of Article 48 shall apply by analogy.

However, on an exceptional basis, an official may at his own request and only in the case where the Appointing Authority considers it justified in the interest of the service, carry on working until the age of 67 in which case he shall be retired automatically on the last day of the month in which he reaches that age.

Article 53 (46)

An official to whom the Invalidity Committee finds that the provisions of Article 78 apply shall automatically be retired on the last day of the month in which the appointing authority recognises his permanent incapacity to perform his duties.

No pecuniary benefits shall attach to such honorary rank.

Article 55 (7) (8) (16)

Officials in active employment shall at all times be at the disposal of their institution.

However, the normal working week shall not exceed 42 hours, the hours of the working day to be determined by the appointing authority. Within the same limits, the appointing authority may, after consulting the Staff Committee, determine the hours to be worked by certain groups of officials engaged on particular duties.

An official may, moreover, be required because of the exigencies of the service or safety rules to remain on standby duty at his place of work or at home outside normal working hours. The institution shall lay down detailed rules for the application of this paragraph after consulting its Staff Committee.

Article 55a (8) (96)

1. An official may request authorisation to work part time.

The Appointing Authority may grant such authorisation if this is compatible with the interests of the service.

2. The official shall be entitled to authorisation in the following cases:

- (a) to care for a child under 9 years of age,
- (b) to care for a child aged between 9 and 12, if the reduction in working time is no more than 20 % of normal working time,
- (c) to care for a seriously ill or disabled spouse, relative in the ascending line, relative in the descending line, brother or sister,
- (d) to take part in further training, or
- (e) as of the age of 55 during the last five years before retirement.

Where part-time is requested in order to take part in further training, or as of the age of 55, the Appointing Authority may refuse authorisation or postpone its date of effect only in exceptional circumstances and for overriding service-related reasons.

Where such entitlement to authorisation is exercised to care for a seriously ill or disabled spouse, relative in the ascending line, relative in the descending line, brother or sister, or to take part in further training, the total of all such periods shall not exceed five years over the official's career.

3. The Appointing Authority shall reply to the official's request within 60 days.

Article 55b (96)

An official may request authorisation to work half-time in the form of job-sharing in a post identified by the Appointing Authority as appropriate for that purpose. The authorisation to work half-time by job-sharing shall not be limited in time. It may, however, be withdrawn by the Appointing Authority in the interests of the service giving the official six months' notice. Likewise, the Appointing Authority may, on application of the official concerned and giving at least six months' notice, withdraw the authorisation. In this case, the official may be transferred to a different post.

Article 59a and, except for the third sentence of paragraph 2, Article 3 of Annex IVa shall apply.

The Appointing Authority may lay down detailed rules for the application of this Article.

Article 56 (8) (96)

An official may not be required to work overtime except in cases of urgency or exceptional pressure of work; night work and all work on Sundays or public holidays may be authorised only in accordance with the procedure laid down by the appointing authority. The total overtime which an official may be asked to work shall not exceed 150 hours in any six months.

STAFF REGULATIONS

Overtime worked by officials in function group AD, and in function group AST 5 to 11 shall carry no right to compensation or remuneration.

As provided for in Annex VI, overtime worked by officials in grade AST 1 to AST 4 shall entitle them either to compensatory leave or to remuneration where the requirements of the service do not allow compensatory leave during the month following that in which the overtime was worked.

Article 56a (7) (15)

An official who is expected to work regularly at night, on Saturdays, Sundays or public holidays shall be entitled to special allowances when doing shiftwork which is required by the institution because of the exigencies of the service or safety rules and which is regarded by it as a regular and permanent feature.

Acting on a proposal from the Commission submitted after consulting the Staff Regulations Committee, the Council shall determine the categories of officials entitled to such allowances, and the rates and conditions thereof.

The normal working hours of an official on shiftwork must not exceed the annual total of normal working hours.

Article 56b (7) (16)

An official shall be entitled to special allowances when required in accordance with a decision taken by the appointing authority because of the exigencies of the service or safety rules to remain on standby duty at his place of work or at home outside normal working hours.

The Council, acting on a proposal from the Commission submitted after consulting the Staff Regulations Committee, shall determine the categories of officials entitled to such allowances, the conditions for granting the allowances and also the rates thereof.

Article 56c (96)

Special allowances may be granted to certain officials to compensate for particularly arduous working conditions.

The Council shall, on a proposal from the Commission presented after consulting the Staff Regulations Committee, determine the categories of beneficiaries, and the rates and conditions of such special allowances.

Chapter 2: Leave

Article 57

Officials shall be entitled to annual leave of not less than 24 working days nor more than 30 working days per calendar year, in accordance with rules to be laid down by common accord of the institutions of the Communities, after consulting the Staff Regulations Committee.

Apart from this annual leave an official, may, exceptionally on application, be granted special leave. The rules relating to such leave are laid down in Annex V.

Article 58 (8) (24) (96)

Pregnant women shall, in addition to the leave provided for in Article 57, be entitled on production of a medical certificate to twenty weeks of leave. The leave shall start not earlier than six weeks before the expected date of confinement shown in the certificate and end not earlier than 14 weeks after the date of confinement. In the case of multiple or premature birth or the birth of a handicapped child, the duration shall be of 24 weeks. Premature birth for the purposes of this provision is a birth taking place before the end of the 34th week of pregnancy.

this, and unless failure to send the certificate is due to reasons beyond his control, the official's absence shall be considered as unauthorised.

The official may at any time be required to undergo a medical examination arranged by the institution. If the examination cannot take place for reasons attributable to the official, his absence shall be considered as unauthorised as from the date that the examination is due to take place.

If the finding made in the examination is that the official is able to carry out his duties, his absence shall, subject to the following sub-paragraph, be regarded as unjustified from the date of the examination.

If the official considers the conclusions of the medical examination arranged by the Appointing Authority to be unjustified on medical grounds, he or a doctor acting on his behalf may within two days submit to the institution a request that the matter be referred to an independent doctor for an opinion.

The institution shall immediately transmit the request to another doctor agreed upon by the official's doctor and the institution's medical officer. Failing such agreement within five days of the request, the institution shall select a person from a list of independent doctors to be established for this purpose each year by common consent of the Appointing Authority and the Staff Committee. The official may within two working days object to the institution's choice, whereupon the institution shall choose another person from the list, which choice shall be final.

The independent doctor's opinion given after consultation of the official's doctor and the institution's medical officer shall be binding. Where the independent doctor's opinion confirms the conclusion of the examination arranged by the institution, the absence shall be treated as unjustified from the date of that examination. Where the independent doctor's opinion does not confirm the conclusion of that examination, the absence shall be treated for all purposes as having been justified.

2. If, over a period of 12 months, an official is absent for up to three days because of sickness for a total of more than 12 days, he shall produce a medical certificate for any further absence because of sickness. His absence shall be considered to be unjustified as from the thirteenth day of absence on account of sickness without a medical certificate.

3. Without prejudice to the application of the rules on disciplinary proceedings, where appropriate, any absence considered to be unjustified under paragraphs 1 and 2 shall be deducted from the annual leave of the official concerned. In the event that the official has no outstanding leave entitlement, he shall lose the benefit of his remuneration for the corresponding period.

4. The Appointing Authority may refer to the Invalidity Committee the case of any official whose sick leave totals more than 12 months in any period of three years.

5. An official may be required to take leave after examination by the institution's medical officer if his state of health so requires or if a member of his household is suffering from a contagious disease.

In cases of dispute, the procedure laid down in the fifth to seventh subparagraph of paragraph 1 shall apply.

6. Officials shall undergo a medical check-up every year either by the institution's medical officer or by a medical practitioner chosen by them.

In the latter case, the practitioner's fees shall be payable by the institution up to a maximum amount fixed for a period of no more than three years by the Appointing Authority after consulting the Staff Regulations Committee.

Article 59a (8) (96)

The annual leave of an official who is authorised to work part time shall, for as long as he is so authorised, be reduced proportionally.

Article 60

Except in case of sickness or accident, an official may not be absent without prior permission from his immediate superior. Without prejudice to any disciplinary measures that may apply, any unauthorised absence which is duly established shall be deducted from the annual leave of the official concerned. If he has used up his annual leave, he shall forfeit his remuneration for an equivalent period.

If an official wishes to spend leave elsewhere than at the place where he is employed he shall obtain prior permission from the appointing authority.

Without prejudice to the application of Articles 64 and 65, the weightings fixed pursuant to these Articles shall, whenever the above date is changed, be adjusted by the Council, which, acting in accordance with the procedure mentioned in the third paragraph, shall correct the effect of the variation in the euro with respect to the rates referred to in the second paragraph.

Article 64 (78)

Article 74 (1) (8) (10) (24) (78) (81)

1. On the birth of a child to an official, the person who has actual care of the child shall receive a grant of EUR 198,31.

The same grant shall be paid to an official who adopts a child who is less than five years of age and is a dependant within the meaning of Article 2(2) of Annex VII.

2. This grant shall also be payable in the event of termination of pregnancy after not less than seven months.

3. The recipient of a grant on the birth of a child shall declare any grants of the same nature received from other sources for the same child; such grants shall be deducted from the grant provided for above. Where both parents are officials of the Communities, the grant shall be paid once only.

Article 75 (40)

In the event of the death of an official, an official's spouse or dependent child, or any other dependent person within the meaning of Article 2 of Annex VII who lived as part of the official's household, the institution shall reimburse the costs involved in transporting the body from the official's place of employment to his place of origin.

However, in the event of an official's death during a mission, the institution shall bear the costs involved in transporting the body from the place where death occurs to the official's place of origin.

Article 76 (96)

Gifts, loans or advances may be made to officials, former officials or where an official has died, to those entitled under him who are in a particularly difficult position as a result inter alia of serious or protracted illness or by reason of a disability or family circumstances.

Article 76a (96)

A surviving spouse who has a serious or protracted illness or who is disabled may receive financial aid increasing the pension from the institution for the duration of the illness or disability on the basis of an examination of the social and medical circumstances of the person concerned. Rules implementing this Article shall be fixed by common accord between the institutions, after consulting the Staff Regulations Committee.

Chapter 3: Pensions and invalidity allowance

Article 77 (8) (96)

An official who has completed at least 10 years' service shall be entitled to a retirement pension. He shall, however, be entitled to such pension irrespective of length of service if he is over 63 years, if it has not been possible to reinstate him during a period of non-active status or in the event of retirement in the interests of the service.

The maximum retirement pension shall be 70% of the final basic salary carried by the last grade in which the official was classified for at least one year. 1,90% of this final basic salary shall be payable to an official for each year of service reckoned in accordance with Article 3 of Annex VIII.

However, in the case of officials who have been assisting a person holding an office provided for in the Treaties establishing the Communities or the Treaty establishing a Single Council and a Single Commission of the Communities, the elected President of one of the institutions or organs of the Communities or the elected Chairman of one of the political groups in the European Parliament, the entitlement to pensions corresponding to the years of pensionable service acquired while working in that capacity shall be calculated by reference to the final basic salary received during that time if the basic salary received exceeds that taken as reference for purposes of the second paragraph of this Article.

The amount of the retirement pension must not be less than 4% of the minimum subsistence figure per year of service.

The pensionable age shall be 63 years.

Article 78 (8) (96)

An official shall be entitled, in the manner provided for in Articles 13 to 16 of Annex VIII, to an invalidity allowance in the case of total permanent invalidity preventing him from performing the duties corresponding to a post in his function group.

Article 52 shall apply by analogy to recipients of an invalidity allowance. If the recipient of an invalidity allowance retires before the age of 65 without having reached the maximum pension entitlement, the general rules on retirement pensions shall be applied. The amount of the retirement pension shall be based on the salary for the grade and step occupied by the official when he became an invalid.

The invalidity allowance shall be equal to 70% of the official's last basic salary. However, it may not be less than the minimum subsistence figure.

The invalidity allowance shall be subject to contributions to the pension scheme, calculated on the basis of that allowance.

STAFF REGULATIONS

Where the invalidity arises from an accident in the course of or in connection with the performance of an official's duties, from an occupational disease, from a public-spirited act or from risking his life to save another human being, the invalidity allowance may not be less than 120% of the minimum subsistence figure. In such cases, moreover, contributions to the pension scheme shall be paid in full from the budget of the institution or body referred to in Article 1b.

Article 79 (8) (24) (46) (96)

The surviving spouse of an official or of a former official shall be entitled, in the manner provided for in Chapter 4 of Annex VIII, to a survivor's pension equal to 60% of the retirement pension or invalidity allowance which was paid to the deceased, or which, irrespective of length of service or of age, would have been payable to him if he had qualified for it at the time of death.

The amount of the survivor's pension payable to the surviving spouse of an official who has died while in one of the administrative statuses specified in Article 35, shall be neither less than the minimum subsistence figure nor less than 35% of the last basic salary received by the official.

This amount shall not be less than 42% of the final basic salary received by the official where death is due to one of the circumstances set out in the fifth paragraph of Article 78.

Article 80 (8) (40) (46) (96)

Where an official or person entitled to a retirement pension or invalidity allowance dies leaving no spouse entitled to a survivor's pension, the children dependent on the deceased within the meaning of Article 2 of Annex VII at the time of his death shall be entitled to orphans' pension in accordance with Article 21 of Annex VIII.

The same pension entitlement shall apply to children who fulfil the above conditions in the event of the death or remarriage of the spouse in receipt of a survivor's pension.

Where an official or person entitled to a retirement pension or invalidity allowance dies but the conditions set out in the first paragraph are not satisfied, the dependent children within the meaning of Article 2 of Annex VII shall be entitled to orphans' pension in accordance with Article 21 of Annex VIII; the pension shall, however, be equal to half the pension calculated in accordance with that Article.

For persons treated as dependent children within the meaning of Article 2(4) of Annex VII, the orphan's pension may not exceed an amount equal to twice the dependent child allowance.

Where a child has been adopted, the death of the natural parent who has been replaced by the adoptive parent shall not give rise to payment of an orphan's pension.

Entitlement as provided for in the first, second and third paragraphs shall apply in the event of the death of a former official entitled to an allowance under Article 50 of the Staff Regulations, Article 5 of Regulation (EEC, Euratom, ECSC) No 259/68, Article 3 of Regulation (Euratom, ECSC, EEC) No 2530/72 or Article 3 of Regulation (ECSC, EEC, Euratom) No 1543/73 and in the event of the death of a former official who left the service before reaching the age of 63 and requested that his retirement pension be deferred until the first day of the calendar month following that in which he reached the age of 63.

Persons in receipt of an orphan's pension may not receive more than one such pension from the Community. Where a surviving child has entitlement to more than one Community pension, he shall receive the pension providing the higher or highest amount.

Article 81 (8) (10) (96)

A person entitled to a retirement pension or to an invalidity allowance, or to a survivor's pension shall be entitled, under the conditions laid down in Annex VII, to the family allowances specified in Article 67; the household allowance shall be calculated by reference to the pension or the allowance of the recipient. These allowances shall be paid to recipients of a survivor's pension only in respect of the children dependent on the deceased official or former official at the time of death.

STAFF REGULATIONS

The amount of the dependent child allowance payable to the person entitled to a survivor's pension shall, however, be twice the amount of the allowance provided for in Article 67(1)(b).

Article 81a (46) (96)

Notwithstanding any other provisions, notably those concerning the minimum amounts payable to persons entitled to a survivor's pension, the total amount payable by way of survivor's pension plus family allowances less tax and other compulsory deductions to the widow and other entitled persons may not exceed the following:

- (a) in the event of the death of an official having one of the administrative statuses set out in Article 35, the amount of the remuneration which the official would have received in the same grade and step if he had still been in the service, plus any family allowances received by him in that case and less tax and other compulsory deductions;
- (b) for the period following the date on which the official referred to in (a) above would have reached the age of 65, the amount of the retirement pension to which he would have been entitled thereafter, had he been alive, based on the same grade and step at the time of death, plus any family allowances which he would have received, less tax and other compulsory deductions;
- (c) in the event of the death of a former official entitled to a retirement pension or to an invalidity allowance, the amount of the pension to which he would have been entitled, had he been alive, subject to the allowances and deductions referred to in (b);
- (d) in the event of the death of a former official who left the service before reaching the age of 63 and requested that his retirement pension be deferred until the first day of the calendar month following that in which he reached the age of 63, the amount of the retirement pension to which he would have been entitled at the age of 63 had he been alive, subject to the allowances and deductions referred to in (b);
- (e) in the event of the death of an official or a former official entitled, on the day of his death, to an allowance under Article 41 or 50 of these Staff Regulations, Article 5 of Regulation (EEC, Euratom, ECSC) No 259/68, Article 3 of Regulation (Euratom, ECSC, EEC) No 2530/72, Article 3 of Regulation (ECSC, EEC, Euratom) No 1543/73, Article 2 of Regulation (ECSC, EEC, Euratom) No 2150/82 or Article 3 of Regulation (ECSC, EEC, Euratom) No 1679/85, the amount of the allowance to which he would have been entitled, had he been alive, subject to the allowances and deductions set out in (b);
- (f) for the period following the date on which the former official referred to in (e) would have ceased to be entitled to the allowance, the amount of the retirement pension to which he would have been entitled on that date, had he been alive and satisfied the relevant age requirements for the grant of pension rights, subject to the allowances and deductions set out in (b).

2. For the purposes of paragraph 1, weightings shall be disregarded, which could affect the various amounts in question.

3. The maximum amount as defined in subparagraphs (a) to (f) above shall be apportioned among the persons entitled to a survivor's pension in proportion to their respective entitlements, paragraph 1 being disregarded for this purpose.

The second and third subparagraphs of Article 82(1) shall apply to the amounts thus apportioned.

Article 82 (40)(78)(79)(96)

1. The pensions provided for above shall be calculated by reference to salary scales in force on the first day of the month in which entitlement commences.

No correction coefficient shall be applicable to pensions.

Pensions expressed in euro shall be paid in one of the currencies referred to in Article 45 of Annex VIII to the Staff Regulations.

2. Where the Council, in accordance with Article 65(1), decides to adapt remunerations, the same adaptation shall be applied to pensions.

3. The provisions of paragraphs 1 and 2 shall apply by analogy to recipients of an invalidity allowance.

STAFF REGULATIONS

Article 83 (8) (64) (94) (96)

1. Benefits paid under this pension scheme shall be charged to the budget of the Communities. Member States shall jointly guarantee payment of such benefits in accordance with the scale laid down for financing such expenditure.

The employment of the funds for the pension scheme referred to in Article 83(1) of the former Staff Regulations of the European Coal and Steel Community shall be decided upon by the Council acting by a qualified majority on a proposal from the Commission after consulting the Staff Regulations Committee.

2. Officials shall contribute one third of the cost of financing this pension scheme. The contribution shall be 9.25% of the official's basic salary, the weightings provided for in Article 64 not being taken into account. It shall be deducted monthly from the salaries of officials. The contribution shall be adjusted in accordance with the rules laid down in Annex XII.

3. The procedure for calculation of the pensions of officials who have spent part of their service with the European Coal and Steel Community or who belong to the institutions or organs common to the Communities, and the apportionment of the cost of such award between the European Coal and Steel Community pension fund and the budgets of the European Economic Community and the European Atomic Energy Community shall be settled by a Regulation made by agreement between the Councils and the Committee of Presidents of the European Coal and Steel Community after consulting the Staff Regulations Committee.

Article 83a (96)

1. The scheme shall be kept in balance in accordance with the detailed rules set out in Annex XII.

2. Agencies which do not receive a subsidy from the general budget of the European Union shall pay into that budget the entire amount of the contributions needed to finance the scheme.

3. On the occasion of the five-yearly actuarial assessment in accordance with Annex XII and in order to ensure the balance of the scheme, the Council shall decide on the rate of contribution and any change to the pensionable age.

4. Each year the Commission shall present to the Council an updated version of the actuarial assessment, in accordance with Article 1(2) of Annex XII. Where it is shown that there is a gap of at least 0,25 points between the rate of contribution currently applied and the rate required to maintain actuarial balance, the Council shall consider whether the rate should be adapted, in accordance with the arrangements laid down in Annex XII.

5. For the purposes of paragraphs 3 and 4 of this Article, the Council shall act by a qualified majority on a proposal from the Commission as provided for in the first indent of Article 205(2) of the EC Treaty. For the purposes of paragraph 3, the Commission's proposal shall be presented after consultation of the Staff Regulations Committee.

Article 84

Detailed rules governing the foregoing pension scheme are contained in Annex VIII.

Chapter 4: Recovery of undue payment

Article 85 (8) (96)

The request for recovery must be made no later than five years from the date on which the sum was paid. Where the Appointing Authority is able to establish that the recipient deliberately misled the administration with a view to obtaining the sum concerned, the request for recovery shall not be invalidated even if this period has elapsed.

Chapter 5: Subrogation in favour of the communities

1. Where the death, accidental injury or sickness of a person covered by these Staff Regulations is caused by a third party, the Communities shall, in respect of the obligations incumbent upon them under the Staff

Election shall be by secret ballot.

If the Staff Committee is organised in local sections, the manner in which the members of the Central Committee are appointed for each place of employment shall be laid down by the general meeting of officials of the institution in service at the relevant place of employment. 3. The Office may, at the request of individual institutions, perform other tasks linked to the selection of officials.

4. The Office shall, at their request, provide assistance to the different institutions with a view to the selection of temporary staff and contract staff, in particular by defining the contents of the tests and organising the selection procedures in the framework of Articles 12 and 82 of the Conditions of Employment of other servants.

Annex IV: Allowance under Articles 41 and 50 of the Staff Regulations*Sole Article (8) (24) (96)*

1. An official to whom Article 41 or Article 50 of the Staff Regulations is applied shall be entitled:

- (a) for three months, to a monthly allowance equal to his basic salary;
- (b) for a period varying with the age and length of service in accordance with the table shown in paragraph 3, to a monthly allowance equal to:
 - 85% of his basic salary from the fourth to the sixth month;
 - 70% of his basic salary for the next five years;
 - 60% of his basic salary thereafter.

The allowance shall cease from the day on which the official reaches the age of 63 years.

However, above that age and up to the age of 65 years the official shall continue to receive the allowance until he reaches the maximum retirement pension.

The basic salary for the purposes of this Article shall be that shown in the table in Article 66 of the Staff Regulations which is in force on the first day of the month for which the allowance is to be paid.

2. The provisions of this Annex shall be reviewed after the Staff Regulations enter into force.

3. The period for which the official is to receive the allowance provided for in Articles 41 or 50 of the Staff Regulations shall be determined by multiplying his length of service by the appropriate percentage for his age as shown in the following table; this period shall, where requisite, be rounded off to the month next below.

Age	%	Age	%	Age	%	Age	%
20	18	30	33	40	48	50	63

4. During the period of entitlement to the allowance, and for the first six months thereafter, the official referred to in Articles 41 and 50 of the Staff Regulations shall be entitled, in respect of himself and persons covered by his insurance, to benefits under the sickness insurance scheme provided for in Article 72 of the Staff Regulations, on condition that the official pays the appropriate contribution calculated by reference, as the case may be, either to his basic salary or to the percentage thereof specified in paragraph 1 of this Article and that he is not gainfully employed.

At the end of the period referred to in the first subparagraph and on the conditions laid down therein, the official concerned may, at his request, continue to receive the benefits under the said sickness insurance scheme on condition that he bears the whole of the contribution referred to in Article 72(1) of the Staff Regulations.

When the official's entitlement to the allowance ceases, his contribution shall be calculated by reference to the monthly allowance last received.

Where the official has started to draw a pension under the pension scheme provided for in the Staff Regulations, he shall, for the purposes of Article 72 of the Staff Regulations, be treated in the same way as an official who has remained in the service until the age of 63 years.

Annex IVa: Part-time work (8) (96)

Article 1 (96)

The request for authorisation to work part time shall be submitted by the official through the official's immediate superior at least two months before the requested date, except in duly justified urgent cases.

Authorisation may be granted for a minimum of one month and a maximum of three years, without prejudice to the cases referred to in Article 15 and Article 55a(2)(e).

The authorisation may be renewed on the same terms. Applications for renewal shall be made by the official concerned at least two months before expiry of the period for which the authorisation was granted. Part-time work may not be less than half the normal working time.

A period of part-time work shall start on the first day of a month, except in duly justified cases.

Article 2 (96)

The Appointing Authority may, at the request of the official concerned, withdraw the authorisation before expiry of the period for which it is granted. The date of withdrawal may not be more than two months after the date proposed by the official or four months after that date if the part-time work was authorised for more than one year.

The Appointing Authority may, in exceptional cases and in the interests of the service, withdraw the authorisation before the expiry of a period for which it is granted, giving the official two months' notice.

Article 3 (96)

An official shall be entitled, during the period for which part-time work is authorised, to a percentage of his remuneration corresponding to the percentage of the normal time worked. However, the percentage shall not be applied to the dependent child allowance, the basic amount of the household allowance or the education allowance.

Contributions to the sickness insurance scheme shall be calculated by reference to the basic salary payable to an official working full time. Contributions to the pension scheme shall be calculated by reference to the basic salary received by an official working part time. The official may also request that contributions to the pension scheme be calculated by reference to the basic salary payable to an official working full time, in accordance with Article 83 of the Staff Regulations. Acquired pension rights, for the purposes of Articles 2, 3 and 5 of Annex VIII, shall be calculated in proportion to the percentage of contributions paid.

During the period of part-time work, the official may not work overtime or engage in any gainful activity, other than an activity in accordance with Article 15 of the Staff Regulations.

Article 4 (96)

Notwithstanding the first sentence of the first paragraph of Article 3, officials aged over 55 authorised to work half time in preparation for retirement shall receive a reduced basic salary equal to the higher of the two amounts obtained by applying the following percentages to the full-time basic salary:

- (a) either 60%
- (b) or the percentage corresponding to years of service within the meaning of Articles 2, 3, 4, 5, 9 and 9a of Annex VIII at the beginning of the period of half-time work, plus 10%.

Officials who make an application under this Article shall be required, when they cease to work half-time, either to retire or to repay the amount exceeding 50% of the basic salary received during the period of half-time work.

Article 5 (96)

The Appointing Authority may lay down detailed rules for the application of these provisions.

Annex V: Leave

Section 1: Annual leave

Article 1

In the year in which an official enters or leaves the service, he shall be entitled to two working days' leave per complete month of service, to two working days for an incomplete month consisting of more than 15 days and to one working day for an incomplete month of 15 days or less.

Article 2

Annual leave may be taken all at once or in several periods as desired by the official and according to the requirements of the service. It must, however, include at least one period of two consecutive weeks. An official entering the service shall be granted annual leave only after completing three months' duty; leave may be approved earlier than this in exceptional cases for reasons duly substantiated.

Article 3

If, during annual leave, an official contracts an illness which would have prevented him from attending for duty if he had not been on leave, his annual leave shall be extended by the duration of his incapacity, subject to production of a medical certificate.

Article 4

Where an official, for reasons other than the requirements of the service, has not used up all his annual leave before the end of the current calendar year, the amount of leave which may be carried over to the following year shall not exceed 12 days.

Where an official at the time of leaving the service has not used up all his annual leave, he shall be paid compensation equal to one thirtieth of his monthly remuneration at the time of leaving the service for each day's leave due to him.

A sum calculated in the manner provided for in the preceding paragraph shall be deducted from payment due to an official who at the time of leaving the service has drawn annual leave in excess of his entitlement up to that date.

Article 5

Where an official is recalled to duty for service reasons while on annual leave or has had his leave cancelled, any costs incurred by him shall be reimbursed, subject to production of appropriate evidence, and travelling time shall be granted afresh.

Section 2: Special leave

Article 6 (24) (96)

In addition to annual leave, an official may, on application, be granted special leave. In particular, in the following cases special leave shall be granted as shown:

- marriage of the official: four days;
- change of residence of the official: up to two days;
- serious illness of spouse: up to three days;
- death of spouse: four days;
- serious illness of a relative in the ascending line: up to two days;
- death of a relative in the ascending line: two days;
- marriage of a child: two days;
- birth of a child: 10 days, to be taken during the fourteen weeks following birth;

- death of the wife during maternity leave: a number of days corresponding to the remaining maternity leave; if the deceased wife is not an official, the remaining maternity leave is determined by applying the provisions of Article 58 of the Staff Regulations, by analogy;
- serious illness of a child: up to two days;
- very serious illness of a child, as certified by a doctor, or hospitalisation of a child aged 12 or under: up to five days;
- death of a child: four days;
- adoption of a child: 20 weeks, rising to 24 weeks in the case of the adoption of a disabled child:

Every adopted child shall confer entitlement to only one period of special leave, which may be shared between the adoptive parents if both are officials. It shall be granted only if the official's spouse engages in a gainful activity at least half-time. If the spouse works outside the institutions of the Communities and benefits from comparable leave, a corresponding number of days shall be deducted from the official's entitlement.

The Appointing Authority may, in case of necessity, grant additional special leave in cases where the national legislation of the country in which the adoption procedure takes place and which is not the country of employment of the adopting official requires a stay of one or both adoptive parents.

Special leave of 10 days shall be granted if the official does not benefit from the full special leave of 20 or 24 weeks by reason of the first sentence of this indent; this additional special leave shall be granted only once for each adopted child.

The institution may also grant special leave in the case of further training and instruction, within the limits laid down in the further training and instruction programme drawn up by the institution pursuant to Article 24a of the Staff Regulations.

For the purposes of this Article, the unmarried partner of an official shall be treated as the spouse where the first three conditions in Article 1(2)(c) of Annex VII are met.

Section 3: Travelling time

Article 7 (24)(96)

To the period of leave provided for in Section 1 above shall be added travelling time based on the distance by rail between the place of leave and the place of employment, calculated as follows:

- 50 to 250 km: one day for the outward-and-return journey,
- 251 to 600 km: two days for the outward-and-return journey,
- 601 to 900 km: three days for the outward-and-return journey,
- 901 to 1 400 km: four days for the outward-and-return journey,
- 1 401 to 2 000 km: five days for the outward-and-return journey,
- more than 2 000 km: six days for the outward-and-return journey.

For the purpose of this Article, the place of leave in respect of annual leave shall be the place of origin.

The preceding provisions shall apply to officials whose place of employment is within the territories of the Member States. If the place of employment is outside these territories, the travelling time shall be fixed by special decision taking into account particular needs.

Where special leave is granted in pursuance of Section 2 above, any travelling time shall be fixed by special decision taking into account particular needs.

Annex VI: Compensatory leave and remuneration for overtime

Article 1 (24) (96)

Within the limits laid down in Article 56 of the Staff Regulations, overtime worked by an official in grade AST 1 to AST 4 shall entitle him to compensatory leave or to remuneration as follows:

- (a) For each hour of overtime, he shall be entitled to one hour and a half off as compensatory leave; if the hour of overtime is worked between 22.00 and 7.00 or on a Sunday or on a public holiday, the entitlement to compensatory leave shall be two hours; in the granting of compensatory leave, account shall be taken of the requirements of the service and the preference of the official concerned.
- (b) Where the requirements of the service do not permit compensatory leave to be taken during the month following that during which the overtime was worked, the appointing authority shall authorise remuneration for uncompensated hours of overtime at the rate of 0.56% of the monthly basic salary for each hour of overtime on the basis set out in subparagraph (a).
- (c) To qualify for compensatory leave or remuneration for one hour's overtime, the extra time worked must have been more than 30 minutes.

Article 2

If an official is travelling on mission, the time taken to reach the place of assignment shall not be treated as overtime for the purposes of this Annex. As regards hours worked at the place of assignment in excess of the normal number of working hours, compensatory leave or remuneration, as the case may be, may be allowed by decision of the appointing authority.

Article 3 (96)

Notwithstanding the foregoing provisions of this Annex, remuneration for overtime worked by certain groups of officials in grade AST 1 to AST 4 in special conditions may be paid in the form of a fixed allowance the amount and terms of which shall be determined by the appointing authority after consulting the Joint Committee.

Annex VII: Remuneration and reimbursement of expenses**Section 1: Family allowances***Article 1*

(1) (2) (4) (5) (8) (9) (10) (11) (12) (13) (19) (23) (24) (27) (31) (32) (35) (36) (38) (40) (41) (42) (43) (45) (47)

 (74) (76) (78) (80) (81) (84) (87) (89) (90) (92) (93) (95) (96)

1. The household allowance shall be set at a basic amount of EUR 149,39, plus 2% of an official's basic salary.
2. The household allowance shall be granted to:
 - (a) a married official;
 - (b) an official who is widowed, divorced, legally separated or unmarried and has one or more dependent children within the meaning of Article 2(2) and (3) below;
 - (c) an official who is registered as a stable non-marital partner, provided that:
 - (i) the couple produces a legal document recognised as such by a Member State, or any competent authority of a Member State, acknowledging their status as non-marital partners,
 - (ii) neither partner is in a marital relationship or in another non-marital partnership,
 - (iii) the partners are not related in any of the following ways: parent, child, grandparent, grandchild, brother, sister, aunt, uncle, nephew, niece, son-in-law, daughter-in-law;
 - (iv) the couple has no access to legal marriage in a Member State; a couple shall be considered to have access to legal marriage for the purposes of this point only where the members of the couple meet all the conditions laid down by the legislation of a Member State permitting marriage of such a couple.
 - (d) by special reasoned decision of the appointing authority based on supporting documents, an official who, while not fulfilling the conditions laid down in (a), (b) and (c), nevertheless actually assumes family responsibilities.
3. If the spouse of an official is gainfully employed, with an annual income before deduction of tax, of more than the basic annual salary of an official in the second step of grade 3, weighted at the rate for the country where the spouse carries out his or her occupation, the official entitled to the household allowance shall not receive this allowance save by special decision of the appointing authority. The official shall, however, be entitled to the allowance where the married couple have one or more dependent children.
4. In cases where, under the foregoing provisions, a husband and wife employed in the service of the Communities are both entitled to the household allowance, this shall be payable only to the person whose basic salary is the higher.
5. If the official is entitled to the household allowance only by virtue of paragraph 2(b) and a person other than the official has by law or by an order of court or of the competent administrative authority been given custody of all his dependent children within the meaning of Articles 2(2) and (3) below, the household allowance shall be paid to that other person in the name and on behalf of the official. This condition shall be deemed to be fulfilled in the case of dependent children who have reached their majority if such children have their normal residence with the other parent.

If, however, the official's children are in the care of several different persons, the household allowance shall be divided among them according to the number of children in their care.

If the person eligible by virtue of the foregoing to receive the household allowance paid in the official's name is also eligible to receive this allowance by reason of his or her own status as official or other member of staff, that person shall receive the higher of the two allowances only.

1. An official who has one or more dependent children shall, in accordance with paragraphs 2 and 3 below, receive an allowance of EUR 326,44 per month for each dependent child.

2. "Dependent child" means the legitimate, natural or adopted child of an official, or of his spouse, who is actually being maintained by the official.

The same shall apply to a child for whom an application for adoption has been lodged and the adoption procedure started.

Any child whom the official has a responsibility to maintain under a judicial decision based on Member States' legislation on the protection of minors shall be treated as a dependant child.

3. The allowance shall be granted:

- (a) automatically for children under 18 years of age;
- (b) on application, with supporting evidence, by the official for children between 18 and 26 who are receiving educational or vocational training.

The requirement of attendance at a school which charges fees shall not apply to the reimbursement of the cost of school transport.

Entitlement to this allowance commences on the first day of the month in which the child begins to attend a primary educational establishment and shall cease at the end of the month in which the child reaches the age of 26.

The allowance paid shall be subject to a ceiling of twice the maximum prescribed in the first subparagraph for:

- an official whose place of employment is at least 50 km from, either:
 - a European school, or
 - an educational establishment working in his language which the child attends for imperative educational reasons duly supported by evidence;
- an official whose place of employment is at least 50 km from an establishment of higher education in the country of which he is a national or working in his language, provided that the child actually attends an establishment of higher education at least 50 km from the place of employment and the official is entitled to the expatriation allowance; the latter condition shall not apply if there is no such establishment in the country

of which the official is a national or where the child attends a higher education establishment in a country other than that of the official's place of employment;

- in the same condition as in the foregoing two indents, persons entitled to the allowance who are not in active service, taking account of the place of residence instead of the place of employment.

The requirement of attendance at a school that charges fees shall not apply to payments under the third subparagraph.

If custody of the child in respect of whom the education allowance is paid has been entrusted by law or by an order of court or of the competent administrative authority to another person, the education allowance shall be paid to that person in the name and on behalf of the official. In such case, the distance of at least 50 km referred to in the preceding paragraph shall be calculated from the place of residence of the person having custody of the child.

2. For each dependent child within the meaning of Article 2(2) of this Annex who is less than five years old or is not yet in regular full-time attendance at a primary or secondary school, the amount of this allowance is fixed at EUR 79,74 a month. The first sentence of the last subparagraph of paragraph 1 shall apply.

(a) to officials:

- who are not and have never been nationals of the State in whose territory the place where they are employed is situated, and
- who during the five years ending six months before they entered the service did not habitually reside or carry on their main occupation within the European territory of that State. For the purposes of this provision, circumstances arising from work done for another State or for an international organisation shall not be taken into account;

(b) to officials who are or have been nationals of the State in whose territory the place where they are employed is situated but who during the 10 years ending at the date of their entering the service habitually resided outside the European territory of that State for reasons other than the performance of duties in the service of a State or of an international organisation.

The expatriation allowance shall not be less than EUR 442,78 per month.

2. An official who is not and has never been a national of the State in whose territory he is employed and who does not fulfil the conditions laid down in paragraph 1 shall be entitled to a foreign residence allowance equal to one quarter of the expatriation allowance.

3. For the purposes of paragraphs 1 and 2, an official who has, by marriage, automatically acquired, without the possibility of renouncing it, the nationality of the State in whose territory his or her place of employment is situated, shall be treated in the same way as an official covered by the first indent of paragraph 1(a).

Section 3: Reimbursement of expenses

A. Installation allowance

Article 5 (8) (10) (96)

1. An installation allowance equal to two months' basic salary in the case of an official who is entitled to the household allowance, and equal to one month's basic salary in other cases shall be paid to an established official who furnishes evidence that a change in the place of residence was required in order to satisfy the requirements of Article 20 of the Staff Regulations.

In cases where a husband and wife who are officials or other servants of the European Communities are both entitled to the installation allowance, this shall be payable only to the person whose basic salary is the higher.

The installation allowance shall be weighted at the rate fixed for the place where the official is employed.

2. An installation allowance of the same amount shall be paid to any official who is transferred to a new place of employment and is thereby obliged to change his place of residence in order to comply with Article 20 of the Staff Regulations.

3. The installation allowance shall be calculated by reference to the official's marital status and salary either on the effective date of his establishment or on the date of his transfer to a new place of employment.

The installation allowance shall be paid on production of documents establishing the fact that the official, together with his family if he is entitled to the household allowance, has settled at the place where he is employed.

4. An official who is entitled to the household allowance and does not settle with his family at the place where he is employed shall receive only half the allowance to which he would otherwise be entitled; the second half shall be paid when his family settles at the place where he is employed, provided that it does so within the periods laid down in Article 9(3). Where the official is transferred to the place where his family resides before his family has settled at the place where he is employed, he shall not thereby be entitled to an installation advance.

5. An established official who has received an installation allowance and who voluntarily leaves the service of the Communities within two years from the date of entering it shall, on leaving the service, refund part of the allowance, in proportion to the unexpired portion of that two-year period.

6. An official in receipt of installation allowance shall declare any allowance of like nature which he receives from other sources; such latter allowances shall be deducted from the allowance provided for in this Article.

B. Resettlement allowance

Article 6 (8) (10) (96)

1. An established official who provides evidence of a change of residence shall be entitled on termination of service to a resettlement allowance equal to two months' basic salary in the case of an official who is entitled to the household allowance or to one month's basic salary in other cases, provided that he has completed four years of the service and does not receive a similar allowance in his new employment. In cases where a husband and wife who are officials or other servants of the Communities are both entitled to the resettlement allowance, this shall be payable only to the person whose basic salary is the higher.

For the purpose of calculating his service, account shall be taken of years spent in any administrative status listed in Article 35 of the Staff Regulations other than leave on personal grounds.

This minimum period shall not apply in the case of retirement in the interests of the service.

The resettlement allowance shall be weighted at the rate fixed for the place where the official was last employed.

2. In the event of the death of an established official, the resettlement allowance shall be paid to the surviving spouse or, in the absence of such a person, to the dependants within the meaning of Article 2 above, even if the requirement as to length of service laid down in paragraph 1 is not satisfied.

3. The resettlement allowance shall be calculated by reference to the official's marital status and salary at the date of termination of service.

4. The resettlement allowance shall be paid against evidence that the official and his family, or, where the official has died, his family only, have resettled at a place situated not less than 70 km from the place where the official was employed.

Resettlement of an official or of the family of a deceased official shall take place within three years of the date of termination of his service.

This time-limit shall not apply as against persons entitled under him who can prove that they were unaware of the foregoing provisions.

C. Travel expenses

Article 7 (24) (96)

1. An official shall be entitled to reimbursement of travel expenses for himself, his spouse and his dependants actually living in his household:

- (a) on taking up his appointment, from the place where he was recruited to the place where he is employed;
- (b) on termination of service within the meaning of Article 47 of the Staff Regulations, from the place where he is employed to the place of origin as defined in paragraph 3 below;
- (c) on any transfer involving a change in the place where he is employed.

In the event of the death of an official, the widow and dependants shall be entitled to reimbursement of travel expenses under the same conditions.

Travel expenses shall also include the cost of seat reservations, transport of luggage and, where applicable, hotel expenses necessarily incurred.

2. The basis for calculating the reimbursement shall be the first-class rail fare on the shortest and most economical habitual route by rail between the place of employment and the place of recruitment or origin.

Where the route referred to in the first subparagraph exceeds 500 km and in cases where the usual route includes a sea crossing, the official concerned shall be entitled, on production of the tickets, to reimbursement of the cost of travel by air in business class or equivalent. Where a means of transport other than those mentioned above is used, calculation of reimbursement shall be based on the cost by rail, excluding sleeper accommodation. Where calculation on this basis is not possible, the terms of reimbursement shall be determined by special decision of the Appointing Authority.

3. An official's place of origin shall be determined when he takes up his appointment, account being taken of where he was recruited or the centre of his interests. The place of origin as so determined may by special decision of the appointing authority be changed while the official is in service or when he leaves the service. While he is in the service, however, such decision shall be taken only exceptionally and on production by the official of appropriate supporting evidence.

The effect of such a change shall not, however, be such as to recognise as the centre of the official's interests, a place outside the territories of the Member States of the Communities or of the countries and territories listed in Annex IV to the Treaty establishing the European Economic Community.

Article 8 (8) (10) (24) (40)(96)

1. Officials shall be entitled to be paid in each calendar year a sum equivalent to the cost of travel from the place of employment to the place of origin as defined in Article 7 for themselves and, if they are entitled to the household allowance, for the spouse and dependants within the meaning of Article 2.

Where a husband and wife are both officials of the Communities, each has the right in respect of himself or herself and in respect of dependants to the flat-rate payment of travelling expenses, in accordance with the above provisions; each dependant shall be entitled to one payment only. The payment in respect of dependent children is fixed at the request of the husband or wife, on the basis of the place of origin of one or other of them.

Where an official marries during a given year and thereby becomes entitled to the household allowance, the travel expenses payable for the spouse shall be calculated in proportion to the period from the date of the marriage to the end of the year.

Any alteration to the basis of calculation which may arise from changes in family status after the date of payment of the sums in question shall not render the official concerned liable to make repayment.

Travel expenses for children aged two to ten years shall be calculated on the basis of half of the kilometric allowance and half the flat-rate supplement, the children being deemed for the purposes of calculation to have completed their second or tenth year on 1 January of the current year.

2. The flat-rate payment shall be based on an allowance per kilometre of distance between the official's place of employment and place of recruitment or origin; such distance to be calculated according to the method laid down in the first subparagraph of Article 7(2).

The kilometric allowance shall be:

EUR 0 for every km from	0	to	200 km
EUR 0,3320 for every km from	201	to	1 000 km
EUR 0,5533 for every km from	1 001	to	2 000 km
EUR 0,3320 for every km from	2 001	to	3 000 km
EUR 0,1106 for every km from	3 001	to	4 000 km
EUR 0,0532 for every km from	4 001	to	10 000 km
EUR 0 for every km over	10 000 km		

To the above kilometric allowance a flat-rate supplement shall be added, amounting to:

EUR 166 if the distance by train between the place of employment and the place of origin is between 725 km and 1 450 km,

EUR 331,99 if the distance by train between the place of employment and the place of origin is greater than 1 450 km,

The above kilometric allowances and flat-rate supplements shall be adapted every year in the same proportion as remuneration

3. An official whose service is terminated in the course of a calendar year for any reason other than death or who is on leave on personal grounds during part of the year shall, if he is in active employment in the service of an institution of the three European Communities for less than nine months of that year, be entitled only to part of the payment provided for in paragraph 1, calculated in proportion to the time spent in active employment.

4. The preceding provisions shall apply to officials whose place of employment is within the territories of the Member States. Officials whose place of employment is outside the territory of the Member States shall be entitled for themselves and, if they are entitled to receive the household allowance, for their spouse and other dependants within the meaning of Article 2, in each calendar year, to repayment of travel expenses to their place of origin, or to repayment of travel expenses to another place not exceeding the expense of travel to the place of origin. However, if the spouse and the persons referred to in Article 2(2) do not live with the official at the place of employment, they shall be entitled each calendar year to reimbursement of travel expenses from the place of origin to the place of employment or to another place not exceeding the cost of the former journey.

These travel expenses shall be reimbursed in the form of a flat-rate payment based on the cost of air travel in the class immediately superior to economy class.

D. Removal expenses

Article 9

1. The expenses incurred in respect of removal of furniture and personal effects, including the cost of insurance against ordinary risks (breakage, theft, fire), shall be reimbursed to an official who is obliged to change his place of residence in order to comply with Article 20 of the Staff Regulations and who has not been reimbursed in respect of the same expenses from another source. Such reimbursement shall not exceed the amount of an estimate approved in advance. Not less than two estimates shall be submitted to the appropriate departments of the institution, which may, if they consider the estimates to be excessive, select another removal firm. In the latter case, entitlement to reimbursement may be limited to the amount of that firm's estimate.

2. On termination of service or on the death of an official, the expenses incurred in respect of removal from the place where he was employed to his place of origin shall be reimbursed.

Where the deceased official was unmarried, the expenses shall be reimbursed to those entitled under him.

3. In the case of an established official, removal shall be effected within one year of the end of his probationary period.

On termination of service, removal shall be effected within three years as provided in the second subparagraph of Article 6(4).

Removal expenses arising after the expiry of the time-limits set out above shall be reimbursed only in exceptional cases by special decision of the appointing authority.

E. Daily subsistence allowance

Article 10

(8) (10) (12) (13) (19) (23) (27) (31) (32) (35) (36) (38) (41) (42) (43) (45) (47) (48) (49) (53) (54) (56) (57) (58) (59) (60) (65) (66) (68) (70) (71) (72) (74) (76) (78) (80) (81) (84) (87) (89) (90) (92) (93) (95) (96)

1. Where an official furnishes evidence that a change in the place of residence is required in order to comply with Article 20 of the Staff Regulations, such official shall be entitled for a period specified in paragraph 2 of this Article to a subsistence allowance per calendar day as follows:

Official entitled to receive household allowance: EUR 34,31.

Official not entitled to receive household allowance: EUR 27,67.

The above scale shall be reviewed each time remuneration are revised pursuant to Article 65 of the Staff Regulations.

2. The period in respect of which the daily subsistence allowance is granted shall be as follows:

- (a) in the case of an official who is not entitled to the household allowance: 120 days;
- (b) in the case of an official who is entitled to the household allowance: 180 days or, if the official is a probationer, the period of probation plus one month.

In cases where a husband and wife who are officials or other servants of the European Communities are both entitled to the basic subsistence allowance, the period in respect of which it is granted as laid down in (b) shall apply to the person whose basic salary is the higher. The period laid down in (a) shall apply to the other person.

In no case shall the daily subsistence allowance be granted beyond the date on which the official removes in order to satisfy the requirements of Article 20 of the Staff Regulations.

F. Mission expenses

Article 11 (96)

1. An official travelling on mission and holding an appropriate travel order shall be entitled to reimbursement of travel expenses and to daily subsistence allowance in accordance with the following provisions.

2. The travel order shall state the probable duration of the mission, on the basis of which shall be calculated any advance which the official may draw against the daily subsistence allowance. Save where a special decision is taken, no advance shall be payable where the mission is not expected to involve an absence of more than 24 hours and is to be carried out in a country using the same currency as that used in the place where the official is employed.

3. Save in special cases, to be determined by special decision and in particular where an official is called back from leave, the reimbursement of mission expenses shall be limited to the cost of the most economical journey between the place of employment and the place of mission which does not require the official on mission to extend his stay significantly.

Article 12 (8) (14) (24) (78) (81) (96)

1. Travel by rail

Travel expenses for missions carried out by rail shall be reimbursed on presentation of supporting documents on the basis of the cost of transport in first class by the shortest route between the place of employment and the place of the mission.

2. Travel by air

Officials shall be authorised to travel by air if the outward and return journeys by rail would total at least 800 kilometres.

3. Travel by sea

The Appointing Authority shall authorise in each case and on the basis of the length and cost of the journey the classes to be used and the cabin supplements which may be reimbursed.

4. Travel by car

Travel costs shall be reimbursed in the form of a lump sum based on the rail cost, in accordance with point 1; no other supplement shall be paid.

In the case of an official travelling on mission in special circumstances, however, the Appointing Authority may decide to grant that official an allowance per kilometre covered instead of the reimbursement of travel costs provided for above, if the use of public transport presents clear disadvantages.

*Article 13**(3) (6) (14) (17) (20) (22) (26) (29) (33) (39) (50) (55) (61) (78) (81) (82) (83) (85) (96)*

1. The daily subsistence allowance for missions shall comprise a flat-rate sum to cover all expenses incurred by the person on mission: breakfast, two main meals and incidental expenses, including local travel. Accommodation costs, including local taxes, shall be reimbursed up to a maximum fixed for each country, on production of supporting documents.

2. (a) The scale for the Member States is as follows:

(b) The scale for missions in countries outside the European territory of the Member States shall be fixed and adjusted periodically by the Appointing Authority.

3. The Council shall review every two years the rates set out in paragraph 2(a). This review shall take place in the light of a report by the Commission on the prices of hotels, restaurants and catering services, taking into account the indexes on the evolution of such prices. For the purpose of this review, the Council shall act on a proposal by the Commission by the qualified majority provided for in the first indent of the second subparagraph of Article 205(2) of the EC Treaty.

Article 13a (96)

Detailed rules for the application of Articles 11, 12 and 13 of this Annex shall be laid down by the various institutions under the general implementing provisions.

G. Fixed reimbursement of expenses

Article 14

1. Officials who, by reason of their duties, regularly incur entertainment expenses may be granted a fixed rate allowance by the appointing authority, which shall determine the amount thereof.

In special cases, the appointing authority may in addition decide that part of the cost of accommodation for the officials concerned also be borne by the institution.

2. In the case of officials who, as a result of special instructions, occasionally incur entertainment expenses for official purposes, the amount of the entertainment allowance shall be determined in each instance on the basis of supporting documents and on terms to be laid down by the appointing authority.

Article 14a (96)

Repealed

Article 14b (96)

Repealed

Article 15 (78) (81) (96)

By decision of the appointing authority, senior management staff within the meaning of Article 29(2) of the Staff Regulations who do not have an official car at their disposal may receive a fixed allowance, not exceeding EUR 892,42 a year to cover normal travel within the boundaries of the town where they are employed.

The allowance may, by reasoned decision of the appointing authority, be granted to an official whose duties constantly require him to make journeys for which he is authorised to use his own car.

Section 4: Payment of sums due

Article 16 (78)

1. Payment of remuneration to officials shall be made on the 15th day of each month for the month then current. The amount of remuneration shall be rounded off to the nearest cent above.

2. Where remuneration is not due in respect of a complete month, the amount shall be divided into thirtieths, and

- (a) where the actual number of days payable is 15 or less, the number of thirtieths due shall equal the actual number of days payable;
- (b) where the actual number of days payable is more than 15, the number of thirtieths due shall equal the difference between the actual number of days not payable and 30.

3. Where entitlement to family allowances and expatriation allowances commences after the date of entering the service, the official shall receive these from the first day of the month in which such entitlement commences. On cessation of such entitlement, the official shall receive the sum due up to the last day of the month in which entitlement ceases.

Article 17 (28) (96)

1. Payment shall be made to each official at the place and in the currency of the country where he carries out his duties.

2. In the conditions laid down in rules fixed by the Community institutions by common consent after consulting the Staff Regulations Committee, officials may regularly have part of their remuneration transferred by their institution of employment to another Member State.

Under the preceding provision the following may be transferred, separately or in combination:

- (a) for children attending an education establishment in another Member State, a maximum amount per dependent child equal to the amount of the education allowance actually received for that child;
- (b) on production of valid supporting documents, regular payments to all other persons residing in the relevant Member State to whom the official provides evidence of having an obligation by virtue of a decision of the courts or the competent administrative authority.

The transfers referred to in point (b) may not exceed 5% of the official's basic salary.

3. The transfers provided for in paragraph 2 shall be made at the exchange rate referred to in the second paragraph of Article 63 of the Staff Regulations. The amounts transferred shall be multiplied by a coefficient representing the difference between the correction coefficient for the country to which the transfer is made as defined in point (b) of Article 3(5) of Annex XI to the Staff Regulations and the correction coefficient applied to the remuneration of the official (referred to in point (a) of Article 3(5) of Annex XI to the Staff Regulations).

4. Apart from the transfers referred to in paragraphs 1 to 3, an official may request a regular transfer to another Member State at the monthly exchange rate, without application of any coefficient. This transfer may not exceed 25% of the official's basic salary.

Annex VIII: Pension scheme

Chapter 1: General provisions

Article 1

1. Where the medical examination made before an official takes up his duties shows that he is suffering from sickness or invalidity, the appointing authority, in so far as risks arising from such sickness or invalidity are concerned, may decide to admit that official to guaranteed benefits in respect of invalidity or death only after a period of five years from the date of his entering the service of the Communities.

The official may appeal against such decision to the Invalidity Committee.

2. An official on leave for military service shall cease to benefit from the guarantees in respect of invalidity or death arising directly from an accident sustained, or sickness contracted, by reason of the military service. The foregoing provisions shall not affect the entitlement of survivors to pension on the basis of rights acquired by the official on the date when he is placed on leave for military service.

Chapter 2: Retirement pension and severance grant

Section 1: Retirement pension

Article 2 (8)

A retirement pension shall be payable on the basis of the total number of years of pensionable service acquired by the official. Each year of service reckoned as provided for in Article 3 shall entitle him to one year of pensionable service and each complete month to one twelfth of a year of pensionable service.

The maximum number of years of pensionable service which may be taken into account for the calculation of retirement pension rights shall be the number necessary to achieve the maximum pension, within the meaning of the second paragraph of Article 77 of the Staff Regulations.

Article 3 (24) (96)

Provided that the servants concerned have paid their shares of the pension contributions in respect of the periods of service concerned, the following shall be taken into account for the purpose of calculating years of pensionable service within the meaning of Article 2:

- (a) the period of service as an official of one of the institutions in one of the administrative statuses set out in Article 35(a), (b), (c), and (e) and (f) of the Staff Regulations. However, officials covered by Article 40 of the Staff Regulations shall be subject to the conditions laid down in the last sentence of the second subparagraph of paragraph 3 thereof;
- (b) periods of entitlement to the allowance under Articles 41 and 50 of the Staff Regulations, up to a maximum of five years;
- (c) periods of entitlement to an invalidity allowance;
- (d) periods of service in any other capacity in accordance with the Conditions of Employment of other servants. However, where members of the contract staff within the meaning of those Conditions of Employment become officials, the years of pensionable service they have acquired as members of the contract staff shall, up to the number of years of actual service, entitle them to a number of years of pensionable service as officials calculated on the basis of the ratio between the last basic salary received as a member of the contract staff and the first basic salary received as an official. The surplus contributions, if any, corresponding to the difference between the number of years of pensionable service calculated and the number of years of actual service, shall be reimbursed to the person concerned on the basis on the last basic salary received as a member of the contract staff. This provision shall, with the necessary changes, apply where officials become members of the contract staff.

Article 4 (46) (96)

1. An official who having previously completed a period of activity in the service of one of the institutions either as an official, as a member of the temporary staff or as a member of the contract staff resumes active employment with a Community institution shall acquire further pension rights. He may request that, in accordance with Article 3 of this Annex, for the purpose of calculating his pension rights, the whole of the period of service as an official, a member of the temporary staff or a member of the contract staff for which contributions have been paid be taken into account, subject to:

- (a) repayment of the severance grant paid under Article 12, plus compound interest at a rate of 3,5% per annum. Where Article 42 or 112 of the Conditions of Employment of other servants has been applied in the case of the official concerned, the latter shall also be required to repay the amount paid under that Article, plus compound interest at the abovementioned rate;
- (b) having an amount set aside for this purpose, before calculation of the credited contribution years provided for in Article 11(2) and providing the official has requested and obtained the application of that Article after resuming service, equal to the part of the amount transferred to the Community pension scheme that corresponds to the actuarial equivalent calculated and transferred to the scheme of origin pursuant to Article 11(1) or Article 12 (1) (b), plus compound interest at a rate of 3,5% per annum.

Where Article 42 or 112 of the Conditions of Employment of other servants has been applied in the case of the official concerned, the calculation of the amount to be set aside shall also take account of the amount paid under those Articles, plus compound interest at 3,5% per annum.

Where the amount transferred to the Community scheme is insufficient to make up the pension rights covering the previous period of employment in full, the official shall be authorised, on request, to make the amount up to that defined at point (b) of the first paragraph.

2. The interest rate specified in paragraph 1 may be revised in accordance with the rules laid down in Article 10 of Annex XII.

Article 5 (8) (96)

Notwithstanding the provisions of Article 2 of this Annex, officials who remain in service after the age of 63 shall be entitled to an increase of their pension equal to 2% of the basic salary taken into account for the calculation of their pension per year worked after that age, with the proviso that the total of their pension plus the increase does not exceed 70% of their final basic salary as referred to in the second or third paragraph, as the case may be, of Article 77 of the Staff Regulations.

Such increase shall likewise be payable in the event of death of an official who has remained in the service after the age of 63 years.

Article 6 (8) (96)

The minimum subsistence figure for the purpose of calculating pension benefits shall correspond to the basic salary of an official at the first step of grade 1.

Article 7 (96)

Repealed

Article 8 (96)

"Actuarial equivalent of the retirement pension" means the capital value of the benefits accruing to the official by reference to the mortality table referred to in Article 9 of Annex XII and subject to 3,5% interest per annum, which rate may be revised in accordance with the rules laid down in Article 10 of Annex XII.

Article 9 (96)

1. An official leaving the service before reaching the age of 63 years may request that his retirement pension:

- (a) be deferred until the first day of the calendar month following that in which he reaches the age of 63; or

- (b) be paid immediately, provided that he is not less than 55 years of age. In this case, the retirement pension shall be reduced by an amount calculated by reference to the official's age when he starts to draw his pension.

The pension shall be reduced by 3,5% for every year before the one in which officials would become entitled to a retirement pension within the meaning of Article 77 of the Staff Regulations. If between the age at which entitlement to a retirement pension is acquired within the meaning of Article 77 of the Staff Regulations and the age of the person concerned at the time, the difference exceeds an exact number of years, an extra year shall be added to the reduction.

2. The Appointing Authority may decide, in the interests of the service on the basis of objective criteria and transparent procedures introduced by means of general implementing provisions, not to apply the above reduction to the officials concerned. The total number of officials and temporary servants, who retire without any reduction of their pension each year, shall not be higher than 10% of the officials in all institutions who retired the previous year. The annual percentage may vary from 8% to 12%, subject to a total of 20% over two years and the principle of budget neutrality. Before five years have elapsed, the Commission shall submit to the European Parliament and the Council an evaluation report on the implementation of this measure. Where appropriate, the Commission shall submit a proposal to fix after five years the maximum annual percentage rate between 5% and 10% of all officials in all institutions who retired the previous year, on the basis of Article 283 of the EC Treaty.

Article 9a (96)

For the purposes of determining the reduced pension of officials who have acquired pension rights exceeding the equivalent of 70% of their final basic salary and who request immediate payment of their retirement pension in accordance with Article 9, the reduction under Article 9 shall be applied to a notional figure corresponding to the years of pensionable service rather than to an amount capped at 70% of the final basic salary. In no case, however, may the reduced pension thus calculated exceed 70% of the last basic salary within the meaning of Article 77 of the Staff Regulations.

Article 10

The right to receive payment of retirement pension shall have effect from the first day of the calendar month following that in which the official, whether automatically or at his own request, becomes eligible for that pension; he shall continue to receive his remuneration until his pension becomes payable.

Article 11 (40) (67) (96)

1. An official who leaves the service of the Communities to:

- enter the service of a government administration or a national or international organisation which has concluded an agreement with the Communities;
- pursue an activity in an employed or self-employed capacity, by virtue of which he acquires pension rights under a scheme whose administrative bodies have concluded an agreement with the Communities,

In case of such reduction however, the former official's income may not be less than the minimum subsistence figure laid down in Article 6 of Annex VIII, with the addition of any family allowances payable.

2. Where the official is in receipt of a retirement pension or an invalidity allowance, the Appointing Authority may decide to withhold an amount from the pension or the invalidity allowance for a given period; the effects of this measure shall not extend to the official's dependants. The official's income may not, however, be less than the minimum subsistence figure laid down in Article 6 of Annex VIII, with the addition of any family allowances payable.

3. A single case of misconduct shall not give rise to more than one disciplinary penalty.

Article 10 (96)

The severity of the disciplinary penalties imposed shall be commensurate with the seriousness of the misconduct. To determine the seriousness of the misconduct and to decide upon the disciplinary penalty to be imposed, account shall be taken in particular of:

- (a) the nature of the misconduct and the circumstances in which it occurred,
- (b) the extent to which the misconduct adversely affects the integrity, reputation or interests of the institutions,
- (c) the extent to which the misconduct involves intentional actions or negligence,
- (d) the motives for the official's misconduct,
- (e) the official's grade and seniority,
- (f) the degree of the official's personal responsibility,
- (g) the level of the official's duties and responsibilities,
- (h) whether the misconduct involves repeated action or behaviour,
- (i) the conduct of the official throughout the course of his career.

Section 4: Disciplinary proceedings not involving the Disciplinary Board

Article 11 (96)

The Appointing Authority may decide on the penalty of a written warning or reprimand without consulting the Board. The official concerned shall be heard before such action is taken by the Appointing Authority.

Section 5: Disciplinary proceedings before the Disciplinary Board

Article 12 (96)

1. The Appointing Authority shall submit a report to the Board, stating clearly the facts complained of and, where appropriate, the circumstances in which they arose, including any aggravating or extenuating circumstances.

2. The report shall be communicated to the official concerned and to the chairman of the Board, who shall bring it to the attention of the members of the Board.

Article 13 (96)

1. On receipt of the report, the official concerned shall have the right to obtain his complete personal file and take copies of all documents relevant to the proceedings, including exonerating evidence.
2. The official concerned shall have not less than 15 days from the date of receipt of the report initiating the disciplinary proceedings to prepare a defence.
3. The official concerned may be assisted by a person of his or her choice.

Article 14 (96)

If, in the presence of the Chairman of the Board, the official concerned acknowledges misconduct on his part and accepts unreservedly the report referred to in Article 12 of this Annex, the Appointing Authority may, in accordance with the principle of proportionality between the nature of the misconduct and the penalty being considered, withdraw the case from the Board. Where a case is withdrawn from the Board the Chairman shall deliver an opinion on the penalty considered.

Under this procedure the Appointing Authority may, by derogation from Article 11 of this Annex, impose one of the penalties provided for in Article 9(1) (a) to (d) of this Annex.

The official concerned shall be informed before acknowledging his misconduct of the possible consequences of such acknowledgement.

Article 15 (96)

Before the first meeting of the Board, the chairman shall give one of its members the task of preparing a general report on the matter and shall inform the other members of the Board accordingly.

Article 16 (96)

1. The official concerned shall be heard by the Board; at the hearing, he may submit observations in writing or orally, whether in person or through a representative. He may call witnesses.
2. The institution shall be represented before the Board by an official mandated by the Appointing Authority to this effect and having rights equivalent to those of the official concerned.
3. The Board may hear investigating officials from OLAF in cases where an investigation was initiated by the Office.

Article 17 (96)

1. If the Board does not consider that it has sufficiently clear information on the facts complained of or the circumstances in which they arose, it shall order an investigation in which each side can submit its case and reply to the case of the other side.
2. The chairman or a member of the Board shall conduct the investigation on behalf of the Board. For the purposes of the investigation, the Board may call for any documents relating to the matter before it. The institution shall comply with any such request within the time limit, if any, set by the Board. Where such a request is addressed to the official, note shall be taken of any refusal to comply.

Article 18 (96)

After consideration of documents submitted and having regard to any statement made orally or in writing and to the results of any investigation undertaken, the Board shall, by majority vote, deliver a reasoned opinion as to whether the facts complained of are established and as to any penalty to which those facts should give rise. This opinion shall be signed by all the members of the Board. Each member may attach to the opinion a divergent view. The Board shall transmit the opinion to the Appointing Authority and to the official concerned within two months of the date of receipt of the report of the Appointing Authority, provided that this time limit is commensurate with the degree of complexity of the case. Where an investigation has been held at the Board's initiative, the time limit shall be four months, provided that this period is commensurate with the degree of complexity of the case.

Article 19 (96)

1. The chairman of the Board shall not vote on matters before it, except as regards matters of procedure or where votes are tied.
2. The chairman shall ensure that the decisions of the Board are implemented and shall bring all information and documents relating to the case to the attention of each of its members.

Article 20 (96)

The secretary shall draw up minutes of meetings of the Disciplinary Board. Witnesses shall sign the minutes recording their evidence.

Article 21 (96)

1. Expenses incurred on the initiative of an official concerned in the course of disciplinary proceedings, and in particular fees paid to a person chosen to assist the official or for his defence, shall be borne by the official where the disciplinary proceedings result in the imposition of one of the penalties provided for in Article 9 of this Annex.
2. However, the Appointing Authority may decide otherwise in exceptional cases where the burden on the official concerned would be unfair.

Article 22 (96)

1. After hearing the official, the Appointing Authority shall take its decision as provided for in Articles 9 and 10 of this Annex within two months of receipt of the opinion of the Board. Reasons must be given for the decision.
2. If the Appointing Authority decides to close the case without imposing any disciplinary penalty, it shall so inform the official concerned in writing without delay. The official concerned may request that this decision be inserted in his personal file.

Section 6: Suspension

Article 23 (96)

1. If the Appointing Authority accuses an official of serious misconduct, whether through a failure to honour his professional obligations or through an infringement of the law, it may immediately suspend the person accused of that misconduct for a specified or indefinite period.
2. The Appointing Authority shall take this decision after hearing the official concerned, save in exceptional circumstances.

Article 24 (96)

1. The decision suspending an official shall state whether the official is to continue to receive his full remuneration during the period of suspension or what part thereof is to be withheld. The amount paid to the official shall not under any circumstances be less than the minimum subsistence figure laid down in Article 6 of Annex VIII to these Staff Regulations, with the addition of any family allowances payable.
2. The situation of a suspended official must be definitively settled within six months of the date on which the suspension takes effect. If no such decision is taken within six months, the official concerned shall be entitled to again receive full remuneration, subject to paragraph 3.
3. Remuneration may continue to be withheld in part after the six-month deadline referred to in paragraph 2 if the official concerned is the subject of criminal proceedings for the same acts and is in custody as a result of those proceedings. In such cases the official shall not receive full remuneration until the competent court has ordered his release.
4. Sums withheld under paragraph 1 shall be repaid to the official if the final decision imposes a disciplinary penalty no more severe than a written warning, reprimand or deferment of advancement to a higher step, or if no disciplinary penalty is imposed; in the latter case, the repayment shall be made with compound interest at the rate defined in Article 12 of Annex XII.

Section 7: Parallel criminal prosecution

Article 25 (96)

Where the official is prosecuted for those same acts, a final decision shall be taken only after a final judgment has been handed down by the court hearing the case.

Section 8: Final provisions

Article 26 (96)

The decisions referred to under Articles 11, 14, 22 and 23 of this Annex shall be sent for information to OLAF in cases where an investigation was initiated by the Office.

Article 27 (96)

An official against whom a disciplinary penalty other than removal from post has been ordered may, after three years in the case of a written warning or reprimand or after six years in the case of any other penalty, submit a request for the deletion from his personal file of all reference to such measure. The Appointing Authority shall decide whether to grant this request.

Article 28 (96)

Where new facts supported by relevant evidence come to light, disciplinary proceedings may be reopened by the Appointing Authority on its own initiative or on application by the official concerned.

Article 29 (96)

If no case has been made against the official pursuant to Articles 1(3) and 22(2) of this Annex, the official shall be entitled to request that the damage suffered should be made good through suitable publicity for the decision of the Appointing Authority.

Article 30 (96)

Without prejudice to Article 2(3), each institution shall, if it sees fit, adopt implementing arrangements for this Annex after consulting its Staff Committee.

***Annex X: Special and exceptional provisions applicable
to officials serving in a third country (51)***

Chapter 1: General provisions

Article 1

This Annex lays down the special and exceptional provisions applicable to officials of the European Communities serving in a third country.

Only nationals of Member States of the Communities may be recruited to serve in such a country, the appointing authority not being permitted to invoke the exception provided for in Article 28(a) of the Staff Regulations.
General implementing provisions shall be adopted in accordance with Article 110 of the Staff Regulations.

Article 2 (96)

By decision of the appointing authority in the interests of the service, officials shall be transferred periodically, if necessary without regard to vacant posts.

The Appointing Authority shall make such transfers by a specific procedure referred to as the 'mobility procedure', for which it shall lay down detailed implementing rules, after consulting the Staff Committee.

Article 3 (96)

Under the mobility procedure, an official assigned to a third country may, by decision of the Appointing Authority, be reassigned temporarily with his post to the seat of the institution or any other place of employment in the Community; such assignments, which shall not be preceded by a vacancy notice, may not be for more than four years. By way of derogation from the first subparagraph of Article 1, the appointing authority may decide, on the basis of general implementing provisions, that the official shall remain subject to certain provisions of this Annex for the duration of this temporary assignment, excluding Articles 5, 10 and 12 thereof.

Chapter 2: Obligations

Article 4

An official shall carry out his duties at the place to which he is assigned on recruitment or on transfer in the interests of the service following the mobility procedure.

Article 5 (96)

1. If the institution provides the official with accommodation which corresponds to the level of his duties and to the composition of his dependent family, he shall reside in it.

2. Detailed rules for the application of paragraph 1 shall be laid down by the Appointing Authority, after consultation of the Staff Committee. The Appointing Authority shall also decide on the entitlement to furniture and other fittings for accommodation, in line with the conditions applying at each place of employment.

Chapter 3: Working conditions

Article 6 (96)

An official shall, per calendar year, be entitled to annual leave three and a half working days for each month of service.

Article 7(96)

In the year in which an official takes up or ceases to perform his duties in a third country, he shall be entitled to three and a half working days leave for each complete month of service, to three and a half working days for an incomplete month consisting of more than 15 days and to two working days for an incomplete month of 15 days or less.

Where an official, for reasons other than the requirements of the service, has not used up his annual leave before the end of the current calendar year, the amount of leave which may be carried over to the following year shall not exceed 14 working days.

Article 8

By way of exception, the appointing authority may, by special reasoned decision, grant an official rest leave on account of particularly difficult living conditions at his place of employment. For each such place, the appointing authority shall determine the town(s) where rest leave may be taken.

Article 9 (96)

1. Annual leave may be taken all at once or in several periods, according to what the official desires and taking account of the requirements of the service. It must, however, include at least one period of 14 working days.

2. The rest leave referred to in Article 8 may not exceed a period of 15 working days for each year of service.

The period of rest leave shall be extended by the addition of travelling time calculated in accordance with Article 7 of Annex V to the Staff Regulations.

Chapter 4: Emoluments and social security benefits

Section 1: Emoluments and family allowances

Article 10 (96)

1. An allowance for living conditions shall be fixed, according to the official's place of employment, as a percentage of a reference amount. This reference amount shall comprise the total basic salary, plus the expatriation allowance, household allowance and dependent child allowance, less the compulsory deductions referred to in the Staff Regulations or in the regulations adopted to implement them.

Where an official is employed in a country in which living conditions can be deemed equivalent to those normally obtaining in the Community, no such allowance shall be payable.

In the case of other places of employment, the allowance for living conditions shall be fixed as follows.

The parameters taken into account for fixing the allowance for living conditions shall be the following:

- health and hospital environment,
- security,
- climate,

to which three parameters shall be applied a weighting of 1:

- degree of isolation,
- other local conditions,

to which two parameters shall be applied a weighting of 0.5.

Each parameter shall have the following value:

0: where conditions are normal but not equivalent to those normally obtaining in the Community,

2: where conditions are difficult compared with those normally obtaining in the Community,

4: where conditions are very difficult compared with those normally obtaining in the Community.

The allowance shall be fixed as a percentage of the reference amount referred to in the first subparagraph, in accordance with the following scale:

- 10% where the value equals 0,
- 15% where the value is greater than 0 but not greater than 2,
- 20% where the value is greater than 2 but not greater than 5,
- 25% where the value is greater than 5 but not greater than 7,

- 30% where the value is greater than 7 but not greater than 9,
- 35% where the value is greater than 9, but not greater than 11,
- 40% where the value is greater than 11.

The allowance for living conditions fixed for each place of employment shall be reviewed and, where appropriate, adjusted each year by the appointing authority after the opinion of the Staff Committee has been obtained.

Officials who, in the course of their career, have been assigned to a place considered difficult or very difficult and where the allowance for living conditions corresponds to 30%, 35% or 40% and who accept a transfer to another place where the allowance corresponds to 30%, 35% or 40% shall receive, in addition to the allowance for living conditions for their new place of employment, a supplementary premium of 5% of the reference amount referred to in the first subparagraph.

That premium shall be granted cumulatively on each assignment of the official to a place of employment considered difficult or very difficult; however, the sum of the allowance for living conditions and the premium may not exceed 45% of the reference amount referred to in the first subparagraph.

2. If living conditions at the place of employment are such as to put the official at personal risk, a temporary additional allowance shall be paid to him by special reasoned decision of the appointing authority. This allowance shall be fixed as a percentage of the reference amount referred to in the first subparagraph of paragraph 1:

- at 5% where the authority advises its staff not to settle their families in the place of employment,
- at 10% where the authority decides to reduce temporarily the number of staff serving in the place of employment.

Article 11 (78)

Remuneration, as also the allowances referred to in Article 10, shall be paid in euro in Belgium. They shall be subject to the weighting applicable to the remuneration of officials employed in Belgium.

Article 12

At the request of the official, the appointing authority may decide to pay all or part of his remuneration in the currency of the country of employment. In that event, it shall be subject to the weighting for the place of employment and shall be converted on the basis of the corresponding exchange rate.

In duly substantiated exceptional cases, the appointing authority may make all or part of this payment in a currency other than of the country of employment in such a way as to maintain purchasing power.

Article 13 (96)

In order to ensure as far as possible that officials enjoy equivalent purchasing power irrespective of their place of employment, the Council shall determine the weighting referred to in Article 12 once a year. The Council shall, by the written procedure within one month, act on a proposal from the Commission by the qualified majority provided for in the first eventuality set out in the second subparagraph of Article 148(2) of the Treaty establishing the European Economic Community and of Article 118 of the Treaty establishing the European Atomic Energy Community. Should a Member State request formal examination of the Commission proposal, the Council shall act within two months.

Where however, in the case of a given country, the variation in the cost of living measured on the basis of the weighting and the corresponding exchange rate is found to have exceeded 5% since the last adjustment, the Commission shall decide on interim measures for adjusting the weighting and shall inform the Council thereof as soon as possible.

Article 14

The Commission shall submit an annual report to the Council on the application of this Annex and in particular on the fixing of the rate of the allowance for living conditions as provided for in Article 10.

Article 15

On the conditions laid down by the appointing authority, the official shall receive an education allowance to cover the actual education costs incurred, payment of the allowance being made on the production of supporting documents. Except in cases deemed exceptional by the appointing authority, this allowance shall not exceed three times the doubled maximum education allowance.

Article 16 (78) (96)

Reimbursements due to officials shall be paid in euro, in the currency of the country of employment or in the currency in which the expenditure was incurred, on the basis of a reasoned request from the official.

Officials may opt to have installation or resettlement allowances paid in either euro or the currency of the place of installation or resettlement; in the latter case, they shall be subject to the weighting fixed for the place in question and converted at the corresponding exchange rate.

Section 2: Rules relating to the reimbursement of expenses

Article 17 (96)

An official provided accommodation pursuant to Article 5 or 23 of this Annex and who, for reasons beyond his control, is obliged to change his residence at the place of employment shall, by special reasoned decision of the appointing authority, be reimbursed the expenses incurred in respect of removal of furniture and personal effects, on production of supporting documents and in accordance with the rules on removals.

In such cases, he shall have the other expenses incurred by this change of residence reimbursed on production of supporting documents, subject to a ceiling equal to half the installation allowance.

Article 18 (96)

An official who, at his place of employment, is staying at a hotel because the accommodation provided for in Article 5 cannot be allocated to him or is no longer available to him or who, for reasons beyond his control, has not been able to take possession of his accommodation shall be reimbursed the hotel expenses of himself and his family on production of the hotel bills, after prior authorisation by the appointing authority.

The official shall also receive the daily allowance provided for in Article 10 of Annex VII, less 50%, except in cases of force majeure to be determined by the Appointing Authority.

Where hotel accommodation cannot be provided, the official shall be entitled to reimbursement of the actual cost of renting temporary accommodation, after prior approval by the appointing authority.

Article 19 (96)

An official who does not have access to a staff car for travel on official business directly connected with the performance of his duties shall receive a mileage allowance for the use of his own car. The amount of the allowance shall be fixed by the Appointing Authority.

Article 20

An official shall be entitled to travel expenses for rest leave from his place of employment to the authorised place of leave for himself and, if he is entitled to the household allowance, for his spouse and dependents if they live with him.

Where travel by train is impossible or impracticable, reimbursement shall be by special decision on production of the air tickets, whatever the distance.

Article 21 (96)

Where an official is obliged to change his place of residence in order to comply with Article 20 of the Staff Regulations on taking up his appointment or on transfer, the institution shall, subject to the conditions laid down by the Appointing Authority and depending on the type of accommodation that can be provided for him at the place of employment, bear the cost of:

- (a) moving part or all of his furniture and personal effects from their location at the time to the place of employment and of transporting his personal effects, in the event that unfurnished accommodation is provided;
- (b) transporting his personal effects or of storage of his furniture and personal effects in the event that furnished accommodation is provided .

In the event of termination of service or death, the institution shall, subject to the conditions laid down by the appointing authority, bear the actual cost of moving an official's furniture and personal effects from their location at the time to his place of origin or of transporting his personal effects from the place of employment to his place of origin. Reimbursement may be made for any or all of these costs.

In the event of the death of an unmarried official, reimbursement shall be made to those entitled under him.

Article 22

The temporary accommodation allowance and the cost of transporting the personal effects of his spouse and dependants shall be advanced to a probationer official by the institution.

In the event of the probationer official not being established at the end of his probationary period, the institution may in exceptional cases take steps to recover up to half of these sums on the basis of the provisions laid down by the appointing authority.

Article 23 (96)

Where the official is not provided with accommodation by the institution, his rent shall be reimbursed, provided that the accommodation corresponds to his duties and to the composition of his dependent family.

Section 3: Social security benefits

Article 24

The official, his spouse, his children and other persons dependent on him shall be covered by supplementary sickness insurance for the difference between expenditure actually incurred and payments from the scheme provided for in Article 72 of the Staff Regulations; no reimbursement shall be made under Article 72(3).

Half the premium shall be paid by the official and half by the institution. However, the official's contribution shall not exceed 0.6% of his basic salary, any balance shall be paid by the institution.

The official, his spouse, his children and other persons dependent on him shall be insured for repatriation on health grounds in the case of an emergency or extreme emergency; the premium shall be paid entirely by the institution.

Article 25

The spouse, children and other persons dependent on the official shall be insured against accidents occurring outside the Community in the countries appearing on a list adopted for this purpose by the appointing authority.

Half the premium shall be paid by the official and half by the institution.

Annex XI: Rules for implementing Articles 64 and 65 of the Staff Regulations (62) (96)**Chapter 1 – Annual review of remuneration provided for in
Article 65(1) of the Staff Regulations****Section 1: Factors determining annual adjustments***Article 1 (96)***1. Report from the Statistical Office of the European Communities (Eurostat)**

For the purposes of the review provided for in Article 65(1) of the Staff Regulations, Eurostat shall draw up every year before the end of October a report on changes in the cost of living in Brussels, the economic parities between Brussels and certain places in the Member States, and changes in the purchasing power of salaries in national civil services in central government.

2. Changes in the cost of living for Brussels (Brussels International Index)

Eurostat shall draw up an index, based on data provided by the Belgian authorities, to measure changes in the cost of living for officials of the Communities in Brussels. This index (hereinafter the "Brussels International Index") shall take into account the changes between June of the previous year and June of the current year and shall be based on the statistical methodology defined by the Working Group on Article 64 of the Staff Regulations referred to in Article 13.

3. Changes in the cost of living outside Brussels (economic parities and implicit indices)

(a) Eurostat shall, in agreement with national statistical institutes or other appropriate authorities in the Member States, calculate the economic parities which establish the equivalence of purchasing power:

(i) of the salaries of officials of the Communities serving in the capitals of the Member States, except for the Netherlands where The Hague is used instead of Amsterdam, and in certain other places of employment with reference to Brussels,

(ii) of the pensions of officials paid in the Member States with reference to Belgium.

(b) The economic parities shall refer to the month of June each year.

(c) The economic parities shall be calculated in such a way that each basic component can be updated twice per year and checked by a direct survey at least once every five years. Eurostat shall update the economic parities using the most appropriate indices as defined by the Working Group on Article 64 of the Staff Regulations referred to in Article 13.

(d) Outside Belgium and Luxembourg, changes in the cost of living during the reference period shall be measured by the implicit indices. These indices are calculated by multiplying the Brussels International Index by the change in the economic parity.

4. Changes in the purchasing power of salaries of national civil servants in central government (specific indicators).

(a) For the purpose of measuring the percentage change, either upward or downward, in the purchasing power of salaries in the national civil services, Eurostat shall, on the basis of information supplied before the end of September by the national authorities concerned, calculate specific indicators reflecting changes in the real remuneration of civil servants in central government, between the month of July of the previous year and the month of July of the current year. The two should include one twelfth of all annually-paid elements.

The specific indicators shall take two forms:

(i) one indicator for each of the function groups, as defined in the Staff Regulations,

(ii) an average indicator weighted to reflect the number of national civil servants corresponding to each function group.

Each of these indicators shall be established in real gross and real net terms. For the transition from gross to net, account shall be taken of statutory deductions and general taxation factors.

To establish the gross and net indicators for the European Union total, Eurostat shall use a sample composed by the following Member States: Belgium, Germany, Spain, France, Italy, Luxembourg, Netherlands and United Kingdom. The Council, acting on a Commission proposal under Article 65(3) of the Staff Regulations, may adopt a new sample which represents at least 75% of the European Union GDP and which will apply from the year following its adoption. The results per country shall be weighted in proportion to its national GDP measured using purchasing power parities as shown in the most recent statistics published in accordance with the national accounts definitions in the European System of Accounts currently in force.

(b) At the request of Eurostat, the appropriate national authorities shall supply it with the additional information which it considers necessary in order to draw up a specific indicator accurately measuring changes in the purchasing power of national civil servants.

If, after further consultation of the national authorities concerned, Eurostat finds statistical anomalies in the information obtained or finds it impossible to draw up indicators which measure with statistical accuracy the changes in the real income of civil servants in a given Member State, it shall report to the Commission and provide it with all the material it needs to make an assessment.

(c) Besides the specific indicators, Eurostat shall calculate certain control indicators. One such indicator shall be in the form of data on real per capita emoluments in central government, drawn up in accordance with the national accounts definitions in the European System of Accounts currently in force.

The Eurostat report on the specific indicators shall be accompanied by comments on the differences between these indicators and the above-mentioned control indicators.

Article 2 (96)

The Commission shall produce a comprehensive report every three years on the recruitment requirements of the institutions and transmit it to the European Parliament and the Council. On the basis of this report the Commission shall, if necessary, present proposals based on all relevant factors to the Council after consulting the other institutions within the framework of the Staff Regulations.

Section 2: Arrangements for the annual adjustment of remuneration and pensions

Article 3 (96)

1. Under Article 65(3) of the Staff Regulations, the Council, acting on a Commission proposal and on the basis of the criteria set out in Section 1 of this Annex, shall take a decision before the end of each year adjusting remuneration and pensions, with effect from 1 July.

2. The amount of the adjustment shall be obtained by multiplying the Brussels International Index by the specific indicator. The adjustment shall be in net terms as a uniform across-the-board percentage.

3. The amount of the adjustment thus fixed shall be incorporated, in accordance with the following method, in the basic salary tables appearing in Article 66 of the Staff Regulations and in Annex XIII to the Staff Regulations and in Articles 20, 63 and 93 of the Conditions of Employment of other servants:

(a) the net remuneration and net pension without correction coefficient shall be increased or reduced by the annual adjustment referred to above,

(b) the new table of basic salaries shall be drawn up by calculating the gross amount which, after deduction of tax having regard to paragraph 4 and compulsory deductions for social security and pension contributions, corresponds to the net amount,

(c) the conversion of net amounts into gross amounts shall be based on the situation of an unmarried official who does not receive the allowances provided for in the Staff Regulations.

4. For the purposes of applying Regulation (EEC, Euratom, ECSC) No 260/68, the amounts in Article 4 of that Regulation shall be multiplied by a factor composed of:

(a) the factor resulting from the previous adjustment, and/or

(b) the rate of adjustment of remuneration referred to in paragraph 2.

5. No correction coefficient shall be applicable in Belgium and Luxembourg.

The correction coefficients applicable:

(a) to the salaries of officials of the Communities serving in the other Member States and in certain other places of employment,

(b) by derogation from Article 82(1) of the Staff Regulations, to Community pensions paid in the other Member States for the part corresponding to the acquired rights acquired before 1 May 2004,

shall be determined on the basis of the ratios between the corresponding economic parities referred to in Article 1 of this Annex and the exchange rates specified in Article 63 of the Staff Regulations for the relevant countries.

The procedures laid down in Article 8 of this Annex concerning the retrospective application of correction coefficients in places of employment with a high rate of inflation shall apply.

6. The institutions shall make the corresponding positive or negative adjustment to the remuneration and pensions of the officials, former officials and other persons concerned with retroactive effect for the period between the effective date and the date of entry into force of the decision on the next adjustment.

If this retroactive adjustment necessitates the recovery of sums overpaid, such recovery may be spread over a period of not more than twelve months from the date of entry into force of the decision on the next annual adjustment.

Chapter 2 – Intermediate adjustments of remuneration and pensions (Article 65(2) of the Staff Regulations)

Article 4 (96)

1. Intermediate adjustments of remuneration and pensions pursuant to Article 65(2) of the Staff Regulations, taking effect on 1 January, shall be made in the event of a substantial change in the cost of living between June and December (by reference to the sensitivity threshold defined in Article 6(1) of this Annex) and with due allowance being made for the forecast of the change in purchasing power during the current annual reference period.

2. The Commission proposal shall be sent to the Council not later than the second half of April.

3. These intermediate adjustments shall be taken into account in the annual salary adjustment.

Article 5 (96)

1. In March each year Eurostat shall make a forecast of changes in purchasing power over the period concerned on the basis of the information supplied at the meeting provided for in Article 12 of this Annex.

If this forecast produces a negative percentage, half of this percentage shall be taken into account in the calculation of the intermediate adjustment.

2. The change in the cost of living for Brussels shall be measured by the Brussels International Index for the period from June to December of the previous calendar year.

3. For each place for which a correction coefficient has been set (other than Belgium and Luxembourg), an estimate for December of the economic parities mentioned in Article 1(3) shall be calculated. The change in the cost of living shall be calculated according to the rules set out in Article 1(3).

Article 6 (96)

1. The sensitivity threshold for the six-month period mentioned in Article 5(2) of this Annex shall be the percentage corresponding to 7% for a 12 month period.

2. The threshold shall be applied in accordance with the following procedure, subject to application of the second subparagraph of Article 5(1) of this Annex:

(a) if the sensitivity threshold is reached or exceeded in Brussels (as measured by the Brussels International Index between June and December), the remuneration for all places shall be adjusted following the annual adjustment procedure,

(b) if the sensitivity threshold is not reached in Brussels, only the correction coefficients of places where the change in the cost of living (as measured by the implicit indices between June and December) has exceeded the threshold shall be adjusted.

Article 7 (96)

For the purposes of Article 6 of this Annex:

The amount of the adjustment shall be the Brussels International Index, multiplied, where appropriate, by half of the specific indicator forecast if this is negative.

Correction coefficients shall be the ratio between the relevant economic parity and the exchange rate provided for in Article 63 of the Staff Regulations, multiplied, if the adjustment threshold is not reached for Brussels, by the value of the adjustment.

Chapter 3 – Date on which a correction coefficient comes into effect (places of employment with a high cost-of-living increase)

Article 8 (96)

1. For places with a high cost-of-living increase (as measured by the change in the implicit indices), the correction coefficient shall come into effect before 1 January in the case of the intermediate adjustment, or 1 July in the case of the annual adjustment. This is so as to bring the loss in purchasing power into line with what it would be in a place of employment where the change in the cost of living corresponded to the sensitivity threshold.

2. The effective dates for the annual adjustment shall be as follows:

- (a) 16 May for places of employment having an implicit index higher than 6,3%, and
- (b) 1 May for places of employment having an implicit index higher than 12,6%.

3. The effective dates for the intermediate adjustment shall be as follows:

- (a) 16 November for places of employment having an implicit index higher than 6,3%, and
- (b) 1 November for places of employment having an implicit index higher than 12,6%.

Chapter 4 – Creation and withdrawal of correction coefficients (Article 64 of the Staff Regulations)

Article 9 (96)

1. The appropriate authorities of the Member States concerned, the administration of an institution of the Communities or the representatives of officials of the Communities in a given place of employment can request the creation of a correction coefficient specific to that place.

This request should be supported by objective factors revealing an appreciable difference over some years in the cost of living between that place of employment and the capital of the Member State concerned (except for the Netherlands where The Hague is used instead of Amsterdam). If Eurostat confirms that the difference is appreciable (more than 5 %) and sustainable, the Commission should present a proposal to set a correction coefficient for that place.

2. Likewise the Council shall decide, on a proposal from the Commission, to withdraw the application of a correction coefficient specific to a certain place. In that case the proposal shall be based on one of the following:

- (a) a request by the appropriate authorities of the Member State concerned, the administration of an institution of the Communities or the representatives of officials of the Communities in a given place of employment showing that the cost of living in that place is no longer significantly different (less than 2 %) than that of the capital of the Member State concerned. This convergence should be sustainable and validated by Eurostat.
- (b) the fact that there are no longer any officials and temporary staff of the Communities employed in that place.

3. The Council shall decide on the proposal in accordance with the second paragraph of Article 64 of the Staff Regulations.

Chapter 5 – Exception clause

Article 10 (96)

If there is a serious and sudden deterioration in the economic and social situation within the Community, assessed in the light of objective data supplied for this purpose by the Commission, the latter shall submit appropriate proposals on which the Council shall act in accordance with the procedure laid down in Article 283 of the EC Treaty.

Chapter 6 – Role of Eurostat and relations with the appropriate authorities in the Member States

Article 11 (96)

It shall be the task of Eurostat to monitor the quality of basic data and statistical methods used to work out the factors taken into account for the adjustment of remuneration. In particular, it shall make any assessments or carry out any studies required for such monitoring.

Article 12 (96)

In March each year Eurostat shall convene a working group composed of experts from the appropriate authorities in the Member States to be known as the "Working Group on Article 65 of the Staff Regulations".

At this meeting, the statistical methodology and its implementation concerning specific and control indicators shall be examined.

The information required to produce a forecast of changes in purchasing power for the purposes of the intermediate adjustment of remuneration shall also be provided, together with the data on working hours in central government departments.

Article 13 (96)

At least once a year and not later than September, Eurostat shall convene a working group composed of experts from the appropriate authorities in the Member States to be known as the "Working Group on Article 64 of the Staff Regulations".

At this meeting, the statistical methodology and its implementation concerning the establishment of the Brussels International Index and economic parities shall be examined.

Article 14 (96)

At the request of Eurostat, Member States shall inform Eurostat of any factors having a direct or indirect impact on the composition and changes in the remuneration of central government civil servants.

Chapter 7 – Final provision and review clause

Article 15 (96)

1. The provisions of this Annex shall apply from 1 July 2004 to 31 December 2012.
2. They shall be reviewed at the end of the fourth year particularly in the light of their budgetary implications. To this end, the Commission shall submit a report to the European Parliament and the Council and, where appropriate, a proposal to amend this Annex on the basis of Article 283 of the EC Treaty.

ANNEX XII

Rules for implementing Article 83a of the Staff Regulations (96)

Chapter 1: General principles

Article 1 (96)

1. In order to determine the contribution of officials to the pension scheme referred to in Article 83 (2) of the Staff Regulations, the Commission shall, every five years starting in 2004, carry out the actuarial assessment of the balance of the pension scheme referred to in Article 83a (3) of the Staff Regulations. This assessment shall indicate whether the contribution of the officials is sufficient to finance one third of the cost under the pension scheme.
2. In preparation for the examination referred to in Article 83a(4) of the Staff Regulations, the Commission shall every year update this actuarial assessment, having regard to changes in the population as defined in Article 9 of this Annex, in the interest rate as defined in Article 10 of this Annex and in the rate of annual change in the salary scales of EC officials as defined in Article 11 of this Annex.
3. The assessment and updates shall be carried out in each year n , on the basis of the population of active members of the pension scheme at 31 December of the previous year ($n-1$).

Article 2 (96)

1. Any adjustment of the contribution rate shall take effect on 1 July at the same time as the annual adjustment of remunerations under Article 65 of the Staff Regulations. Any adjustment shall not lead to a contribution being more than one percentage point above or below the valid rate of the previous year.
2. The adjustment taking effect on 1 July 2004 shall not lead to a contribution higher than 9,75%. The adjustment taking effect on 1 July 2005 shall not lead to a contribution higher than 10.25%.
3. The difference established between the adjustment of the contribution rate which would have resulted from the actuarial calculation and the adjustment resulting from the variation referred to in paragraph 2 shall not be recovered at any time, or, consequently, taken into account in subsequent actuarial calculations. The contribution rate which would have resulted from the actuarial calculation shall be mentioned in the assessment report provided for in Article 1 of this Annex.

Chapter 2: Assessment of the actuarial balance

Article 3 (96)

The five-yearly actuarial assessments shall lay down the conditions for balance by taking into account, as charges on the scheme, the retirement pension as defined in Article 77 of the Staff Regulations, the invalidity allowance as defined in Article 78 of the Staff Regulations, survivors' pensions as defined in Articles 79 and 80 of the Staff Regulations.

Article 4 (96)

1. The actuarial balance shall be assessed on the basis of the method for calculation set out in this chapter.
2. Under the method, the "actuarial value" of the pension rights earned before the calculation date represents a past service liability, while the actuarial value of the pension rights that will be earned in the year of service beginning on the calculation date represents the "service cost".
3. It is assumed that all retirements (except for invalidity) will occur at a fixed average age (r). The average retirement age shall be updated only on the occasion of the five-yearly actuarial assessment referred to in Article 1 of this Annex and may be different for different groups of staff.
4. In determining the actuarial values:
 - (a) the future changes in each official's basic salary between the calculation date and the assumed retirement age shall be taken into account;
 - (b) the pension rights earned before the calculation date (the past service liability) shall not be taken into account.
5. All the relevant provisions provided for in these Staff Regulations (particularly in Annexes VIII and XIII) shall be taken into account in the actuarial evaluation of the service cost.

6. A smoothing process shall be applied to determine the real discount rate and the rate of annual change in the salary scales of officials of the Communities. The smoothing shall be obtained through a 12-year moving average for the interest rate and for the increase in the salary scales.

Article 5 (96)

1. The contribution formula is based on the equation:

$$\text{year n contribution rate} = \text{year n service cost} / \text{total annual basic salaries}$$

2. The contribution of officials to the cost of financing the pension scheme shall be calculated as one third of the ratio between the service cost of the current year (n) for all officials who are active members of the pension scheme and the total annual basic salaries for the same population of active members of the pension scheme at 31 December of the previous year (n-1).

3. The service cost shall be the sum of:

(a) the retirement service cost (detailed in Article 6 of this Annex), i.e. the actuarial value of the pension rights that will be earned during year n, including the value of the portion of that pension that will become payable to the surviving spouse and/or dependent children upon the death of the official after retirement (reversion);

(b) the invalidity service cost (detailed in Article 7 of this Annex), i.e. the actuarial value of the pension rights that will become payable to the active officials who are expected to become invalids during year n; and

(c) the survivor's service cost (detailed in Article 8 of this Annex), i.e. the actuarial value of the pension rights that will become payable on behalf of active officials who are expected to die during year n.

4. The evaluation of the service cost shall be based on the pension rights and on the appropriate annuities, as detailed in Articles 6 to 8 of this Annex.

These annuities shall give the actuarial present value of EUR 1 per year, taking into account the interest rate, the rate of annual change in the salary scales and the probability to be still alive at the age of retirement.

5. The minimum subsistence figures mentioned in Chapter 2 of Title V of the Staff Regulations and in Annex VIII shall be taken into account.

Article 6

1. In order to calculate the value of retirement pensions, the pension rights earned during year n shall be calculated for each active official by multiplying his projected basic salary at retirement by his applicable accrual factor.

If the cumulated pension rights (rights from the recruitment, including transfers) credited to the official at 31 December of year n-1 are at least 70% he will be deemed not to have acquired any right to pension during year n.

2. The Projected basic Salary (PS) at retirement shall be calculated starting from the basic salary at 31 December of the previous year and taking into account the rate of annual increase in the salary scales and the estimated annual rate of increase due to seniority and promotions as follows:

$$PS = SAL \times (1 + GSG + ISP)^m$$

where:

SAL = present salary

GSG = estimated annual rate of General Salary Growth, (the rate of annual change in the salary scales)

ISP = estimated annual rate of Increase due to Seniority and Promotions

m = difference between the assumed age of retirement (r) and the official's present age (x)

Since the calculations shall be made in real terms, net of inflation, the rate of annual change in the salary scales and the annual rate of increase due to seniority and promotions shall be rates of increases net of inflation.

3. On the basis of the calculation of the pension rights earned by a given official, the actuarial value of those pension rights (and of the reversionary pensions linked to them) shall be calculated by multiplying the annual pension rights as defined above by the sum of:

(a) an immediate deferred annuity at age x, deferred m years:

$${}_m|a_x = \sum_{k=m+1}^{\omega-x+1} \left(\frac{1}{1+\tau} \right)^{k-0.5} \times {}_kP_x \times (1+GSG)^{k-m-0.5}$$

where:

x = official's age at 31 December of year $n-1$

τ = interest rate

${}_kP_x$ = probability of a person of age x still being alive in k years

m = difference between the assumed age of retirement (r) and the official's present age (x)

GSG = estimated annual rate of General Salary Growth, (the rate of annual change in the salary scales)

ω = ceiling of the mortality table;

and

(b) an immediate deferred reversionary annuity at ages x and y , where y is the assumed age of the spouse. This latter annuity shall be multiplied by the probability of the official of being married and by the applicable reversion rate established in accordance with Annex VIII:

$${}_m|a_{xy} = \sum_{k=m+1}^{\omega-x+1} \left(\frac{1}{1+\tau} \right)^{k-0.5} \times {}_kP_y \times (1-{}_kP_x) \times (1+GSG)^{k-m-0.5}$$

where:

x = official's age at 31 December of year $n-1$

y = age of the official's spouse at 31 December of year $n-1$

τ = interest rate

${}_kP_x$ = probability of an official of age x still being alive in k years

${}_kP_y$ = probability of a person of age y (spouse of the official of age x) still being alive in k years

m = difference between the assumed age of retirement (r) and the official's present age (x)

GSG = estimated annual rate of General Salary Growth, (the rate of annual change in the salary scales)

ω = ceiling of the mortality table.

4. The calculation of the service cost for retirement shall take into account:

- (a) the accrual incentive for officials remaining in service after the pensionable age;
- (b) the reduction coefficient for officials leaving the service before the pensionable age.

Article 7 (96)

1. In order to calculate the value of invalidity allowances, the number of such allowances expected to become payable during year n shall be measured by applying to each active official the probability that he could become an invalid during the year. That probability shall then be multiplied by the annual amount of the invalidity allowances to which the official should become entitled.

2. In calculating the actuarial value of the invalidity allowances first becoming payable in year n , the following annuities shall be used:

- (a) an immediate temporary annuity at age x :

$$a_x = \sum_{k=1}^m \left(\frac{1}{1+\tau} \right)^{k-0.5} \times {}_k p_x \times (1 + GSG)^{k-0.5}$$

where:

x = official's age at 31 December of year n-1

τ = interest rate

${}_k p_x$ = probability of a person of age x still being alive in k years

m = difference between the assumed age of retirement (r) and the official's present age (x)

GSG = estimated annual rate of General Salary Growth, (the rate of annual change in the salary scales),

(b) an immediate reversionary annuity. This latter annuity shall be multiplied by the probability of the official of being married and by the applicable reversion rate:

$$a_{xy} = \sum_{k=1}^m \left(\frac{1}{1+\tau} \right)^{k-0.5} \times {}_k p_y \times (1 - {}_k p_x) \times (1 + GSG)^{k-0.5}$$

where:

x = official's age at 31 December of year n-1

y = age of the official's spouse at 31 December of year n-1

τ = interest rate

${}_k p_x$ = probability of a person of age x still being alive in k years

${}_k p_y$ = probability of a person of age y (spouse of the person of age x) still being alive in k year

m = difference between the assumed age of retirement (r) and the official's present age (x)

GSG = estimated annual rate of General Salary Growth, (the rate of annual change in the salary scales).

Article 8 (96)

1. The value of the pension rights that will become payable to survivors during year n shall be measured by applying to each active official the probability that he might die during the year. That probability shall then be multiplied by the annual amount of spouse's pension that will become payable in the current year. The calculation shall take into account the possible orphans' pensions that might become payable.

2. In calculating the actuarial value of the pension rights that will become payable to survivors during year n, an immediate annuity shall be used. This annuity shall be multiplied by the probability that the official is married:

$$a_y = \sum_{k=1}^{\omega-y+1} \left(\frac{1}{1+\tau} \right)^{k-0.5} \times {}_k p_y \times (1 + GSG)^{k-0.5}$$

where:

y = age of the official's spouse at 31 December of year n-1

τ = interest rate

${}_k p_y$ = probability of a person of age y (spouse of the person of age x) still being alive in k years

GSG = estimated annual rate of General Salary Growth, (the rate of annual change in the salary scales)

ω = ceiling of the mortality table.

Chapter 3: System of computation

Article 9 (96)

1. The demographic parameters to be taken into consideration for the actuarial assessment shall be based on observation of the population of participants in the scheme, comprising staff in active service and pensioners. This information shall be collected annually by the Commission using information received from the different institutions and agencies whose staff are members of the scheme.

From the observation of this population shall be deduced in particular the structure of the population, the average age of retirement and the invalidity table.

2. The mortality table shall relate to a population which has characteristics as close as possible to those of the population of members of the scheme. It shall be updated only on the occasion of the five-yearly actuarial assessment referred to in Article 1 of this Annex.

Article 10 (96)

1. The interest rates to be taken into consideration for the actuarial calculations shall be based on the observed average annual interest rates on the long-term public debt of Member States as published by the Commission. An appropriate consumer price index shall be used to calculate the corresponding interest rate net of inflation as needed for the actuarial calculations.

2. The effective annual rate to be taken into consideration for the actuarial calculations shall be the average of the real average interest rates for the 12 years preceding the current year.

Article 11 (96)

1. The annual change in the salary scales of officials to be taken into consideration for the actuarial calculations shall be based on the specific indicators referred to in Article 1(4) of Annex XI.

2. The effective annual rate to be taken into consideration for the actuarial calculations shall be the average of the net specific indicators for the European Union for the 12 years preceding the current year.

Article 12 (96)

The rate in Articles 4 and 8 of Annex VIII for the calculation of compound interest shall be the effective rate referred to in Article 10 of this Annex and shall, if necessary, be revised on the occasion of the five-yearly actuarial assessments.

Chapter 4 : Implementation

Article 13 (96)

1. Eurostat shall be the authority responsible for the technical implementation of this Annex.

2. Eurostat shall be assisted by one or more qualified independent experts in carrying out the actuarial assessments referred to in Article 1 of this Annex. Eurostat shall provide such experts with, in particular, the parameters referred to in Articles 9 to 11 of this Annex.

3. Each year on 1 September Eurostat shall submit a report on the assessments and updatings referred to in Article 1 of this Annex.

4. Any questions of methodology raised by the implementation of this Annex shall be dealt with by Eurostat in cooperation with national experts from the relevant departments of the Member States and the qualified independent expert or experts. Eurostat shall convene a meeting of this group for that purpose at least each year. However, Eurostat may convene more frequent meetings if it feels it necessary.

Chapter 5 : Revision clause

Article 14 (96)

1. Articles 2(1) second sentence, and (3), 9, 10, 11 and 12 of this Annex shall apply from 1 July 2004 to 30 June 2013.
 2. On the occasion of the five-yearly actuarial assessment, this Annex may be reconsidered by the Council, particularly in the light of its budgetary implications and actuarial balance, on the basis of a report together with, if appropriate, a proposal from the Commission made after securing the opinion of the Staff Regulations Committee. The Council shall act on this proposal by the qualified majority provided for in the first indent of Article 205 (2) of the EC Treaty.
 3. By way of derogation from Article 83a of the Staff Regulations and paragraph 2 of this Article, the second assessment, a report and, if necessary, a proposal from the Commission shall be submitted to the Council by the end of 2008.

Article 5 (96)

1. Notwithstanding Article 45 of the Staff Regulations, officials eligible for promotion on 1 May 2004 shall continue to be eligible even if they have not completed a minimum of two years in their grade.

2. Officials whose names appear before 1 May 2006 on the list of candidates suitable for transfer from one category to another shall, if transfer takes place as from 1 May 2004 be placed in the grade and step they occupied in the former category, or failing this at the first step in the starting grade of the new category.

3. Articles 1 to 11 of this Annex shall apply to temporary servants engaged before 1 May 2004 who are subsequently recruited as officials in accordance with paragraph 4.

4. Temporary servants whose names appear before 1 May 2006 on the list of candidates suitable for transfer from one category to another or on the list of successful candidates of an internal competition shall, if recruitment takes place as from 1 May 2004, be placed in the grade and step they occupied as a temporary servant in the former category, or failing this at the first step in the starting grade of the new category.

5. An official in grade A3 on 30 April 2004 shall, upon appointment after that date as Director, be promoted to the next higher grade, in accordance with Article 7(5) of this Annex. The last sentence of Article 46 of the Staff Regulations shall not apply.

Article 6 (96)

Without prejudice to Articles 9 and 10 of this Annex, for the first promotion of officials recruited before 1 May 2004, the percentages referred to in Article 6(2) of the Staff Regulations and in Annex I, point B to the Staff Regulations shall be adapted to comply with the arrangements in force in each institution prior to that date.

Where the promotion of an official takes effect prior to 1 May 2004, it shall be governed by the provisions of the Staff Regulations in force at the date on which the promotion takes effect.

Article 7 (96)

Basic monthly salaries of officials recruited before 1 May 2004 shall be determined in accordance with the following rules:

1. The renaming of grades pursuant to Article 2(1) of this Annex shall not lead to any changes in the basic monthly salary paid to each official.

2. For each official, a multiplication factor shall be calculated at 1 May 2004. This multiplication factor shall be equal to the ratio between the basic monthly salary paid to an official before 1 May 2004 and the applicable amount defined in Article 2(2) of this Annex.

The basic monthly salary paid to the official on 1 May 2004 shall be equal to the product of the applicable amount and the multiplication factor.

The multiplication factor shall be applied in order to determine the official's basic monthly salary following advancement in step or adjustment of remunerations.

3. Notwithstanding the foregoing provisions, for periods after 1 May 2004 the basic monthly salary paid to an official shall be not less than that he would have received under the system in force before that date through automatic advancement in step in the grade formerly occupied by him. For each grade and step, the former basic salary to be taken into account is equal to the applicable amount after 1 May 2004 multiplied by the coefficient defined in Article 2(2) of this Annex.

4. An official in grades A*10 to A*16 and AD 10 to 16 respectively who is on 30 April 2004 head of unit, director or director-general, or is subsequently appointed head of unit, director or director general and has performed his new duties satisfactorily during the first nine months, shall be entitled to an increase in the basic monthly salary corresponding to the percentage between the first and the second step in each grade as set out in the tables in Article 2(1) and Article 8(1) of this Annex.

5. Without prejudice to paragraph 3, for each official, the first promotion after 1 May 2004 shall, depending on the category occupied before 1 May 2004 and the step occupied at the time the promotion takes effect, lead to an increase in basic monthly salary to be determined on the basis of the following table:

Step								
Grade	1	2	3	4	5	6	7	8
A	13,1%	11,0%	6,8%	5,7%	5,5%	5,2%	5,2%	4,9%
B	11,9%	10,5%	6,4%	4,9%	4,8%	4,7%	4,5%	4,3%
C	8,5%	6,3%	4,6%	4,0%	3,9%	3,7%	3,6%	3,5%
D	6,1%	4,6%	4,3%	4,1%	4,0%	3,9%	3,7%	3,6%

For the purpose of determining the applicable percentage, each grade shall be divided into notional steps corresponding to two months of service and into notional percentages reduced by one twelfth of the difference between the percentage for the step in question and that for the next higher step with each notional step.

For the purposes of calculating the salary before promotion of an official who is not in the last step of his grade, the value of the notional step shall be taken into account. For the purposes of this provision, each grade shall also be divided into notional salaries rising by one twelfth of the two-yearly increment for that grade throughout the span of the actual steps.

6. A new multiplication factor shall be determined upon this first promotion. That multiplication factor shall be equal to the ratio between the new basic salaries resulting from the application of paragraph 5 and the applicable amount in Article 2(2) of this Annex. Subject to paragraph 7, this multiplication factor shall be applied to the salary after advancement in step and adaptation of remunerations.

7. If, after promotion, the multiplication factor is less than 1, the official shall, by derogation from Article 44 of the Staff Regulations, remain in the first step of his new grade for as long as the multiplication factor remains below 1 or until he is promoted. A new multiplication factor shall be calculated to take account of the value of the advancement in step to which he or she would have been entitled under that Article. Once the factor rises to 1, the official shall start to advance in step in accordance with Article 44 of the Staff Regulations. If the multiplication factor is higher than one, any balance shall be converted into seniority in the step.

8. The multiplication factor shall be applied upon subsequent promotions.

Article 8 (96)

1. With effect from 1 May 2006, the grades introduced by Article 2(1) shall be renamed as follows:

1. Beneficiaries who were entitled in the month before 1 May 2004 to the fixed allowance mentioned in the former Article 4a of Annex VII to the Staff Regulations shall keep it *ad personam* up to grade 6. The amounts of the allowance shall be adjusted every year by the same percentage as the annual pay adjustment referred to in Annex XI of the Staff Regulations. When the net remuneration of an official who has been promoted to grade 7, as a consequence of the abolition of the fixed allowance, is lower than the net remuneration he received, all other conditions being unchanged, in the last month before the promotion, he shall be entitled to a compensatory allowance equal to the difference until his advancement to the next higher step in grade.

2. Officials in Categories C and D before 1 May 2004 who have not become members of the assistants' function group AST without restriction in accordance with Article 10(3) of this Annex shall continue to be entitled either to compensatory leave or to remuneration, where the requirements of the service do not allow compensatory leave during the month following that in which the overtime was worked, as provided for in Annex VI.

Article 19 (96)

If, during the transition period from 1 May 2004 to 31 December 2008, an official's net monthly remuneration, before application of any correction coefficient, is lower than the net remuneration he would have received under the same personal conditions in the month before 1 May 2004, he shall be entitled to a compensatory allowance equal to the difference. This provision shall not apply where the reduction of the net remuneration results from the annual pay adjustment referred to in Annex XI to the Staff Regulations. This net income guarantee shall not cover the effect of the special levy, the changes in the pension contribution rate or the changes in the arrangements for transferring part of the salary.

Section 4

Article 20 (96)

1. The pensions of officials who retire before 1 May 2004 shall be subject to the correction coefficient referred to in point (b) of Article 3(5) of Annex XI to the Staff Regulations for Member States in which they have established proven main residence.

The minimum applicable correction coefficient shall be 100.

If they establish their residence in a third country, the applicable correction coefficient shall be 100.

By way of derogation from Article 45 of Annex VIII, the pension of beneficiaries who reside in a Member State shall be paid in the currency of the Member State of residence under the conditions laid down in the second paragraph of Article 63 of the Staff Regulations.

2. By derogation from the first subparagraph of paragraph 1, from 1 May 2004 until 1 May 2009, pensions determined before 1 May 2004 shall be adjusted by applying the average of the correction coefficients referred to in points (a) and (b) of Article 3(5) of Annex XI to the Staff Regulations, used for the Member State in which the pension recipient has established proven main residence. That average shall be calculated on the basis of the correction coefficient shown in the following table:

From	1.5.2004	1.5.2005	1.5.2006	1.5.2007	1.5.2008
%	80% point (a) 20% point (b)	60% point (a) 40% point (b)	40% point (a) 60% point (b)	20% point (a) 80% point (b)	100% point (b)

Where at least one of the coefficients in Article 3(5) of Annex XI is amended, so is the average with effect from the same date.

3. For officials recruited before 1 May 2004 not receiving a pension as at 1 May 2004, the method of calculation of the preceding paragraphs shall apply at the time when pension rights are determined:

(a) to years of pensionable service within the meaning of Article 3 of Annex VIII acquired before 1 May 2004, and

(b) to years of pensionable service resulting from a transfer under Article 11 of Annex VIII concerning the pension rights acquired under the system of origin before 1 May 2004 by the official in service before 1 May 2004.

Their pensions shall be subject to the correction coefficient only if the residence of the official coincides with the country of their place of origin within the meaning of Article 7(3) of Annex VII. However, for family or medical reasons, officials receiving a pension may exceptionally request the Appointing Authority to change their place of origin. This decision shall be taken on production by the official concerned of appropriate supporting evidence.

By way of derogation from Article 45 of Annex VIII, the pension of beneficiaries who reside in a Member State shall be paid in the currency of the Member State of residence under the conditions laid down in the second paragraph of Article 63 of the Staff Regulations.

4. This Article shall apply by analogy to invalidity allowances and to allowances under Articles 41 and 50 of the Staff Regulations and Regulations (EEC) No 1857/89⁽¹⁾, (EC, Euratom, ECSC) 2688/95⁽²⁾, (EC Euratom, ECSC) 2689/95⁽³⁾, (EC, Euratom) No 1746/2002⁽⁴⁾, (EC, Euratom) No 1747/2002⁽⁵⁾ or (EC, Euratom) No 1748/2002⁽⁶⁾. However, this Article shall not apply to the beneficiaries of the allowance referred to in Article 41 of the Staff Regulations who reside in the country of their last place of employment.

Article 21 (96)

Notwithstanding the second sentence of the second paragraph of Article 77, officials who entered the service before 1 May 2004 shall be entitled to 2% of the salary referred to therein for every year of pensionable service calculated in accordance with Article 3 of Annex VIII.

Officials aged less than 30 years on 1 May 2004 shall become entitled to a retirement pension at the age of 63 years.

For officials in service before 1 May 2004 the pensionable age to be taken into consideration for all references to the pensionable age in these Staff Regulations shall be determined in accordance with the above provisions, save as otherwise provided in these Staff Regulations.

2. Notwithstanding Article 2 of Annex VIII, officials who enter the service before 1 May 2004 and remain in service after the age at which they would have become entitled to a retirement pension shall be entitled to an increase in the percentage of their basic pension for each year worked after that age, provided that their total pension does not exceed 70% of final basic salary within the meaning of the second or third paragraph of Article 77 of the Staff Regulations, as the case may be.

The increase shall also be granted in the event of death, if the official has remained in service beyond the age at which he became entitled to a retirement pension.

If, pursuant to Annex IVa, an official who enters the service before 1 May 2004 and working part-time contributes to the pension scheme in proportion to the time worked, the increase in pension entitlements provided for in this Article shall be applied only in the same proportion.

For officials aged 50 years or over or with 20 or more years' service, the increase in pension provided for in the previous subparagraph shall be equal to 5% of the amount of the pension rights acquired at the age of 60. For officials aged between 40 and 49, the maximum increase in pension shall be 3,0% of the salary taken into account for calculating the pension, but shall not exceed 4,5% of the pension rights acquired by those officials at the age of 60. For officials aged between 35 and 39, the maximum increase in the pension shall be 2,75% of the salary taken into account for calculating the pension, but shall not exceed 4,0% of the pension rights acquired by those officials at the age of 60. For officials aged between 30 and 34, the maximum pension bonus shall be 2,5% of the salary taken into account for calculating pension, but shall not exceed 3,5% of the pension rights acquired by those officials at the age of 60. For officials aged less than 30, the maximum increase in the pension shall be set at 2,0% of the salary taken into account for calculating the pension.

3. If in individual exceptional cases the introduction of the new pension provisions leads to an inequitable effect on the pension rights of certain officials to an extent that significantly departs from the average reductions, the Commission shall propose appropriate compensation measures to the Council. The Council shall act on this proposal by the qualified majority provided for in the first indent of Article 205(2) of the EC Treaty.

4. Officials who entered service before 1 May 2004 and who, after Articles 2, 3 and 11 of Annex VIII have been applied to them, cannot attain at the age of 65 the maximum retirement pension provided for in the second paragraph of Article 77 of the Staff Regulations, may acquire additional pension rights subject to that maximum limit.

The contributions payable by the officials concerned shall be equivalent to the entire amount of their and their employer's contributions under Article 83(2) of the Staff Regulations. The Commission shall, by means of general implementing provisions, lay down the method for calculating the contributions to be paid by the officials concerned in such a way as to ensure that such acquisition guarantees actuarial balance and the method is applied without financial subsidies from the pension scheme of the European institutions. The Commission shall adopt these general implementing provisions before 1 January 2005.

The officials concerned may qualify under this arrangement for five years after 1 May 2004, subject to a maximum period of contributions of: three months in the case of officials aged 45 to 49 on 1 May 2004; nine months in the case of officials aged 38 to 44 on that date; fifteen months in the case of officials aged 30 to 37 on that date; and two years in the case of officials aged less than 30 on that date.

Article 23 (96)

1. Notwithstanding Article 52 of the Staff Regulations, application of the second indent of Article 9 of Annex VIII may be requested by officials who enter the service before 1 May 2004 and who leave the service before the age at which they would have become entitled to a retirement pension in accordance with Article 22 of this Annex:

- (a) from the age of 50 for those aged at least 45 or with 20 or more years' service on 1 May 2004;

2. In such cases, in addition to the reduction in retirement pension rights referred to in Article 9 of Annex VIII for officials who leave the service at the age of at least 55 years, acquired pension rights shall be further reduced by 4,483% if receipt of pension commences at the age of 54 years; by 8,573% if receipt commences at the age of 53 years; by 12,316% if receipt commences at the age of 52 years; by 15,778% if receipt commences at the age of 51 years; and by 18,934% if receipt of retirement pension commences at the age of 50 years.

Article 24 (96)

1. In the case of a pension determined before 1 May 2004, the recipient's pension entitlement shall continue to be determined after that date in accordance with the rules applied when the entitlement was initially determined. The same holds true as regards cover under the joint sickness insurance scheme. However, the rules on family allowances and correction coefficients in force as from 1 May 2004 shall apply immediately without prejudice to the application of Article 20 of this Annex.

Notwithstanding the first subparagraph, recipients of an invalidity pension or a survivor's pension may ask to be covered by the provisions applicable as from 1 May 2004.

2. When these provisions enter into force, the nominal amount of net pension received before 1 May 2004 shall be guaranteed. That guaranteed amount shall nevertheless be adjusted if the recipient's family situation or country of residence changes. For persons who retire between 1 May 2004 and 31 December 2007, the nominal amount of net pension received on retirement shall be guaranteed with reference to the Staff Regulations provisions in force on the date of their retirement.

For the purposes of applying the first subparagraph, if the pension calculated on the basis of the provisions in force is less than the nominal pension as defined below, a compensatory amount equal to the difference shall be granted.

For recipients of a pension before 1 May 2004, the nominal pension shall be calculated each month taking into account the family situation and the country of residence at the time of calculation, and the Staff Regulations rules in force on the date preceding 1 May 2004.

For officials who retire between 1 May 2004 and 31 December 2007, the nominal pension shall be calculated each month taking into account family situation and country of residence at the time of calculation, and the Staff Regulations rules in force on the date when they retire.

In the event of the death after 1 May 2004 of a recipient of a pension determined before that date, the survivor's pension shall be determined taking into account the guaranteed nominal pension which the deceased was receiving.

3. Provided that recipients of an invalidity pension have not asked to be covered by the provisions applicable as from 1 May 2004, and have not been declared fit to resume their duties, their invalidity pensions thus maintained shall be considered retirement pensions when the recipients reach the age of 65 years.

4. Paragraphs 1 and 2 shall apply to recipients of one of the allowances paid under Articles 41 or 50 of the Staff Regulations or under Regulation (EEC) No 1857/89, Regulation (EC, Euratom, ECSC) 2688/1995, Regulation (EC Euratom, ECSC) No 2689/1995, Regulation (EC, Euratom) No 1746/2002, Regulation (EC, Euratom) No 1747/2002 or Regulation (EC, Euratom) No 1748/2002. However, their retirement pensions shall be determined in accordance with the rules in force on the date on which their payment commences.

Article 25 (96)

1. For pensions determined before 1 May 2004, the grade used for calculating pension shall be determined in accordance with the tables in Articles 2(1) and 8(1) of this Annex.

The basic salary taken into account for determining the recipient's pension shall be equivalent to the salary in the table in Article 66 of the Staff Regulations for the new grade thus determined, at the same step, weighted by a percentage equivalent to the ratio of basic salary under the old scale to that under the scale in Article 66 of the Staff Regulations for the same step.

For steps under the old scale without correspondence in the scale in Article 66 of the Staff Regulations, the last step of the same grade shall be used as the reference for calculating the percentage referred to in the second subparagraph.

For steps in grade D4 under the old scale, the first step in the first grade shall be used as the reference for calculating the percentage referred to in the second subparagraph.

2. On a transitional basis, the basic salary within the meaning of Articles 77 and 78 of the Staff Regulations and of Annex VIII shall be determined by applying the corresponding multiplication factor laid down in Article 7 to the salary which corresponds to the recipient's grading taken into account to determine entitlement to retirement pension or invalidity benefit, in accordance with the table in Article 66 of the Staff Regulations.

For steps under the old scale without correspondence in the scale in Article 66 of the Staff Regulations, the last step in the same grade shall be used as the reference for calculating the multiplication factor.

For retirement pensions and invalidity benefits determined between 1 May 2004 and 30 April 2006, Article 8(1) shall apply.

3. For recipients of a survivor's pension, paragraphs 1 and 2 of this Article shall apply by reference to the deceased official or former official.

4. Paragraphs 1 and 2 of this Article shall apply by analogy to recipients of one of the allowances paid under Articles 41 or 50 of the Staff Regulations or under Regulation (EEC) No 1857/89, Regulation (EC, Euratom, ECSC) 2688/1995, Regulation (EC Euratom, ECSC) No 2689/1995, Regulation (EC, Euratom) No 1746/2002, Regulation (EC, Euratom) No 1747/2002 or Regulation (EC, Euratom) No 1748/2002.

Article 26 (96)

1. Requests to qualify for the facilities for transfer of pension rights under Article 11(2) of Annex VIII submitted before 1 May 2004 shall be considered in accordance with the rules in force at the time of their submission.

2. In so far as the time limit stipulated in Article 11(2) of Annex VIII has not yet been exceeded on 1 May 2004, the officials concerned who did not submit such a request within the time limits previously stipulated, or whose request has been rejected for having been submitted after those time limits, shall still be able to submit or resubmit a request for transfer under Article 11(2) of Annex VIII.

3. Officials who submitted a request for transfer within the time limits but rejected the offer made to them, who did not submit a transfer request within the time limits previously stipulated, or whose request was rejected for having been submitted after those time limits, may still submit or resubmit such a request by 31 October 2004 at the latest.

4. In the cases provided for in paragraphs 2 and 3 of this Article, the institution where the official is working shall determine the number of pensionable years to be taken into account under its own scheme pursuant to the general implementing provisions adopted in respect of Article 11(2) of Annex VIII, which shall take into account the provisions of this Annex. However, for the purposes of paragraph 3 of this Article the official's age and grade to be taken into account shall be those at the time of establishment.

5. Officials who agreed to transfer their pension rights pursuant to Article 11(2) of Annex VIII before 1 May 2004 may request recalculation of the bonus already obtained under the Community institutions' pension scheme pursuant to that Article. Recalculation shall be based on the parameters in force at the time when the bonus was obtained, adjusted in accordance with Article 22 of this Annex.

6. Officials who obtain a bonus pursuant to paragraph 1 may, from notification of the bonus under the Community institutions' pension scheme, request application of paragraph 5.

Article 27 (96)

1. When the actuarial equivalent referred to in Article 11(1) and Article 12(1)(b) of Annex VIII to the Staff Regulations is calculated, officials and temporary staff shall be covered, for the portion of their rights relating to periods of service before 1 May 2004, by the provisions set out below.

The retirement pension actuarial equivalent may not be less than the sum of:

(a) the amount of the sums deducted from basic salary as pension contributions, plus compound interest at the rate of 3,5% a year;

(b) a severance grant proportional to the length of service actually completed, calculated on the basis of one and a half months of final basic salary subject to deduction per year of service;

(c) the total sum paid to the Communities in accordance with Article 11(2) of Annex VIII to the Staff Regulations, plus compound interest at the rate of 3,5% a year.

2. However, where officials or temporary servants leave because their contracts are revoked or terminated, the severance grant to be paid or actuarial equivalent to be transferred shall be determined in the light of the decision taken on the basis of Article 9 (1)(h) of Annex IX to the Staff Regulations.

3. - contract staff,
- local staff,
- special advisers.

Any reference in these Conditions of Employment to a person of the male sex shall be deemed also to constitute a reference to a person of the female sex, and vice-versa, unless the context clearly indicates otherwise.

Article 2 (18)(96)

For the purposes of these conditions of employment, 'temporary staff' means:

- (a) staff engaged to fill a post which is included in the list of posts appended to the section of the budget relating to each institution and which the budgetary authorities have classified as temporary;
- (b) staff engaged to fill temporarily a permanent post included in the list of posts appended to the section of the budget relating to each institution;
- (c) staff, other than officials of the Communities, engaged to assist either a person holding an office provided for in the Treaties establishing the Communities, or the Treaty establishing a Single Council and a Single Commission of the European Communities, or the elected President of one of the institutions or organs of the Communities, or one of the political groups in the European Parliament or the Committee of the Regions, or a group in the European Economic and Social Committee;
- (d) staff engaged to fill temporarily a permanent post paid from research and investment appropriations and included in the list of posts appended to the budget relating to the institution concerned.

Article 3 (96)

For the purposes of these conditions of employment, 'auxiliary staff' means:

- (a) staff engaged, within the limits set in Article 52, for the performance of full-time or part-time duties in an institution but not assigned to a post included in the list of posts appended to the section of the budget relating to that institution;
- (b) staff engaged, after the possibilities of temporary posting of officials within the institution have been examined, to replace certain persons who are unable for the time being to perform their duties, namely:
 - officials or temporary staff in the assistants' function group (AST);
 - exceptionally, officials or temporary staff in the administrators' function group (AD), other than senior staff (Directors-General or their equivalent in grades AD 16 or AD 15 and Directors or their equivalent in grades AD 15 or AD 14), occupying a highly specialized post;

such staff are paid from the total appropriations for the purpose under the section of the budget relating to the institution.

Article 3a (96)

1. For the purposes of these Conditions of Employment, "contract staff" means staff not assigned to a post included in the list of posts appended to the section of the budget relating to the institution concerned and engaged for the performance of full-time or part-time duties:

- (e) in other entities situated outside the European Union.

2. The Commission shall, on the basis of information provided by all institutions, submit a report to the budgetary authority each year on the employment of contract staff, which shall state whether the overall number of such members of the contract staff has remained within a limit of 75% of all employees in agencies, in other entities inside the European Union, in Representations and Delegations of Community institutions and in other entities situated outside the European Union respectively. If this limit has not been respected, the Commission shall propose to the agencies, the other entities inside the European Union, Representations and Delegations of Community institutions or other entities situated outside the European Union respectively, to take the appropriate corrective measures.

Article 3b (96)

For the purposes of these Conditions of Employment, "contract staff for auxiliary tasks" means staff engaged in an institution within the time limits set in Article 88 in one of the function groups referred to in Article 89:

- (a) to perform full- time or part-time duties others than those referred to in Article 3a(1)(a), without being assigned to a post included in the list of posts appended to the section of the budget relating to the institution concerned,
- (b) to replace, after the possibilities of temporary posting of officials within the institution have been examined, certain persons who are unable for the time being to perform their duties, namely:
 - (i) officials or temporary staff in the function group AST;

Temporary staff to whom Article 2(b) or (d) applies shall not be engaged for more than four years but their engagement may be limited to any shorter duration. Their contracts may be renewed not more than once for a maximum period of two years if the possibility of renewal has been provided for in the initial contract and within the limits provided for in that contract. At the end of that time, they shall no longer be employed as temporary staff under these provisions. On the expiry of their contracts, such servants may be assigned to established posts in the institutions only if they are appointed as officials in accordance with the Staff Regulations.

However, where a member of the temporary staff holds a contract for a fixed period, the duration of leave on personal grounds referred to in the second paragraph of Article 15 of the Staff Regulations shall be limited to the remainder of the term of the contract.

Any decision requiring damage suffered by the Communities as a result of serious misconduct to be made good, as provided for in Article 22 of the Staff Regulations, shall be taken by the authority referred to in the first paragraph of Article 6 after observing the formalities provided for in cases of dismissal for serious misconduct.

Decisions relating to individual members of the temporary staff shall be published as provided for in the second paragraph of Article 25 of the Staff Regulations.

Chapter 3

Conditions of engagement

Article 12 (77) (96)

1. The engagement of temporary staff shall be directed to securing for the institution the services of persons of the highest standard of ability, efficiency and integrity, recruited on the broadest possible geographical basis from among nationals of Member States of the Communities.

Temporary staff shall be selected without distinction as to race, political, philosophical or religious beliefs, sex or sexual orientation and without reference to their marital status or family situation.

2. A member of the temporary staff may be engaged only on condition that:

- (a) he is a national of one of the Member States of the Communities, unless an exception is authorized by the authority referred to in the first paragraph of Article 6, and enjoys his full rights as a citizen;
- (b) he has fulfilled any obligations imposed on him by the laws concerning military service;
- (c) he produces the appropriate character references as to his suitability for the performance of his duties;
- (d) he is physically fit to perform his duties; and
- (e) he produces evidence of a thorough knowledge of one of the languages of the Communities and of a satisfactory knowledge of another language of the Communities to the extent necessary for the performance of his duties.

3. The European Communities Personnel Selection Office (hereinafter "the Office") shall, at their request, provide assistance to the different institutions with a view to the selection of temporary staff, in particular by defining the contents of the tests and organising the selection procedures. The Office shall ensure the transparency of selection procedures for temporary staff engaged under Article 2 (a), (b) and (d).

4. At the request of an institution the Office shall, in selection procedures organised for the engagement of temporary staff, ensure the application of the same standards as for the selection of officials.

5. Each institution shall adopt general provisions on the procedures for recruitment of temporary staff in accordance with Article 110 of the Staff Regulations, as necessary.

Article 13 (46)

Before being engaged, a member of the temporary staff shall be medically examined by one of the institution's medical officers in order that the institution may be satisfied that he fulfils the requirements of Article 12(2)(d).

Article 33 of the Staff Regulations shall apply by analogy.

Article 14 (24) (44) (96)

A member of the temporary staff may be required to serve a probationary period not exceeding six months.

Where during his probationary period a member of the temporary staff is prevented, by sickness or accident, from performing his duties for one month or more, the authority authorized to conclude the contract of engagement may extend his probationary period by the corresponding length of time.

Not less than one month before the expiry of the probationary period, a report shall be made on the ability of the member of the temporary staff to perform the duties pertaining to his post and also on his conduct and efficiency in the service. The report shall be communicated to the person concerned, who shall have the right to submit his comments in writing. A member of the temporary staff whose work has not proved adequate to justify retention in his post shall be dismissed. However, the authority referred to in the first paragraph of Article 6 may, in exceptional circumstances, extend the probationary period for a maximum of six months, and possibly assign the member of the temporary staff to another department.

A report on the probationary member of temporary staff may be made at any time during the probationary period if his work is proving obviously inadequate. The report shall be communicated to the person concerned, who shall have the right to submit his comments in writing. On the basis of the report, the authority authorized to conclude contracts of engagement may decide to dismiss the member of the temporary staff before the end of the probationary period by giving him one month's notice.

A dismissed member of the temporary staff shall be entitled to compensation equal to one third of his basic salary per month of probation completed.

Article 15 (46) (96)

1. Temporary staff shall be graded initially in accordance with Article 32 of the Staff Regulations.

Where a member of the temporary staff is assigned to a post corresponding to a higher grade, as provided for in the third paragraph of Article 10, his grading shall be determined in accordance with Article 46 of the Staff Regulations.

2. The provisions of Article 43 of the Staff Regulations, concerning reports, shall apply by analogy.

Chapter 4

Article 16 (7) (46) (96)

Articles 42a, 42b and 55 to 61 of the Staff Regulations, concerning leave, hours of work, overtime, shiftwork, standby duty at place of work or at home and public holidays, shall apply by analogy. Special leave and parental and family leave shall not extend beyond the term of the contract.

The paid sick-leave provided for in Article 59 of the Staff Regulations shall not, however, exceed three months or the length of time worked by the member of the temporary staff, where the latter is longer. The leave shall not extend beyond the term of his contract.

On expiry of these time-limits, a servant whose contract is not terminated, notwithstanding that he is unable to resume his duties, shall be placed on unpaid leave.

However, where a servant contracts an occupational disease or sustains an accident in the performance of his duties, he shall continue to receive his full remuneration throughout the period during which he is incapable of working until such time as he is awarded an invalidity pension under Article 33.

Article 17 (44) (96)

In exceptional circumstances a member of the temporary staff may at his own request be granted unpaid leave on compelling personal grounds. The authority referred to in the first paragraph of Article 6 shall determine the length of such leave, which shall not exceed one quarter of the length of time already worked by the servant or:

- three months if the servant's seniority is less than four years;
- twelve months in all other cases.

Any period of leave granted in accordance with the preceding paragraph shall not count for purposes of the application of the third paragraph of Article 20.

While a member of the temporary staff is on unpaid leave his membership of the social security scheme provided for in Article 28 shall be suspended.

However, a member of the temporary staff who is not gainfully employed may, not later than one month following that in which unpaid leave begins, apply to continue to be covered against the risks referred to in Article 28, provided that he bears half the cost of the contributions provided for in that Article for the duration of his leave; the contribution shall be calculated by reference to his last basic salary.

Moreover, a member of the temporary staff to whom Article 2(c) or (d) applies who proves that he cannot acquire pension rights under another pension scheme may apply to continue to acquire further pension rights throughout the period of unpaid leave, provided that he bears the cost of a contribution equal to three times the rate laid down in Article 41; the contributions shall be calculated by reference to the basic salary for his grade and step.

Article 18 (44)

A member of the temporary staff who is called up for military service, alternative services or reserve training or who is recalled to serve in the armed forces shall be assigned leave for national service; for temporary staff engaged for a fixed period such leave may in no circumstances exceed the duration of the contract.

A member of the temporary staff who is called up for military service or alternative service shall cease to receive his remuneration but shall retain his right under these conditions of employment to advancement to a higher step. He shall also retain his right to retirement pension if, after completing his military service or alternative service, he pays up his pension contributions retroactively.

A member of the temporary staff who is called up for reserve training or who is recalled to service in the armed forces shall, during the period of training or recall, continue to receive his remuneration subject to deduction of an amount equal to his service pay.

Article 72 shall also apply to staff referred to in Article 39(2) who are in receipt of a retirement pension.

If, however, the medical examination provided for in Article 13 shows the servant to be suffering from sickness or invalidity, the authority referred to in the first paragraph of Article 6 may decide that expenses arising from such sickness or invalidity are to be excluded from the reimbursement of expenditure provided for in Article 72 of the Staff Regulations.

If a member of the temporary staff proves that he cannot obtain cover under any other sickness insurance scheme provided for by law or regulation, he may, on application made at the latest within one month following the expiry of his contract, continue to benefit from the sickness cover provided for in the first paragraph, for a period of not more than six months after the expiry of his contract. The contributions provided for in Article 72(1) of the Staff Regulations shall be based on his last basic salary and half thereof shall be charged to him.

The appointing authority may, after obtaining the advice of the institution's medical officer, decide that the one-month time-limit within which the application must be made and the six-month limit provided for in the preceding paragraph shall not apply where the person concerned is suffering from a serious or protracted illness

contracted during his employment, which he has reported to the institution before the end of the six-month period provided for in the preceding paragraph, on condition that the person concerned undergoes a medical examination arranged by the institution.

Article 28a (46) (78) (81) (96)

1. A former member of the temporary staff who is unemployed when his service with an institution of the European Communities has been terminated:

- who is not in receipt of a retirement or invalidity pension from the European Communities,
- whose service is not terminated by resignation or by cancellation of the contract for disciplinary reasons,

Where he is entitled to unemployment benefits under a national scheme, he shall be obliged to declare this to the institution to which he belonged, which shall immediately inform the Commission thereof. In such cases, the amount of those benefits will be deducted from the allowance paid under paragraph 3.

2. To be eligible for this unemployment allowance, a former member of the temporary staff shall:

- (a) be registered, at his own request, as seeking employment with the employment authorities of the Member States in which he establishes his residence;
- (b) fulfil the obligations laid down by the law of that Member State for persons in receipt of unemployment benefits under that law;
- (c) forward every month to the institution to which he belonged, which shall immediately forward it to the Commission, a certificate issued by the competent national employment authority stating whether or not he has fulfilled the obligations and conditions referred to in (a) and (b).

The allowance may be granted or maintained by the Community, even where the national obligations referred to under (b) have not been fulfilled, in cases of illness, accident, maternity, invalidity or a situation recognized as being similar or where the national authority, competent to meet those obligations, has given a dispensation.

The Commission shall, after obtaining the opinion of a Committee of experts, lay down such provisions as it deems necessary for applying this Article.

3. The unemployment allowance shall be set by reference to the basic salary attained by the former member of the temporary staff at the time of the termination of his service. The allowance shall be set at:

- (a) 60% of the basic salary for an initial period of 12 months,
- (b) 45% of the basic salary for the 13th to the 24th month,
- (c) 30% of the basic salary for the 25th to the 36th month.

Other than during an initial six-month period, in which the lower limit specified below is applicable but the upper limit is not, the amounts thus calculated may neither be less than EUR 1 171,52 nor exceed EUR 2 343,04. These limits shall be adjusted, in the same way as the salary scales set out in Article 66 of the Staff Regulations, in accordance with Article 65 of the Staff Regulations.

4. The period during which the unemployment allowance is payable to a former member of the temporary staff may not be more than 36 months from the date of termination of service and shall in no case exceed the equivalent of one third of the actual length of service completed. However, if, during that period, the former member of the temporary staff ceases to fulfil the conditions laid down in paragraphs 1 and 2, payment of the unemployment allowance shall be suspended. Payment shall resume if, before the expiry of that period, the former member of the temporary staff again fulfils the said conditions and is not entitled to national unemployment benefit.

5. A former member of the temporary staff who is eligible for the unemployment allowance shall be entitled to the family allowances provided for in Article 67 of the Staff Regulations. The household allowance shall be calculated on the basis of the unemployment allowance under the conditions laid down in Article 1 of Annex VII to the Staff Regulations.

The person concerned shall be obliged to declare any allowances of the same kind paid from other sources to himself or to his spouse; such allowances shall be deducted from those to be paid on the basis of this Article.

A former member of the temporary staff who is eligible for the unemployment allowance shall be entitled, as provided for in Article 72 of the Staff Regulations, to insurance cover against sickness without having to make any contribution.

6. The unemployment allowance and the family allowances shall be paid by the Commission in euro. No correction coefficient shall be applicable.

7. Members of the temporary staff shall contribute one third of the financing of the unemployment insurance scheme. That contribution shall be set at 0,81% of the basic salary of the person concerned after deducting a standard allowance of EUR 1 065,02 and without taking account of the correction coefficients provided for in Article 64 of the Staff Regulations. The contribution shall be deducted each month from the salary of the person concerned and paid, together with the remaining two thirds to be borne by the institution, into a Special Unemployment Fund. This Fund shall be common to the institutions and the latter shall pay their contributions to the Commission each month, no later than eight days after the payment of remunerations. All expenditure under this Article shall be authorised and paid by the Commission in accordance with the provisions of the Financial Regulation governing the general budget of the European Union.

8. The unemployment allowances paid to a former member of the temporary staff who is unemployed shall be subject to Regulation (EEC, Euratom, ECSC) No 260/68 laying down the conditions and procedure for applying the tax for the benefit of the European Communities.

9. The national departments with responsibility for employment and unemployment, acting in accordance with their national legislation, and the Commission shall cooperate with each other in an effective manner in order to ensure that this Article is properly applied.

10. The detailed arrangements for applying this Article shall be the subject of rules laid down by mutual agreement between the Institutions of the Communities, after obtaining the opinion of the Staff Regulations Committee, without prejudice to the provisions of the final subparagraph of paragraph 2.

11. One year after the introduction of this unemployment insurance scheme and every two years thereafter, the Commission shall present the Council with a report on the financial situation of the scheme. Independently of this report, the Commission may present to the Council proposals for adjusting the contributions provided for in paragraph 7 if this is necessary in the interests of the balance of the scheme. The Council shall act on the proposals in accordance with paragraph 3.

Article 29

Article 74 of the Staff Regulations, concerning the birth grant, and Article 75 of the Staff Regulations, concerning the assumption of liability by the institution for the costs referred to therein, shall apply by analogy.

Article 30 (96)

Article 76 of the Staff Regulations, concerning gifts, loans or advances, shall apply by analogy to temporary staff during the term of their contract or after expiry of the contract where, as a result of serious protracted illness contracted or a disability, or of an accident sustained, during his employment, the servant is incapable of working and proves that such illness or accident is not covered by another social security scheme.

Section B
Insurance against invalidity and death

Article 31

Temporary staff are insured in accordance with the following provisions against the risk of death and of invalidity occurring during their employment.

The payments and benefits provided for in this Section shall be suspended if the remuneration which a member of the staff receives in respect of his employment, is suspended pursuant to these conditions of employment.

Article 32 (46)

Where the medical examination made before a servant is engaged shows that he is suffering from sickness or invalidity, the authority referred to in the first paragraph of Article 6 may, in so far as risks arising from such sickness or invalidity are concerned, decide to admit him to guaranteed benefits in respect of invalidity or death only after a period of five years from the date of his entering the service of the institution.

The servant may appeal against this decision to the Invalidity Committee provided for in Article 4(1) of the Staff Regulations.

Article 33 (8) (46) (96)

1. A servant who is suffering from total invalidity and who, for that reason, is obliged to suspend employment with the institution shall be entitled, for as long as the invalidity lasts, to an invalidity allowance, the amount of which shall be determined as follows.

Article 52 of the Staff Regulations shall apply by analogy to recipients of an invalidity allowance. If the recipient of an invalidity allowance retires before the age of 65 without having reached the maximum pension entitlement, the general rules on retirement pensions shall be applied. The amount of the retirement pension shall be based on the salary for the grade and step occupied by the servant when he became an invalid.

The invalidity allowance shall be 70% of the final basic salary of the member of the temporary staff. However, it shall not be less than the minimum subsistence figure, as defined in Article 6 of Annex VIII to the Staff Regulations. The invalidity allowance shall be subject to contributions to the pension scheme, calculated on the basis of that allowance.

Where the invalidity of the servant arises from an accident in the course of or in connection with the performance of his duties, from an occupational disease, from a public-spirited act or from risking life and limb to save another human being, the invalidity allowance shall not be less than 120% of the minimum subsistence figure. In such cases the pension contributions shall be borne by the budget of the former employer.

In the case of invalidity deliberately brought about by the servant, the authority referred to in the first paragraph of Article 6 may decide that he should receive only the grant provided for in Article 39.

Persons entitled to an invalidity allowance shall also be entitled to the family allowances provided for in Article 67 of the Staff Regulations in accordance with Annex VII to the Staff Regulations; the household allowance shall be determined on the basis of the recipient's allowance.

2. Invalidity shall be established by the Invalidity Committee provided for in Article 9 of the Staff Regulations.

3. The institution referred to in Article 40 of Annex VIII to the Staff Regulations may require periodic examinations of the recipient of an invalidity allowance to establish that he still fulfils the conditions for payment of that allowance. If the Invalidity Committee finds that these conditions are no longer fulfilled, the servant shall resume service with the institution, providing his contract has not expired.

However, if it proves impossible to employ the person concerned in the service of the Communities, the contract may be terminated subject to payment of an amount corresponding to the remuneration that would have been paid during the period of notice and, where applicable, to the compensation for termination of contract provided for in Article 47. Article 39 shall also apply.

Article 34 (18) (46) (96)

The persons entitled under a deceased servant, as defined in Chapter 4 of Annex VIII to the Staff Regulations, shall be entitled to the survivor's pension as provided for in Articles 35 to 38.

Where a former servant in receipt of an invalidity allowance or a former servant within the meaning of Article 2(a), (c) or (d) who was in receipt of a retirement pension or who left the service before reaching the age of 63 years and requested that his retirement pension be deferred until the first day of the calendar month following that during which he reached the age of 63 years dies, the persons entitled under the deceased servant, as defined in Chapter 4 of Annex VIII to the Staff Regulations, shall be entitled to the survivor's pension as provided for in that Annex.

Where the whereabouts of a member of the temporary staff, or of a former member of temporary staff in receipt of an invalidity allowance or retirement pension, or of a former member of temporary staff who left the service before he reached the age 63 and who has requested that his retirement pension be deferred until the first day of the calendar month following that in which he reaches the age of 63, are unknown for more than one year, the provisions of Chapters 5 and 6 of Annex VIII to the Staff Regulations dealing with provisional pensions shall apply by analogy to his spouse and to persons recognized as his dependants.

Article 35 (96)

The right to receive payment of pension shall have effect from the first day of the month following that in which death occurred or, where applicable, on the first day of the month following the period during which the deceased's surviving spouse, orphans or dependants receive his emoluments under Article 70 of the Staff Regulations.

Article 36 (8) (46) (96)

The surviving spouse of a servant shall be entitled to a survivor's pension in accordance with Chapter 4 of Annex VIII to the Staff Regulations. The pension shall be not less than 35% of the final basic monthly salary received by the servant, nor less than the minimum subsistence figure defined in Article 6 of Annex VIII to the Staff Regulations. Where a servant within the meaning of Article 2(a), (c) or (d) dies, the amount of the widow's pension shall be increased to 60% of the retirement pension which the servant would have been paid if he had qualified, irrespective of length of service or of age, for such pension at the time of his death.

A person drawing survivor's pension shall be entitled, under the conditions laid down in Annex VII to the Staff Regulations, to the family allowances specified in Article 67 of the Staff Regulations. However, the dependent child allowance shall be equal to twice the amount of the allowance provided for in Article 67(1)(b) of the Staff Regulations.

Article 37 (8) (24) (46) (96)

Where a servant or person entitled to a retirement pension or invalidity allowance dies leaving no spouse entitled to a survivor's pension, the children deemed to be dependent on him at the time of death shall be entitled to an orphan's pension in accordance with Article 80 of the Staff Regulations.

CONDITIONS OF EMPLOYMENT OF OTHER SERVANTS

The same entitlement shall apply to children who fulfil the foregoing conditions in the event of death or remarriage of a spouse who is entitled to a survivor's pension.

Where a servant or a person entitled to a retirement pension or invalidity allowance dies but the conditions set out in the first paragraph are not satisfied, the provisions of the third paragraph of Article 80 of the Staff Regulations shall apply.

In the event of the death of a former member of the temporary staff within the meaning of Article 2(a), (c) or (d) who leaves the service before reaching 63 years of age and requests that his retirement pension be deferred until the first day of the calendar month following that in which he reaches 63 years of age, children deemed to be his dependants in accordance with Article 2 of Annex VII to the Staff Regulations shall be entitled to an orphan's pension on the same terms as those set out in the preceding paragraphs.

The orphan's pension of a person treated as a dependent child as defined in Article 2(4) of Annex VII to the Staff Regulations may not exceed twice the dependent child allowance.

No orphan's pension shall be payable where a natural parent who has been replaced by an adoptive parent dies.

Orphans shall be entitled to an education allowance in accordance with Article 3 of Annex VII to the Staff Regulations.

Article 38

In the case of divorce or where there is more than one category of survivor who qualifies to claim survivor's pension, such pension shall be apportioned in manner provided for in Chapter 4 of Annex VIII to the Staff Regulations.

Article 38a (46)

The rules relating to ceilings and apportionment set out in Article 81a of the Staff Regulations shall apply by analogy.

1. On leaving the service, a servant within the meaning of Article 2 shall be entitled to a retirement pension, transfer of the actuarial equivalent or the payment of the severance grant in accordance with Chapter 3 of Title V of, and Annex VIII to, the Staff Regulations. Where the servant is entitled to a retirement pension his pension rights shall be reduced in proportion to the amounts paid under Article 42.

Article 9 (2) of Annex VIII to the Staff Regulations shall apply under the following conditions:

the Appointing Authority may decide, in the interests of the service on the basis of objective criteria and transparent procedures introduced by means of general implementing provisions, not to apply any reduction to the pension of a temporary servant, up to a maximum of eight temporary servants in all institutions in any one year. The annual number may vary, subject to an average of ten every two years and the principle of budget neutrality. Before five years have elapsed, the Commission shall submit to the European Parliament and the Council an evaluation report on the implementation of this measure. Where appropriate, the Commission shall submit a proposal to change after five years the maximum annual number on the basis of Article 283 of the EC Treaty.

2. Article 11(2) and (3) of Annex VIII of the Staff Regulations shall be applied by analogy to servants within the meaning of Article 2 of these Conditions of Employment.

3. A person who becomes entitled to a retirement pension shall be entitled to the family allowances provided for in Article 67 of the Staff Regulations. The percentage component of the household allowance shall be calculated on the basis of the recipient's pension.

Article 40 (96)

If a servant is appointed an official of the Communities, he shall not receive the grant provided for in the first paragraph of Article 39.

Any period of service on the temporary staff of one of the three European Communities shall be taken into account for the purpose of calculating years of pensionable service as provided for in Annex VIII to the Staff Regulations.

Where a servant has exercised the option provided for in Article 42, his retirement pension rights shall be reduced proportionately in respect of the period in which the sums were withdrawn.

The preceding paragraph shall not apply to a servant who, in the three months following application of the Staff Regulations to him, asks to be allowed to repay such sums plus compound interest at the rate of 3,5% per year, which may be revised following the procedure laid down in Article 12 of Annex XII to the Staff Regulations.

- (c) at the end of the period of notice specified in the contract giving the servant or the institution the option to terminate earlier. The period of notice shall not be less than one month per year of service, subject to a minimum of one month and a maximum of three months. The period of notice shall not, however, commence to run during maternity leave or sick leave, provided such sick leave does not exceed three months. It shall, moreover, be suspended during maternity or sick leave subject to the limits aforesaid. If the institution terminates the contract, the servant shall be entitled to compensation equal to one third of his basic salary for the period between the date when his duties end and the date when his contract expires;
- (d) where the servant no longer satisfies the conditions laid down in Article 55(1), point (a), subject to the possibility of authorising an exception under that provision. Should the exception not be authorised, the period of notice referred to in point (c) of this Article shall apply.

Article 75 (96)

The employment of auxiliary staff:

1. shall be terminated by the institution without notice if the servant is called to serve in the armed forces;
2. may be terminated by the institution without notice:
 - (a) if the servant is recalled to service in the armed forces and his duties under his contract with the institution were such that there is no prospect of re-employing him in his former capacity when his period of service is over. In such case the servant shall receive an allowance equal to his basic salary plus family allowances at the rate of two days for each completed month of service;
 - (b) if the servant is elected to public office and the authority referred to in the first paragraph of Article 6 considers such public office to be incompatible with the discharge of his normal duties;
 - (c) if the servant ceases to satisfy the requirements of Article 55(1)(d). However, his contract may be terminated only if he is entitled to an invalidity allowance;
 - (d) if the servant is unable to resume his duties at the end of a period of paid sick-leave as provided for in Article 59. In such case the servant shall receive an allowance equal to his basic salary plus family allowances at the rate of two days for each completed month of service.

Article 76

The employment of a member of the auxiliary staff may be terminated without notice on disciplinary grounds in serious cases of failure to comply with his obligations, whether intentionally or through negligence on his part. A reasoned decision shall be taken by the authority referred to in the first paragraph of Article 6, after the servant concerned has had an opportunity of submitting his defence.

Article 77

The employment of a member of the auxiliary staff shall be terminated by the institution without notice if the authority referred to in the first paragraph of Article 6 finds:

- (a) that at the time of his engagement he deliberately furnished false information as to either his professional ability or the requirements of Article 55(1); and
- (b) that the false information furnished was a determining factor in his being engaged.

In such case the authority referred to in the first paragraph of Article 6 shall, after hearing the servant concerned, declare that his employment is terminated.

Article 78 (86) (96)

By way of derogation from the provisions of this Title, auxiliary staff engaged by the European Parliament for the duration of the work of its sessions shall be subject to the conditions of recruitment and remuneration laid down in the agreement between the Parliament, the Council of Europe and the Assembly of Western European Union in respect of engagement of such staff.

The provisions of that agreement and any subsequent amendment thereto shall be notified to the competent budgetary authorities one month before their entry into force.

The same conditions of recruitment and remuneration applied to conference interpreters engaged by the European Parliament shall apply to auxiliary staff engaged by the Commission as conference interpreters on behalf of the Community institutions and bodies.

The provisions of this Article shall apply until 31 December 2006, the date from which the staff concerned shall be subject to the conditions laid down according to the procedure referred to in Article 90.

It shall be effected by classifying such contract staff in the first step of the next higher grade. Such advancement shall be exclusively by selection from among contract staff referred to in Article 3a with a contract of at least three years who have completed a minimum period of two years in their grade, after consideration of the comparative merits of such contract staff eligible for advancement to a higher grade and of the reports on them. Article 94 (96)

Notwithstanding Article 24(3), the installation allowance provided for in paragraph 1 and the resettlement allowance provided for in paragraph 2 of that Article shall not be less than:

- EUR 734,76 for a member of the contract staff who is entitled to the household allowance; and
- EUR 435,62 for a member of the contract staff who is not entitled to the household allowance.

Chapter 8 Social security benefits

Section A: Sickness and accident insurance, social security benefits

Article 95 (96)

Article 28 shall apply by analogy. However, Article 72(2) and (2a) of the Staff Regulations shall not apply to a member of the contract staff who has remained in the service of the Community until the age of 63, unless he has been employed for more than 3 years as a member of such staff.

Article 96 (96)

1. A former member of the contract staff who becomes unemployed when his service with an institution of the Community is terminated, and:

- (a) who is not in receipt of a retirement pension or invalidity allowance from the Community,
- (b) whose service is not terminated by resignation or by cancellation of the contract for disciplinary reasons,
- (c) who has completed a minimum of six months' service,

(d) who is resident in a Member State,

shall be eligible for a monthly unemployment allowance under the conditions laid down below.

Where he is entitled to unemployment benefits under a national scheme, he shall be obliged to declare this to the institution to which he belonged, which shall immediately inform the Commission thereof. In such cases, the amount of those benefits shall be deducted from the allowance paid under paragraph 3.

2. To be eligible for this unemployment allowance, a former member of the contract staff shall:

(a) be registered, at his own request, as seeking employment with the employment authorities of the Member State in which he establishes his residence;

(b) fulfil the obligations laid down by the law of that Member State for persons in receipt of unemployment benefits under that law;

(c) forward every month to the institution to which he belonged, which shall immediately forward it to the Commission, a certificate issued by the competent national employment authority stating whether or not he has fulfilled the obligations and conditions referred to in (a) and (b).

The allowance may be granted or maintained by the Community, even where the national obligations referred to under (b) have not been fulfilled, in cases of illness, accident, maternity, invalidity or a situation recognised as being similar or where the national authority, competent to meet those obligations, has given a dispensation.

The Commission shall, after obtaining the opinion of a committee of experts, lay down such provisions as it deems necessary for applying this Article.

3. The unemployment allowance shall be set by reference to the basic salary attained by the former member of the contract staff at the time of the termination of his service. The allowance shall be set at:

(a) 60% of the basic salary for an initial period of 12 months,

(b) 45% of the basic salary for the 13th to the 24th month,

(c) 30% of the basic salary for the 25th to the 36th month.

Other than during an initial six-month period, in which the lower limit specified below is applicable but the upper limit is not, the amounts thus calculated may neither be less than EUR 878,64 nor exceed EUR 1 757,28. These limits shall be adjusted, in the same way as the salary scales set out in Article 66 of the Staff Regulations, in accordance with Article 65 of the Staff Regulations.

4. The period during which the unemployment allowance is payable to a former member of the contract staff may not be more than 36 months from the date of termination of service and shall in no case exceed the equivalent of one third of the actual length of service completed. However, if, during that period, the former member of the contract staff ceases to fulfil the conditions laid down in paragraphs 1 and 2, payment of the unemployment allowance shall be suspended. Payment shall be resumed if, before the expiry of that period, the former member of the contract staff again fulfils the said conditions and is not entitled to national unemployment benefit.

5. A former member of the contract staff who is eligible for the unemployment allowance shall be entitled to the family allowances provided for in Article 67 of the Staff Regulations. The household allowance shall be calculated on the basis of the unemployment allowance under the conditions laid down in Article 1 of Annex VII to the Staff Regulations.

The person concerned shall be obliged to declare any allowances of the same kind paid from other sources to himself or to his spouse; such allowances shall be deducted from those to be paid on the basis of this Article.

A former member of the contract staff who is eligible for the unemployment allowance shall be entitled, as provided for in Article 72 of the Staff Regulations, to insurance cover against sickness without having to make any contribution.

6. The unemployment allowance and family allowances shall be paid by the Commission in euro. No correction coefficient shall be applicable.

7. Members of the contract staff shall contribute one third of the financing of the unemployment insurance scheme. That contribution shall be set at 0,81% of the basic salary of the person concerned after deducting a standard allowance of EUR 798,77 and without taking account of the correction coefficients provided for in Article 64 of the Staff Regulations. The contribution shall be deducted each month from the salary of the person concerned and paid, together with the remaining two thirds to be borne by the institution, into a Special Unemployment Fund. This Fund shall be common to the institutions and the latter shall pay their contributions to the Commission each month, no later than eight days after the payment of remunerations. All expenditure arising out of the application of this Article shall be authorised and paid by the Commission in accordance with the provisions of the Financial Regulation governing the general budget of the European Communities.

8. Unemployment allowances paid to former members of the contract staff who are unemployed shall be subject to Council Regulation (EEC, Euratom, ECSC) No 260/68.

9. The national departments with responsibility for employment and unemployment, acting in accordance with their national legislation, and the Commission shall cooperate with each other in an effective manner in order to ensure that this Article is properly applied.

10. The detailed arrangements adopted on the basis of Article 28a(10) shall be applicable for this Article, without prejudice to the provisions of the third subparagraph of paragraph 2 of this Article.

11. One year after the introduction of this unemployment insurance scheme and every two years thereafter, the Commission shall present the Council with a report on the financial situation of the scheme. Independently of this report, the Commission may present to the Council proposals for adjusting the contributions provided for in paragraph 7 if this is necessary in the interests of the balance of the scheme. The Council shall act on the proposals in accordance with paragraph 3.

Article 97 (96)

Article 74 of the Staff Regulations, concerning the birth grant, and Article 75 of the Staff Regulations, concerning the assumption of liability by the institution for the costs referred to therein, shall apply by analogy.

Article 98 (96)

Article 76 of the Staff Regulations, concerning gifts, loans and advances, shall apply by analogy to contract staff during the term of their contract or after expiry of the contract where, as a result of serious protracted illness contracted, or a disability, or an accident sustained, during his employment, the contract staff member is incapable of working and proves that such illness or accident is not covered by another social security scheme.

Section B: Insurance against the risk of invalidity and death

Article 99 (96)

Contract staff shall be insured in accordance with the following provisions against the risk of death or invalidity occurring during their employment.

The payments and benefits provided for in this Section shall be suspended if the remuneration which a member of such staff receives in respect of his employment is suspended under these conditions of employment.

Article 100 (96)

Where the medical examination made before a member of the contract staff is engaged shows that he is suffering from sickness or invalidity, the authority referred to in the first paragraph of Article 6 may, in so far as risks arising from such sickness or invalidity are concerned, decide to grant him guaranteed benefits in respect of invalidity or death only after a period of five years from the date of his entering the service of the institution.

The contract staff member may appeal against this decision to the Invalidity Committee provided for in paragraph 1(b) of Article 9 of the Staff Regulations.

Article 101 (96)

1. A member of the contract staff who is suffering from total invalidity and who, for that reason, is obliged to suspend employment with the institution shall be entitled, for as long as the invalidity lasts, to an invalidity allowance, the amount of which shall be determined as follows.

Article 52 of the Staff Regulations shall apply by analogy to recipients of an invalidity allowance. If the recipient of an invalidity allowance retires before the age of 65 without having reached the maximum pension entitlement, the general rules on retirement pensions shall be applied. The amount of the retirement pension shall be based on the salary for the grade and step occupied by the member of the contract staff when he became an invalid.

2. The invalidity allowance shall be 70% of the final basic salary of the member of the contract staff. However, it shall not be less than the basic monthly salary of a member of the contract staff in function group I, grade 1, step 1. The invalidity allowance shall be subject to contributions to the pension scheme, calculated on the basis of that allowance.

3. Where the invalidity of the contract staff member arises from an accident in the course of or in connection with the performance of his duties, from an occupational disease, from a public spirited act or from risking life and limb to save another human being, the invalidity allowance shall not be less than 120% of the basic monthly salary of a function group I, grade 1, step 1 contract staff member. In such cases the pension contributions shall be borne by the budget of the former employer.

4. In the case of invalidity deliberately brought about by the contract staff member, the authority referred to in the first paragraph of Article 6 may decide that he should receive only the grant provided for in Article 109.

5. Persons entitled to an invalidity allowance shall also be entitled to the family allowances provided for in Article 67 of the Staff Regulations in accordance with Annex VII to the Staff Regulations; the household allowance shall be determined on the basis of the recipient's allowance.

Article 102 (96)

1. Invalidity shall be established by the Invalidity Committee provided for in point (b) of Article 9(1) of the Staff Regulations.

2. Entitlement to an invalidity allowance shall take effect on the day following that on which the contract staff member's employment is terminated under Articles 47 and 48, which are applicable by analogy.

3. The institution referred to in Article 40 of Annex VIII to the Staff Regulations may require periodic examinations of the recipient of an invalidity allowance to establish that he still fulfils the conditions for payment of that allowance. If the Invalidity Committee finds that these conditions are no longer fulfilled, the contract staff member shall resume service with the institution, providing his contract has not expired.

However, if it proves impossible to employ the person concerned in the service of the Communities, the contract may be terminated subject to payment of an amount corresponding to the remuneration that would have been paid during the period of notice and, where applicable, to the compensation for termination of contract provided for in Article 47. Article 109 shall also apply.

Article 103 (96)

1. The persons entitled under a deceased contract staff member, as defined in Chapter 4 of Annex VIII to the Staff Regulations, shall be entitled to a survivor's pension as provided for in Articles 104 to 107.
2. In the event of the death of a former contract staff member in receipt of an invalidity allowance or a former contract staff member who is in receipt of a retirement pension or who leaves the service before reaching 63 years of age and requests that his retirement pension be deferred until the first day of the calendar month following that in which he reached 63 years of age, the persons entitled under the deceased former contract staff member, as defined in Chapter 4 of Annex VIII to the Staff Regulations, shall be entitled to a survivor's pension as provided for in that Annex.
3.
